

WEST BRANCH-ROSE CITY AREA SCHOOLS

Student Screening – Required Daily

Before leaving for school, please complete the following screening. If your child has any of the following symptoms, that indicates a possible illness that may decrease the student's ability to learn and put them at risk for spreading illness to others.

Section One: Symptoms

- ☐ Temperature 100.4 degrees Fahrenheit or higher when taken by mouth or feels feverish.
- ☐ Sore throat
- ☐ **New** uncontrolled cough that causes difficulty breathing (for students with chronic allergic/asthmatic cough, a change in their cough from baseline)
- ☐ Diarrhea, vomiting, or abdominal pain
- ☐ New onset of severe headache, especially with a fever

Section Two: Close Contact/Potential Exposure

Keep your child home if in the past 10 days they have:

- ☐ Had close contact (within 6 feet of an infected person for at least 15 minutes) with a person with confirmed COVID-19: OR
- ☐ Had close contact (within 6 feet of an infected person for at least 15 minutes) with person under quarantine for possible exposure to COVID-19; OR
- ☐ Had a travel history

If the answer is **YES** to any of the questions in Section One, but **NO** to all the questions in Section Two, keep your child(ren) home from school until the following are fulfilled: for fever: at least 24 hours have passed with no fever, without the use of fever-reducing medications; sore throat/ cough: improvement (if strep throat: do not return until at least 2 doses of antibiotic have been taken); diarrhea, vomiting, abdominal pain: no diarrhea or vomiting for 24 hours; severe headache: improvement in headache.

If the answer is **YES** to any of the questions in Section One AND **YES** to any of the questions in Section Two Call your healthcare provider right away to get evaluated and tested for COVID-19. If you don't have one or cannot be seen, go to www.mi.gov/coronavirustest or call 2-1-1 to find a location to have your child(ren) tested for COVID-19.

If the answer is **YES** to any of the symptom questions, but **NO** to any close contact/potential exposure questions, your student may return based on the guidance for their symptoms (see "[Managing Communicable Diseases in Schools](#)");

- Fever: at least 24 hours have passed with no fever, without the use of fever-reducing medications
- Sore throat: improvement (if strep throat: do not return until at least 2 doses of antibiotic have been taken);
- Cough/Shortness of breath: improvement
- Diarrhea, vomiting, abdominal pain: no diarrhea or vomiting for 24 hours

- Severe headache: improvement
