Healthy Restaurant Project

Menu

Create a menu for your restaurant. It just should be creative, neat and professional.

Your menu must include the following:

- The name of your restaurant.
- Your logo.
- Your 4 entrees and the prices.
- Your 4 lunches and the prices.
- Your 4 desserts and the prices.
- A picture of one entree, one lunch and one dessert.

When you have finished your menu, answer the following questions.

Choose a three course meal (one entree, one main and one dessert)
Write down the name of each meal and calculate the total cost.

Someone has \$50 and they are very hungry. Choose some meals for them without going over the \$50. Write down the meals you chose and calculate the total cost.

A family of 4 is ordering main meals. They want to be surprised. Select the four meals that you will give them and find the total cost.
