The Leader In Training program is a blended, two-week camp experience for teens. This opportunity will introduce teens to the Y leadership philosophy, facilitating character development, learning to build and lead activities, as well as give them time to enjoy being a camper. *Teens who register for this program will be asked to complete an application and interview process to demonstrate their readiness and excitement for the program.*

Counselor In Training (CIT) | Entering 10th – 11th Grade

The Counselor In Training program is a four-week camp experience for teens. In camp operations, participants will receive some abridged trainings that camp counselors receive, shadow different camp staff positions, and assist with programming. Additionally, these teens will go through interview training, completing an application, and complete their session with a capstone project. A certificate will be provided at a recognition event at the end of the summer. This is a great opportunity for teens who are seeking a camp job when they are of age. *Teens who register for this program will be asked to complete an application and interview process to demonstrate their readiness and excitement for the program.*
