

Curbie

CURB Ball / CURBIE

Equipment: 1 basketball, 2 square curbs

This is a game played with 2-6 players, a ball, (preferably a BASKETBALL) and a road with two curbs on either side. One player(team) stands on one side of the road and the other stands directly across, the person with the ball throws it aiming to hit the curb on the other side for it to bounce back at them. Throwing player must have lead foot on the curb during throw.

point if the ball hits the curb and bounces back to them.

points if the ball hits the curb, bounces back to them and the throwing player catches it.

(variation any player on the offensive team can catch it.) If the ball is caught the next throw may be made from that position.

0 points if the curb is missed or the ball hits the street first or if the ball bounces out of play on the defensive side. CHANGE possession.

Teams take turns throwing and everybody plays on the defensive side to receive a missed curb so the game keeps going and time is not wasted chasing the ball.

DOUBLE CURBIE...GAME OVER/WON if a player throws the ball and it bounces off of both CURBS in the air.

The first team to 10 wins

Variation:

Take turns throwing from the same team during a points run

Any player from the throwing team may catch the ball in the air during a points run

Can be played on single curb with no DOUBLE CURBIE
