

Curriculum Map: Art- Second Grade

Course: ART Sub-topic: General

Grade(s): 2

Course Description: The focus of this class is to provide students with many enjoyable experiences in art and the opportunity to learn and develop a variety of art related skills. Through drawing, painting, designing, modeling, and reading about art forms and artists, students will experience the various elements of design. These include line, shape, color, value, form, texture, and space. They will also learn about the principles of design including balance, pattern, movement, rhythm, unity, emphasis and contrast. Students will be able to incorporate these elements and principles in various projects which are developmentally appropriate for each child.
