

5th Grade Welcome Message

Greetings from Chehalem Valley Middle School! Next year your 5th grader will be in middle school. We know this is an exciting and sometimes scary time for parents and for students. Between now and the end of the school year we will be working to help you and your student feel more comfortable and prepared for the transition.

We know you may have questions about what to expect at middle school and how to help your 5th grader be prepared. Families are considering what option is the best for them and their student and we know that every situation is unique.

Because of continued restrictions, many of our typical transition events are still not possible. We will be sharing video information and hosting several virtual events to share information and answer questions that you or your child may have.
