STATE OF OREGON
Department of Justice
Salem, Oregon
May 5, 1950

Honorable Rex Patnam
Superintendent of Public Instruction
State Library Building

Dear Sir:

Pursuant to your request we have perused the letter from the county school superintendent of Lane county, in which she presented certain questions concerning a proposed consolidation of a union high school district and a regular school district. As I understand the facts, school district No. 69, a regular school district, recently consolidated with adjacent elementary school districts so that its boundaries are now practically coextensive with those of union high school district No. 13. It is the desire of the elementary school district and the union high school district to consolidate. However, the respective boundaries differ in this: First, the boundaries of school district No. 69 extend slightly beyond those of school district No. 13 in that the said district includes territory known as "North Lancaster". This territory, while it is a part of district No. 69 for elementary purposes, is also included within an adjacent union high school district which is known as Harrisburg union high school district. Second, union high school district No. 13 not only covers the territory of district No. 69 (with the exception above noted), but also includes another small elementary district known as district No. 27.

The county school superintendent presented the following questions, which we will answer in numerical order:

"1. District No. 27 could be voted out of the Union High School district pursuant to Chapter 563, Oregon Laws of 1947. It would appear that this could be done by a majority vote in the high school district even though the voters in District 27 might be opposed to the plan. Is that correct?"

Chapter 563, Oregon Laws 1947, amends certain sections of the code relating to union high schools and sets forth the procedure to be followed whenever it is desired to change the boundaries of such a school district by withdrawal of territory therefrom. Specifically it provides:

****If a majority of the votes cast at such election be in favor of changing the boundaries of said union high school district by withdrawal of territory, the boundary board shall proceed to make the required change****

Accordingly, the statement presented in the foregoing question is correct.

It is also suggested that, in order to invoke operation of Par. 4, chapter 393, Oregon Laws 1949, elementary school district No. 27 could consolidate with district No. 69. Thereupon all districts within the union high school district No. 13 would be consolidated, and pursuant to the foregoing chapter the union high school district as such would be abolished and the area included therein would be a regular school district of the class as determined by its school census.

"2. If that were done there would still be the slight difference in areas between the districts composed North Lancaster, which is a portion of the elementary district but not a portion of the high school district. Would that area prevent the immediate consolidation of the high school and elementary districts?***

"In the instant case all districts within the high school district would be consolidated even though some additional territory, North Lancaster, was included in the elementary district. In that situation would the elementary and high school districts be consolidated? Would North Lancaster then pay its full share of taxes to the consolidated district and also pay its taxes to the Union High school district, Harrisburg, of which it is a part?"

Chapter 393, Oregon Laws 1949, is an entirely new act relating to extension of courses in union high school districts. Section 4 thereof provides in part that:

****when all districts within the union high school district are consolidated, the union high school district as such shall be abolished and the area included shall be a regular school district of class determined by its school census. The union high school board shall continue as the board of such district until the next annual meeting when the proper number of board members shall be elected for the class of district in which the district belongs. The term of all board members in all elementary districts shall terminate at the time the union high

school board becomes the district school board as heretofore provided. All property and obligations of the individual districts included shall become the property and obligation of the newly constituted district unless it is otherwise provided where such district is formed by consolidation."

As we interpret the foregoing chapter, when all elementary districts within the union high school district are consolidated the union high school district as such is abolished. Accordingly, the fact that a portion of the territory of one of the elementary districts extends beyond the boundaries of the union high school district does not alter the situation. It is to be observed, however, that in such event the elementary and high school districts are not "consolidated"; rather, the union high school district as such is abolished.

As to the question of whether the territory known as "North Lancaster" would have to pay its full share of taxes to the consolidated district and also pay its taxes to the Harrisburg union high school district of which it is a part, this question must be answered in the affirmative. Upon the happening of the conditions mentioned in par. 4, chapter 393, Oregon Laws 1949, the North Lancaster territory would be in the anomalous position of being included within a regular school district maintaining both elementary and high schools, and also included within the Harrisburg union high school district for high school purposes. This office has held on several occasions in the past that such territory would still be liable for taxes for the maintenance of a high school in the regular school district. See par. 111-3103, O.C.L.A.; Opinions of the Attorney General, 1936-1938, p. 463; 1946-1948, p. 521.

"3. From the language quoted from Chapter 393, Laws of 1949, it would appear that the school board of the consolidated elementary and union high school districts would be composed of the union high school board until the next annual meeting. Is that so?"

This question is answered in the affirmative.

"4. Your advice would be appreciated as to the best manner of straightening out the North Lancaster situation. Would North Lancaster, pursuant to Chapter 563, Laws of 1947, become a portion of Union High School District 13 by an election in Union High School District 13 and in North Lancaster without the necessity of an election in the entire Harrisburg Union High School District? If it did vote out of the Harrisburg District and into Union High School District 13, would it be entitled to apportionment of the assets and liabilities of Harrisburg Union High School District?"

As I understand the procedure suggested by this question, the county school superintendent is suggesting that the territory known as North Lancaster should be annexed to union high school district No. 13 and withdrawn from the Harrisburg union high school district. I can not see where this would accomplish the general purpose that has been set forth in the preceding questions. However, if it is desired to maintain the two union high school districts as such, then possibly the questions would have some merit. In such event, I suggest that it would be advisable to hold an election first in the Harrisburg district upon the question of whether or not the North Lancaster territory should be withdrawn therefrom. Upon its withdrawal the said territory could then be annexed to the adjacent union high school district. While the law is not clear on this point, it appears to us that the territory could not be withdrawn from one union high school district and added to another district of the same type without securing the approval of the voters of each particular district.

Concerning the last portion of this inquiry, par. 111-3144, O.C.L.A., as amended by chapter 563, Oregon Laws 1947, provides:

"The withdrawal of territory from a union high school district shall not relieve the territory so withdrawn from liabilities for indebtedness previously contracted by such union high school district or affect the validity of any bonds theretofore issued by it."

The foregoing section is applicable in the event the North Lancaster territory is withdrawn from the Harrisburg union high school district.

It appears to us that it would be ^{to} the best interests of the taxpayers of the North Lancaster territory to request withdrawal from the Harrisburg union high school district, in event a school district is formed pursuant to chapter 393, Oregon Laws 1949, for the reasons stated in our answer to the second question.

Very truly yours,

GEORGE NEUNER

District Boundary Board
Lane County, Oregon
Eugene, Oregon

Attention: Mrs. Lucille Klinge,
Secretary

GENTLEMEN:

In conformity with a resolution of the Lane County Union High School District #15, (a certified copy of which is attached hereto) you are hereby requested to proceed under Section 11-405 O.C.L.A., forthwith on behalf and in the name of district to institute and prosecute in the Circuit Court of Lane County, Oregon, an action for the condemnation of the following described real property located in Springfield, Oregon;

Beginning at a point 553.73 feet N 0°10'W and 60 feet East of the NW corner of Paul Brattain DLC #63, said point being 150 feet S 0°10'E of the South line of 'J' Street in Springfield, Oregon, running thence:

N. 89°54' E 120 feet; thence N 0°10'W 10 feet, thence
N. 89°54' E 810 feet; thence S 0°10'E 180 feet, thence
N. 89°54' E 169.4 feet; thence S 0°10' E 143 feet, thence
S. 89°54' W 1,099.4 feet, thence N 0°10' W 313 feet to place of beginning, all situated in Lane County, Oregon, except that portion of the alley within the above-described property deeded to the City of Springfield, as recorded on page 100, Deed Book 325, in the County Recorder's Office, Lane County, Oregon, and;

except that portion of 'I' Street deeded to Springfield, Oregon, as recorded on page 98, Deed Book 325, in the County Recorder's Office, Lane County, Oregon.

The tract, exclusive of street and alley deeded to the City of Springfield, contains 5.58 acres more or less.

It is the intent of this description to include all of lots 19 and 36, inclusive, in Block 2 of an unrecorded plan known as Parkside Manor, and the property abutting on the South side of 'I' Street, between 10th street and a point 1099.4 feet N 89 Deg. 54' E of the East side of 10th Street in Springfield, Oregon, currently owned by A. J. and Sadie M. Perkins.

We respectfully direct your attention to the inclosed resolution respecting the value of the property, which we had appraised, the lowest appraisal being \$2,232.00 and we ask that you base the said action

upon this figure. We have had the appraisals made by three individuals, who are regular appraisers, and whom we believe to be thoroughly competent. The lowest offer this board has received from Mr. and Mrs. Perkins is \$20,000.00.

Throughout our extended negotiations with Mr. and Mrs. Perkins for the acquisition of this property, all of which have been unsuccessful, we have been represented by William S. Fort. Since he is familiar with the property, the appraisers and the appraisals, and the negotiations, we believe he could lend substantial assistance in the trial of the case, if the district attorney is agreeable, and we would like to have him participate actively in the prosecution, the expense thereof to be borne by this district.

Very respectfully yours,

LANE COUNTY UNION HIGH SCHOOL

Special meeting of the District Boundary Board held in the County Court room with all members present. There were also representatives present from the Oak Hill district, also Frank Reid, Deputy District Attorney.

The following is a transcript of the business:

School Superintendent: Read letter to Attorney General and his reply.

Mr. Neilson: Was this the Attorney General's personal opinion.

Mr. Wheeler: Told Mr. Bower what the boundary board had done so far and that there was to be a meeting today.

- Mr. Reid:
1. A meeting and an election has been confused. A meeting does not have to have a closing date, but an election does. The time stated on the notices was legal for a meeting but not for an election.
 2. Boundary Board has no authority to challenge a vote, therefore, they will have to count the Bower vote, making Oak Hill against.
 3. The motion to throw the other three districts out was illegal. In view of the fact that taxes is to be levied and there might be a kick. To make it stick another election should be held.

Mr. Neilson: Is that the opinion of the Attorney General.

Mr. Bertelson: Mr. Neilson demanded that Mr. Bower vote. Is that legal?

Mr. Reid: The Boundary Board does not have authority to decide what is or is not legal.

Mr. Saunders: Who does have authority to inquire into this election?

Mr. Reid: The Circuit Court.

Superintendent: What should be done from now on. Should they put a closing time on the notices or not?

Mr. Reid: Proceed on the theory of an election. You can not hold an election and proceed on the theory of a meeting.

Mrs. Bertelson: Mr. Neilson and Mr. Bower do not have children and are not interest in the school, but only in the few pennies of taxes they would have to pay. The school is not fit for children.

Mr. Bertelson: They did not have a chance to be here. They would like to have a chance for their side to express its views.

Mr. Reid: It makes no difference whether or not there is anyone here. This is just to decide if the Boundary Board did anything illegal. The Boundary Board is stuck with its decision. The time for it to do anything has expired. A new election should be held.

Mr. Saunders: No one knows what they are doing, including the School Superintendent, the Boundary Board, and the Attorney General. Mrs. Kennedy deliberately failed to give the districts correct information, fixed it so some did not get to vote, gave different sets of information to different people, posted illegal notices, conducted the election illegally, lied to him and others who wanted information about consolidating, was doing something crooked or would throw the election out, and gave incorrect information to the Attorney General to base his opinion on.

Mr. Reid: The School Superintendent and her office did nothing that was not perfectly legal. They acted on the authority of the District Attorney and the Attorney General.

Judge Hurd: Mrs. Kennedy was correct in everything she did.

Mr. Holland: Made a motion to stand on their previous opinion then the school districts can start over, and hold another election.

Mr. Wheeler: Wants to stand on the motion made when the votes were canvassed.

Mr. Reid: There should be a new election, then if it is contested they will be on firmer ground.

Superintendent: From now on is she to be instructed whether or not to put a closing time on the notices? Mr. Reid says he will give her a written opinion.

Mr. Neilson: They did not have correct information on the consolidation. He would like to have the opinion of Dr. C. L. Huffaker. It is his opinion Dr. Huffaker will be against it.

Superintendent: She will ask Dr. Huffaker's opinion.

Mr. Reid: From now on the Boundary Board will pass on whether or not the closing time will be on the notices.

Superintendent: Seconded Mr. Holland's motion.

Judge Hurd: Called a vote: 3 in favor and one (Mr. Wheeler) against.

STATE OF OREGON
LEGAL DEPARTMENT
SALEM
July 16, 1947

Honorable Rex Putnam
Superintendent of Public Instruction
Salem, Oregon

No. 404
Attention: H. Lester A. Wilson

Dear Sir:

In compliance with your request for our opinion as to the legality of an election for the consolidation of four school districts of the third class in Lane County, we have reviewed the transcript of proceedings and certain comments of interested parties. Our conclusions are the following:

The notices of election were legally sufficient and were posted as required by law. They properly stated the date of the meeting, including the time of beginning; and because of the question to be voted upon, their omission to state the time of closing the election was proper: section 111-832, O. C. L. A. In an election for consolidation of school districts the election chairman should not declare the voting closed nor should the vote be counted until "all legally qualified voters have voted, if they so desire": section 111-832, *supra*.

The district boundary board canvassed the votes and found that all four districts had returned affirmative majorities for consolidation. The board and the county school superintendent should then have proceeded as directed by section 111-834, O. C. L. A.

It is not stated in the letter of the county school superintendent to you, regarding this election, that the chairman and tellers or judges of the election and the clerks of the respective districts failed to discharge their duties in connection with the election. The presumption of law is in favor of the regularity of their official acts.

It is our opinion that the district boundary board can not declare an election invalid. The board is charged with the duty of canvassing the vote and announcing the result of the election; and this does not mean challenging the voters after they have cast their ballots. The canvass is quantitative and not qualitative. The Supreme Court of this state, with reference to the duty of the district boundary board in regard to an election for consolidation, said in *School District No. 1 v. School District No. 45*, 148 Or. 554, 574:

" * * * No discretion is vested in the said board in that respect. To consolidate districts when no such returns of election have been made is illegal. It would be equally illegal to refuse to consolidate if returns were made showing a majority in each district in favor of such consolidation; or to refuse to declare the consolidation defeated if one of the districts be shown to have registered less than a majority in favor thereof."

To declare invalid the election held in any of the four districts is a judicial determination which can be made only by a court in an appropriate proceeding. An administrative board can not pass upon the legality of the acts of certain electors or determine to what extent, if any, those acts affected the result of the election:

1930-1931, page 333; Opinions of the Attorney General,
Opinions of the Attorney General, 1938-1940, page 39. Power not granted by law to the
district boundary board does not exist: School District v. Palmer, 41 Or. 425, 428;
Nicklaus v. Goodspeed, 56 Or. 184, 187. See also 29 C. J. S., Elections, section 237,
reading in part as follows:

"It is a common error for a canvassing board to overestimate its powers, but, since such a board is ordinarily a creation of constitution or statute, it may be stated generally that it has such powers and duties, and only such, as are conferred by the constitution or statute creating it, ... Unless authorized by constitutional or statutory provision, they have no power to go behind the returns and ascertain the qualifications of the voters or otherwise inquire into the regularity of the election. Fraud, bribery, violence or other matters affecting the regularity of the elections are to be passed on by the proper tribunal and not by the board of canvassers. The canvassers are not authorized to determine the legality or illegality of the votes cast at the election".

Very truly yours,

GEORGE NEUMEYER
Attorney General

A meeting of the Boundry Board was held in the County Court Room
All members present.

The Boundry Board canvassed the votes and found the following:

Alvadore	54	Yes	8	No
Malabon	23	Yes	0	No
Clear Lake	7	Yes	4	No
Oak Hill	38	Yes	37	No

Mr. Bowers:

Owing to the confusion at the time of voting, and the latness of the hour Mr. and Mrs. Bowers did not vote until after the polls were closed and the votes counted. He believes being a qualified voter a matter of minutes did not count, and says there was illegal voting and asks for a certified count of the votes.

Mr. Neilson:

Contested the legality of the election because:

1. Sufficient knowledge of the consequences of consolidating was not given to the people.
2. The ballot box was open at all times, and at times left alone in the room.
3. Mr. and Mrs. Kilborn are registered in Eugene and voted in Oak Hill.
4. Names were not properly challenged.
5. He could not get information from Superintendent.

Mr. Saunders:

Wanted to know the proper form of notice for school elections. Maintains notices were not properly posted.

Mr. Bowers:

All Oak Hill voters were not legal voters; some were not on the tax rolls. Asks for a list of certified tax payers.

District Attorneys Opinions:

1. ~~The School Superintendent~~ sets the time for the election.
2. The notices were O.K., they do not have to be signed as long as they informed voters of the issue and date of election.
3. The Boundry Board is to check and inquire into the matter of the election.
4. Canvass - means to examine in detail; to scrutinize; to sift, therefore this matter is under their jurisdiction.

Mr. Bowers:

Challenges the right to vote of people whose name is not on the assessment rolls.

District Attorney:

Mr. Bowers can not vote after votes have been counted.

Mr. Neilson:

Other districts did not turn out because they believed Oak Hill would turn it down.

Mr. Saunders:

Maintains the time of closing the polls makes the election illegal.

District Attorney:

If there is sufficient number of illegal votes the Boundry Board has the right to declare the election illegal and throw it out. There will have to be a complete new petition and election.

Mr. Bowers:

Asked if Superintendent did not say that the election could not last over an hour, if it did they would know how the votes were going and go out and pack the ballot box.

Mr. Neilson:

7 P.M. voting for farmers is unreasonable.

Mr. Saunders:

School elections are usually at eight. Why was this one at seven?

Mr. Wheeler:

I make a motion, based on the fact that there was no stated time for the election to end, and therefore people who wanted to did not get to vote, that we throw out the election as illegal.

Mr. Holland:

I second the motion, because some people who were entitled to vote did not get to.

Mr. Neilson:

Wants to split Fir Butte and Oak Hill District. Was told he would have to submit a petition to the Boundry Board.

Eugene, Oregon,
June 21, 1947.

The votes were canvassed from School Districts No. 53, 97, 101, 179J, and 187, on the consolidation election held in said five districts, on April 17, 1945, and the results were found to be as follows:
