# Online School

I Used to always dread school in person but now I miss it! Online school is all the worst parts of school all squished together and none of the best parts. It's so hard to learn through a computer screen. I miss in person school.

Normal  
in person  
class

---

\*It's harder to learn online.

\*Sometimes people have poor connection and it messes up the whole class.

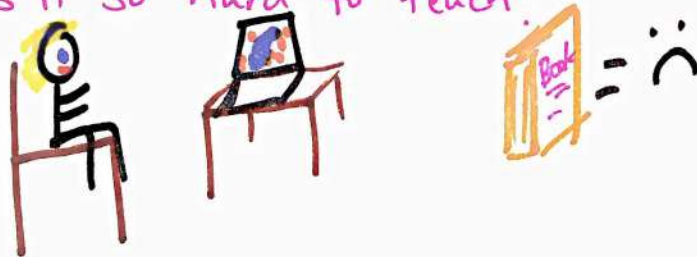

\*Online classes can be really boring!

\*There is barely any time to talk to peers

\*It's hard for people w/ bad home situations to be home ALL THE TIME!

# STUDENTS PLAYING VIDEO GAMES IN CLASS

While it is always annoying when students are off task, it's even worse now. I used to be able to tell kids to put their computers away, but now they need their computers for everything. It makes it so hard to teach!

- STUDENTS CARE MORE ABOUT VIDEO GAMES THAN LEARNING.
- STUDENTS DON'T RESPECT TEACHERS.
- STUDENTS DON'T READ.
- STUDENTS MISS DIRECTIONS.
- STUDENTS CRY WHEN THEY GET BAD GRADES.
