

"You Are My Pen Pal" sung to the tune of "You are my Sunshine"

By Ms. DeLamarter's 3rd Grade Class 2017

You are my pen pal,
My favorite pen pal
I write you letters
Most every week
I love to tell you
the things I'm doing
Turn the page and
Take a peek.

I live in Maine
right now it's snowing
My parents aren't
too awful pleased
But I like snowballs
snow forts and sledding
I go skating and I ski

At the Taste of Maine
Route 1 in Woolwich
We see the osprey in their nest
Eat clams and shrimp
mussels and oysters
the largest lobster rolls the best

Right now at school
its long division
and we study outer space
we write our own books
and on the playground
we play football and we race

You are my pen pal
my favorite pen pal
I can't wait to hear from you
About your school
About your family
I love to read
The things you do

I understand
you live in Texas
I've heard it's hot there
And quite dry
Do you have ice cream?
And snakes and scorpions
Do you eat alligator pie?

Do you ride horses?
Do you have lizards
living right inside your room?
I've heard tarantulas
Are big and hairy
Do you hit them
with a broom?

You are my pen pal,
My favorite pen pal
I write you letters
Most every week
I love to tell you
the things I'm doing
Turn the page and
Take a peek.
