

Enter game name and 30 terms in the boxes below. Terms could include items such as Einstein, The Euphrates River, or 3.14159. The teacher could then quiz with, "He developed the Theory of Relativity." This is a method to get students engaged in a quiz.

NAME

	H	A	L	L	O
cause of death	manner of death	coroner	medical examiner	autopsy	homicide
suicide	accidental	natural	death certificate	Y-incision	livor mortis
rigor mortis	algor mortis	blanching	PMI	mortician	ambient temp
smallest	fresh	bloat	active decay	advanced decay	blow fly
dry or skeletal	adipocere	cadaver island	body farm	judicially ordered execution	capital crime

WEENO!

32 Cards will be printed (4 per sheet on 8 sheets) as well as a "Master List" of terms used

STUDY®

HALLO

MASTER LIST

Term 1	cause of death	The event leading up to death--suffocation, gunshot, stab
Term 2	manner of death	How the death is categorized by medical examiner--natural
Term 3	coroner	Another name for justice of the peace, declares death and
Term 4	medical examiner	pathologist who will autopsy the body to determine cause
Term 5	autopsy	the dissection of the dead cadaver
Term 6	homicide	when one person kills another
Term 7	suicide	when a person kills themselves intentionally
Term 8	accidental	when a person dies for a reason that is beyond the contr
Term 9	natural	when a person dies of old age, disease, or cancer
Term 10	death certificate	states when, where, and how someone died with their birth
Term 11	Y-incision	first cut made during an autopsy
Term 12	livor mortis	lividity or color of the body where blood settles

Term 13	rigor mortis	when the muscles contract and become rigid with the pressure
Term 14	algor mortis	the cooling of the dead body
Term 15	blanching	white patches of skin that is livid where it was pressed against a surface
Term 16	PMI	post mortem interval--how long it has been since someone died
Term 17	mortician	prepares the body for burial or cremation
Term 18	ambient temp	the temperature outside of a corpse
Term 19	smallest	these muscles go into rigor mortis first
Term 20	fresh	the first stage of decomposition
Term 21	bloat	the second stage of decomposition where gases build up
Term 22	active decay	the third stage of decomposition characterized by smell and bloating
Term 23	advanced decay	the fourth stage of decomposition as the body loses mass
Term 24	blow fly	the first visitor to a fresh body
Term 25	dry or skeletal	the fifth stage of decomposition in which most mass is gone
Term 26	adipocere	"grave wax" that forms from body fat
Term 27	cadaver island	an area of dark color around the remains of a body where decomposition is occurring
Term 28	body farm	an area of study for decomposition by scientists
Term 29	judicially ordered execution	manner of death for capital murder
Term 30	capital crime	a crime punishable by death from the state

ed.
