resource overview

Suggested Uses

1) Paste in Student Notebook

- Students can paste the chart into their math notebooks for easy reference.

This helps reinforce learning during homework and classwork activities.

2) Laminate or Place in a [Dry Erase Sleeve](#)

- Print the charts and laminate them or place them in dry erase sleeves.

-Provide students with dry erase markers to write on the charts.

This allows for repeated use, making it easy to correct mistakes and practice different problems without wasting paper.

THOUSANDS			ONES			DECIMALS
