### Course Description:

This course introduces the students to the computer as an instrument to create page layout, art and design. Industry Standard is taught, focusing on vector art using Illustrator. Concepts learned are a great foundation for printers, production artists, fabric designers, illustrators, animators and graphic designers.

This is an art class with a technology edge. At the end of this class you will have a significant amount of work for your digital art online portfolio.

### Grading Scale per Quarter

-Projects	40%
-Classwork/Assignments	30%
