

Pancreas on Strike

Instructions: To get your point across to the Human Body Labor Board about your newfound appreciation of the pancreas, use this handout to write (1) a description of what happens to your body in terms of insulin, glucose, and energy level now that the pancreas is no longer doing its job and (2) a statement of appreciation for the job that the pancreas performs for you.

To whom it may concern at the Human Body Labor Board,

1

2

Sincerely,
