# Mumford ISD District of Innovation Plan (HB 1842)

2022 - 2023

The 84th Legislative Session passed House Bill 1842, allowing Texas public school districts to become Districts of Innovation and thus permitting exemption from certain provisions of the Texas Education Code and have more local control in certain areas. We feel this is a great opportunity for our local district to tailor plans based on the needs of our students and community. This amended and renewed plan will be in effect for the 2022-2023 school year through the 2026-2027 school year. This plan may be amended at any time by the committee with approval of the Board of Trustees.

### **DISTRICT LEADERSHIP TEAM**

1.	Allen Reese	Superintendent
2.	Melissa McDonough	Dean of Students
3.	Roxanne Kleiber	Asst. Principal
4.	Jackie Charanza	Asst. Principal
5.	Barbara Brannon	Adm. Assistant
6.	Irais Lopez	<b>Business Office</b>
7.	Cheryl Deal	Parent

#### I. INNOVATIONS

The District proposes flexibility in the following areas:

#### A. Certification Required (TEC 21.003) (DBA Legal) (DBA Local)

TEC 21.003 states that "a person may not be employed as a teacher, teacher intern, or teacher trainee, librarian, educational aide, administrator, educational diagnostician, or school counselor by a school district unless the person holds an appropriate certificate or permit issued as provided by Subchapter b." The current certification requirements inhibit the District from hiring professionals with industry experience to teach Career and Technology Education (CATE) and Science, Technology, Engineering, Arts, and Mathematics (STEAM) and foreign language courses. In order to provide more students the opportunity to take such courses and obtain possible professional certifications, the District seeks to establish its own local qualification requirements for such courses in lieu of the requirements set forth in law. The District does not wish to be exempted from any existing laws relating to teacher contracts or teacher benefits. Flexibility to establish its own teacher certification requirements affords the District the following advantages:

- Industry certified and/or trade professionals to teach specialized certification courses
- Greater number of CATE courses offerings resulting in more opportunity for students
- Realistic requirements for professionals transitioning from industry to teaching
- Ability to employ part-time professionals to teach specialty courses
- Allow the school district to utilize technology to implement on-line courses (CTE, foreign languages, general courses)

Further, given the shortage of educators currently, the district would like to be provided flexibility for counselor and all teacher certification areas to better address student needs.

# B. Uniform School Calendar (TEC 25.0811) (TEC 25.0812) (EB Legal) (EB Local) Texas Education Code Section 25.0811 states that a school district may not begin instruction before the fourth Monday in August. Texas Education Code Section 25.0812 states that a school district may not schedule the last day of school before May 15.

Local control of the instructional calendar affords the District the following advantages:

- Elimination of imbalanced 6 weeks and semester schedules while still ending the first semester prior to the holiday break.
- Alignment of calendar with Advanced Placement Exams and STAAR/EOC timelines
- Ensure hour/seat time requirements are met for Certification courses.

#### C. Class Size Ratio (TEC 25.111) (TEC 25.112) (EEB Legal)

Texas Education Code 25.111 states that each school district must employ a sufficient number of teachers certified under Subchapter B, Chapter 21, to maintain an average ration of not less than one teacher for each 20 students in average daily attendance. Texas Education Code 25.112 states that a school district may not enroll more than 22 students in kindergarten, first, second, third, or fourth grade class. The District seeks to establish its own local ratio requirements and provides the following advantages:

- More flexibility when teaching
- Creative ways of delivering instruction
- Ability to manage increases in class sizes

#### D. Teacher Contracts (TEC 21.102 DCA Legal)

A probationary contract may not exceed one year for new teachers to our district who have been employed as a teacher in public education for at least five of the eight years preceding employment by the district. Under this circumstance, the district must either give the teacher a term contract or terminate their contract after their first year in the district. The District would like to have the ability to renew the probationary contract two additional one-year periods, for a maximum of three school years, for all teachers that are new to the district who have been employed as a teacher in public education for at least five of eight years preceding employment by the District.

#### E. Inter-District Transfers (25.036)

Under Texas Education Code TEC 25.036 a district may choose to accept, as transfers, students who are not entitled to enroll in the district. A transfer is interpreted to be for a period of one school year. The District is seeking to eliminate the provision of a one year commitment in accepting inter-district transfer applicants. Nonresident students who have been accepted as inter-district transfers may have such transfer status revoked by the Superintendent at any time during the year.

#### II. IMPLEMENTATION

This Innovation Plan is designed to create parameters within which the District will operate, in order to provide additional student opportunities. Specific implementation plans will be developed by the appropriate campuses and principals. Adjustments to Board Policy will be researched and adopted where appropriate.
