Arbys

By: Isaiah Rhoads

The place with the most meats in town, Arbys, has every meat product they can get their hands on. They have 35 meals to choose from on the normal menu and 11 on the breakfast menu. Arby's opens at 10AM and closes at 10PM everyday. They are located near Applebees right next to the Simonsons.

Their service

Their service is really good and they are very patient. The food gets done relatively fast. They aren't that busy so you should get waited on right away. The drive thru also has good service, no wait.

The prices

Every item on the menu costs \$3-5 by itself. Meals cost up to \$8 that includes fries and mozzarella sticks with a drink. Large Shakes cost \$3. Medium shakes are \$2.49 and smalls are \$2.

Parking lot

There's about 25 spaces to park. It's not that busy so you should always have a place to park. They have 2 handicap parking spots. You can park near the front of the building for curbside pickup.

SWIMMING

Addie and Tolga

We are a part of the Dickinson Dolphin swim team. DDST is an organization to help people become better swimmers and do what they love! DDST gives them a chance to swim competitively. We are going to tell you a little bit about the team, in case it is something that would be interesting to you. We have a thing called splash days. Splash days are 3 days where you get to be in the water and learn some basics to see if it is something you would like to commit to. There are also different groups based on skills some of the groups are beginners, flippers, a group 1&2, 3&4, and senior nationals. We have pre-season, shortcourse, Highschool girls swim and dive, as well as boys highschool swim and dive we also have long course

we go to multiple pools for meets, including home meets. We go to Bismark, Williston, Minot, Mandan, Fargo, and Grand Forks. We also swim several strokes including Butterfly, Backstroke, Breaststroke, Freestyle, and individual medley. If you are good enough you can go to state at the end of the season. We practice every day at the West River Community Center for 1 hour and 30 minutes in short course and 2 hours in long course. Short course runs from November and goes till March. While long course runs from June till August. Also if you are interested in swimming more you can do pre-season it starts 2 months before the actual season starts, and it is just practice for 2 months to get you ready for the season. Stay tuned for next week's article when we are talking about Goggles and our opinions on them.

VIDEO GAME ACCESSORIES

BY ISAAC BILLADEAU

Video game accessories go all the way when it comes to gaming. Controllers are the main thing you need to play on any console. Controllers range from different colors to being modded to increase your performance in certain games or add on. Other color controllers look cool when you're using them or just for background use if you are a YouTuber. Modded controllers typically increase your performance because they have different d-pads and more buttons on them to enhance anyone's performance. These different buttons allow other buttons to be bound to these buttons so it makes it easier to reach pressing these buttons instead of reaching across the controller.

Games on Your Chromebook

By Cameron Freeburg

Geo Fly is a game where you can fly different types of air crafts and hot air balloons, it is a little hard to control at first but. After a while it gets easier, yes it is an online game but there is no chat and no talking just flying planes or parachutes or hot air balloons plus just like all planes there is an autopilot but not for all things. You can choose where you go and where you take off from and there are hills and flat parts plus there is water but it is kind of like land.
