Double exposure
Remote learning

Double exposure

Class one:

- Take ten landscape pictures
- Take ten portrait pictures Side profile works best, but if you want you can take five frontal portrait pictures.
(five can be of an animal, but five must be of a person)
- Upload pictures to chrome book
- Upload the 20 pictures to the assignment in classroom

Class Two:

Polarr Editing:

Watch this video on how to overlay and make it look like a double exposure.

<https://support.polarr.co/wiki/tutorials/How-to-use-the-overlay-tool-for-double-exposures.html>

Here is my video on how to make it:
