

Course Requirements

- Periodic Table – (<http://periodic.lanl.gov/default.htm>)
- Sparknotes
- Descriptive Chem Packet: to be announced
- College Board AP Chem Site – (<http://professionals.collegeboard.com/testing/sat-subject/about>)
- Summer Assignment (see below)
- Homework Schedule: to be announced
- Lab Write-up Sheets: to be announced

Hello AP Chemistry Students,

We have not received our new textbook order so I copied the chapters you will need to complete this assignment

I have given careful thought to the summer assignment and must emphasize that by assigning this work we are able to get a running start on the course. This enables me to spend more time on new topics and proceed at a comfortable pace for the class.

Assignment

Due date: The first day of class
Point value: 100 points
Late assignments: Not accepted for credit. If you do not turn in the assignment on the first day of school you will be given a zero.

Chapter	Questions
1	1.38, 1.58, 1.65, 1.67, 1.70
2	2.18, 2.30, 2.32, 2.40, 2.48, 2.52, 2.60, 2.62, 2.64, 2.78
3	3.12, 3.14, 3.20, 3.24(b,c), 3.36, 3.44, 3.50(a,b), 3.52, 3.60, 3.72
4	4.16, 4.20, 4.22, 4.24, 4.26, 4.30, 4.32, 4.42, 4.50, 4.60, 4.66, 4.72, 4.78, 4.80(a,b), 4.84, 4.93(a,b), 4.106

Chapters 1 through 4 contain material that was covered in the first year of chemistry. Therefore, I regard these chapters as review. Read each chapter carefully. Work must be shown to earn any points. Make certain the work is readable, neat and well organized.

Have a great summer, get lots of rest and come back ready to take on the challenge of AP Chemistry.

If you have any questions for me or need a bit of help... email me anytime at drc4help@optonline.net

Sincerely

Dr. C
