

Objectives

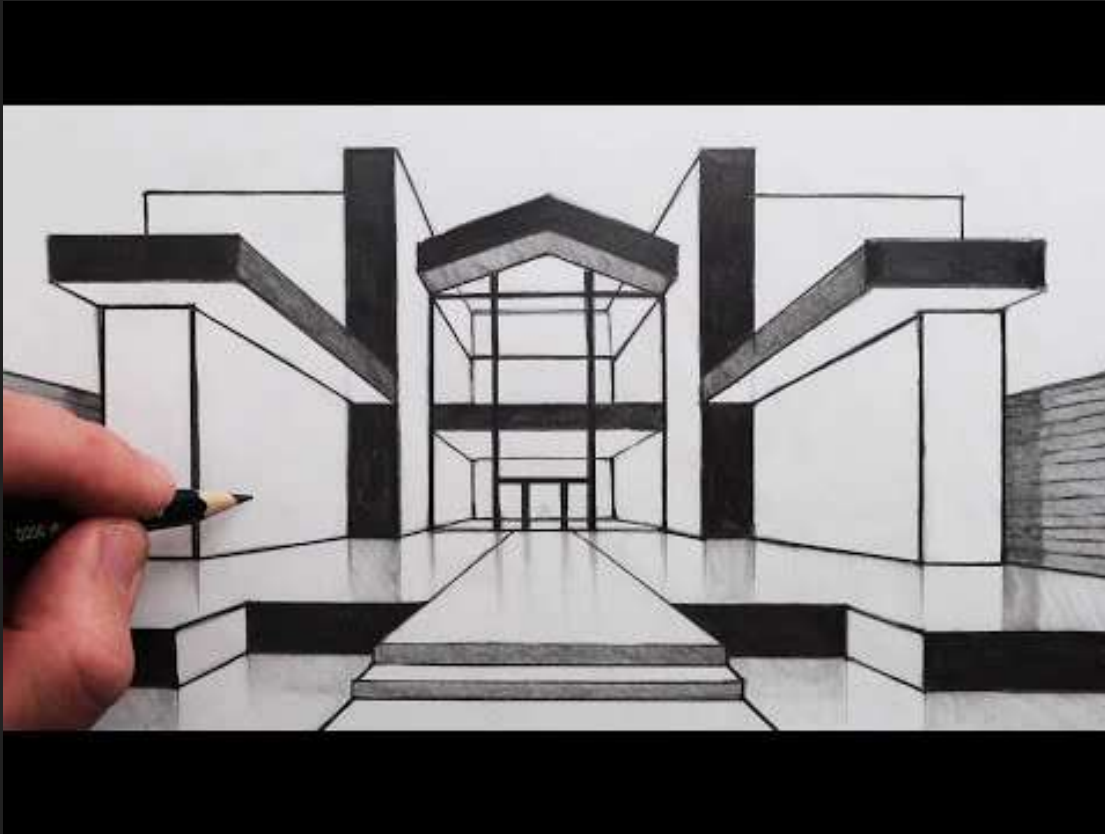

Students will be able to

- Review the process for depicting space in 1 point perspective
- label the horizon line, vanishing points and orthogonal lines
- follow steps to create a drawing of a house in 1 point perspective
- Turn in their drawing at the end of class

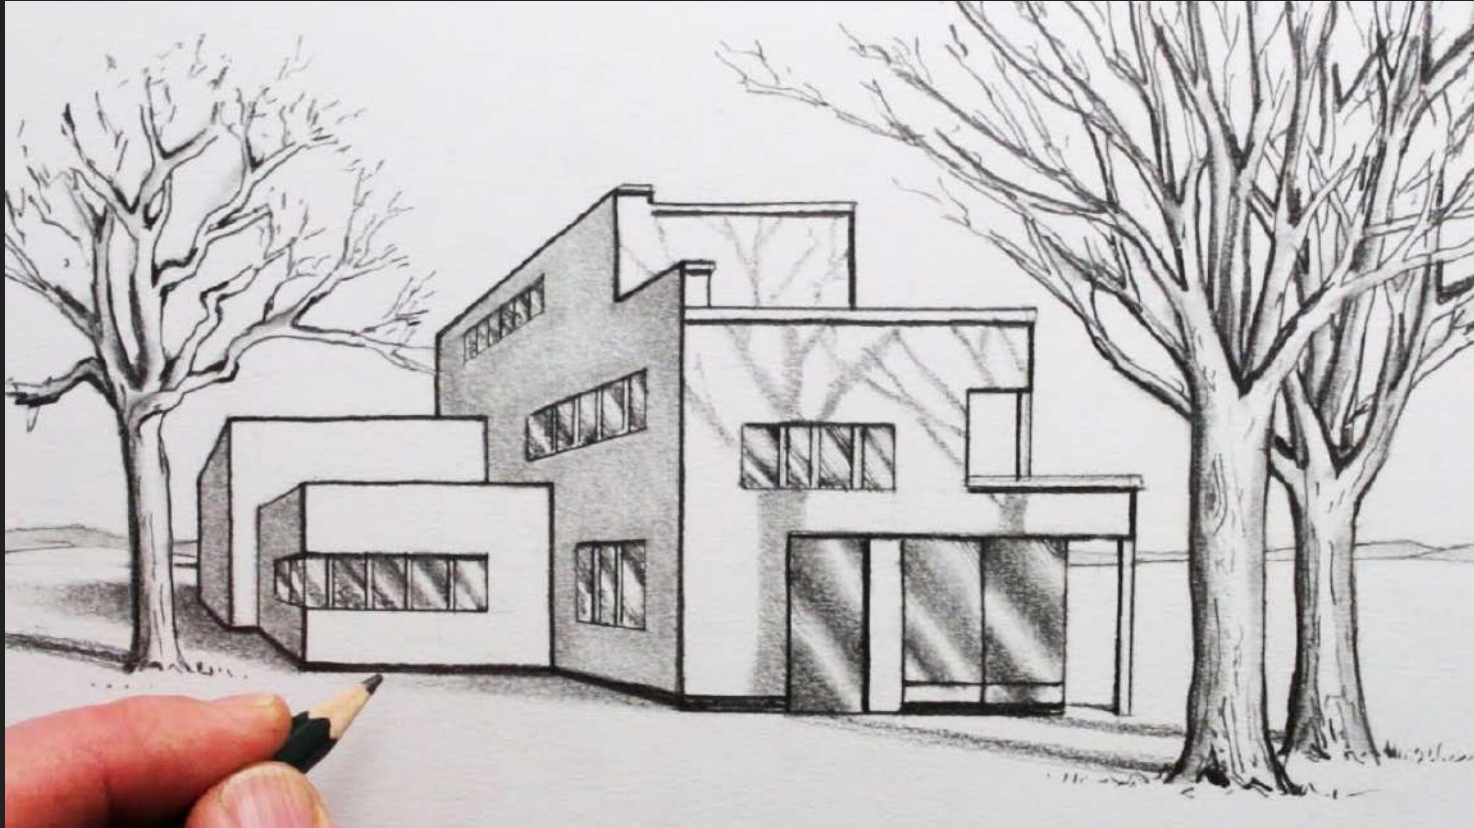

We will be drawing this house together to go over different parts in 1 point perspective- You will turn it in at the end of class

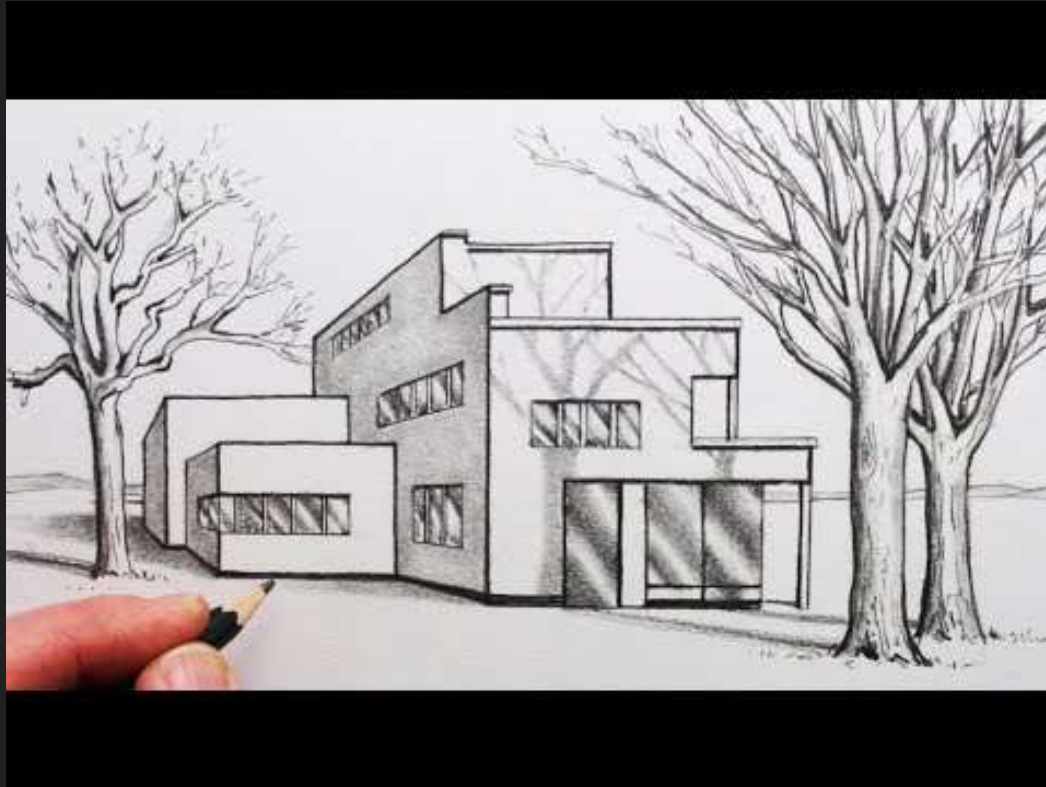

Drawing a house in 1 point perspective

We will be drawing this house together to go over different parts in 1 point perspective- You will turn it in at the end of class

Drawing a house in 1 point perspective

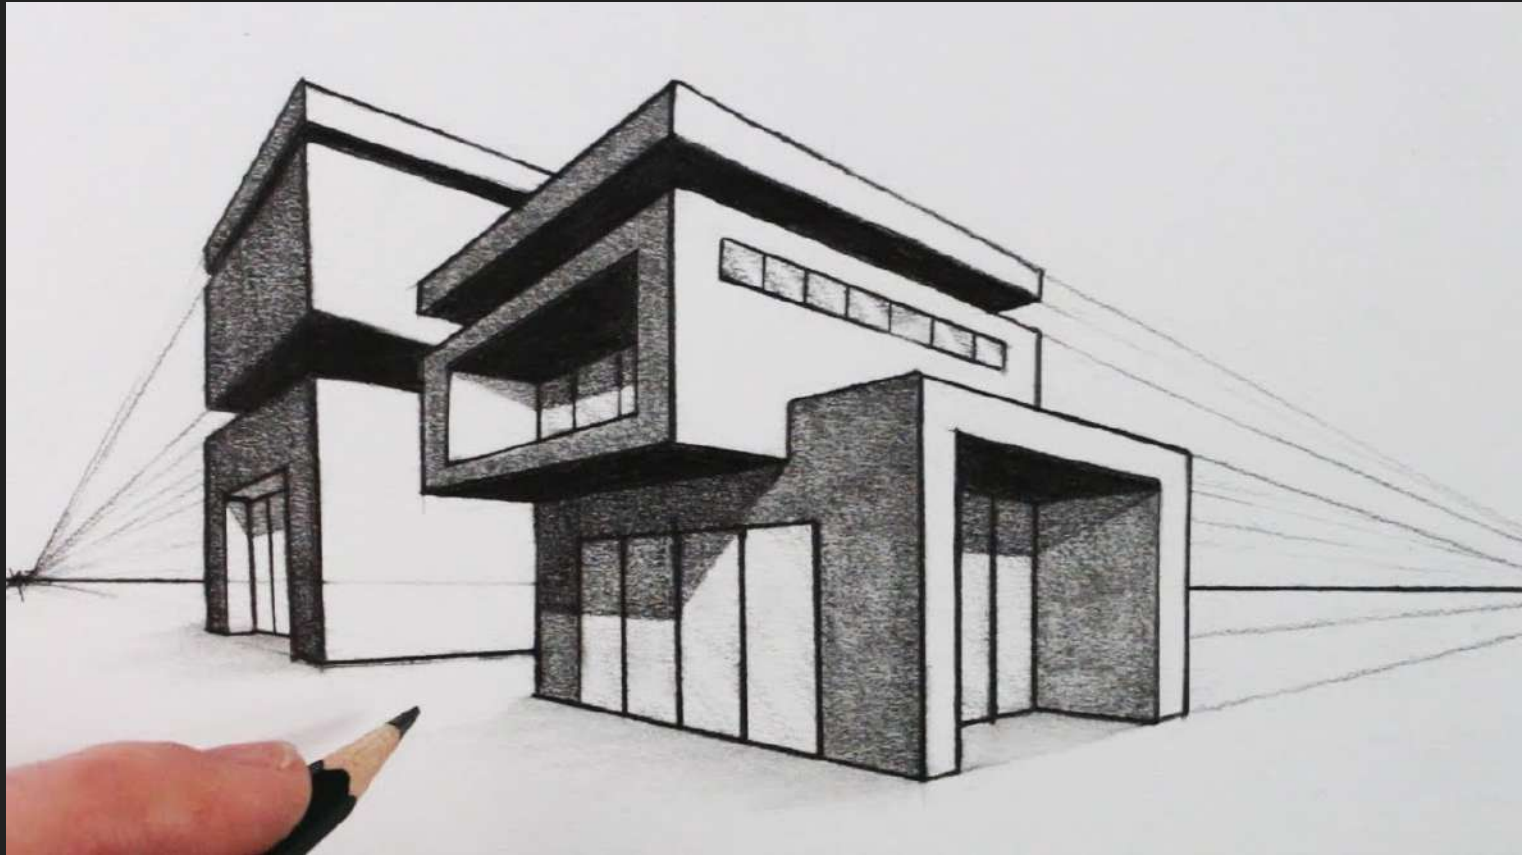

Objectives

Students will be able to

- Review the process for depicting space and dimension in 2 point perspective
- label the horizon line, vanishing points and orthogonal lines
- follow steps to create a drawing of a structure in 2 point perspective
- Turn in their drawing at the end of class

We will be drawing this house together to go over different parts in 2 point perspective- You will turn it in at the end of class

Drawing a house in 2 point perspective
