

## Drawing Books

1. Practice your illustration skills! **You may draw ANYTHING that is school appropriate.**
2. Challenge yourself to draw something that you have never drawn before.
3. You can use one of my drawing reference books or draw an idea from your head.
4. **Before leaving this station:**
  - \* put all pencils back in the cup
  - \* put all books in a neat stack
  - \* **don't leave any trash or drawings on the table**
  - \* you may take your illustration home or put it in your portfolio
