State Regulations – School Attendance

Commonwealth of Pennsylvania regulations permit educational tours or trips sponsored by persons or groups other than school agencies. Provisions of the regulations provide that a student may be excused from school attendance for an educational tour or trip upon receipt of written request from the parents of the students involved.

Local District Guidelines

1. Written requests must be submitted five (5) school days before departure date.
2. Written requests must be approved by the building principal.
3. Approval will be based on attendance records, previous requests, frequency of such requests and the trip's educational value.
4. School work may be provided prior to departure, depending on availability of resources and sufficient time for the teacher to prepare assignments.
5. Make-up work must be completed within a reasonable period of time. The length of time given to complete make-up work will be determined by each teacher and will be based on the duration of absence.
