ASSURANCES FOR SCHOOL RENEWAL PLANS

Early Childhood Development and Academic Assistance Act (Act 135) Assurances

[S.C. Code Ann §59-139-10 *et seq.* (Supp. 2004)]

N/A **Academic Assistance, PreK–3**

The school makes special efforts to assist children in PreK–3 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).

✓ **Academic Assistance, Grades 4–12**

The school makes special efforts to assist children in grades 4–12 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).

✓ **Parent Involvement**

The school encourages and assists parents in becoming more involved in their children’s education. Some examples of parental involvement initiatives include making special efforts to meet with parents at times more convenient for them; providing parents with their child’s individual test results and an interpretation of the results; providing parents with information on the district’s curriculum and assessment program; providing frequent, two way communication between home and school; providing parents an opportunity to participate on decision making groups; designating space in schools for parents to access educational resource materials; including parent involvement expectations as part of the principal’s and superintendent’s evaluations; and providing parents with information pertaining to expectations held for them by the school system, such as ensuring attendance and punctuality of their children.

✓ **Staff Development**

The school provides staff development training for teachers and administrators in the teaching techniques and strategies needed to implement the school/district plan for the improvement of student academic performance. The staff development program reflects requirements of Act 135, the EAA, and the National Staff Development Council’s revised Standards for Staff Development.

✓ **Technology**

The school integrates technology into professional development, curriculum development, and classroom instruction to improve teaching and learning.

✓ **Innovation**

The school uses innovation funds for innovative activities to improve student learning and accelerate the performance of all students.

✓ **Collaboration**

The school (regardless of the grades served) collaborates with health and human services agencies (e.g., county health departments, social services departments, mental health departments, First Steps, and the family court system).

✓ **Developmental Screening**

The school ensures that the young child receives all services necessary for growth and development. Instruments are used to assess physical, social, emotional, linguistic, and cognitive developmental levels. This program normally is appropriate at primary and elementary schools, although screening efforts could take place at any location.

✓ **Half-Day Child Development**

The school provides half-day child development programs for **four-year-olds** (some districts fund full-day

programs). The programs usually function at primary and elementary schools. However, they may be housed at locations with other grade levels or completely separate from schools.

✓ **Developmentally Appropriate Curriculum for PreK–3**

The school ensures that the scope and sequence of the curriculum for PreK–3 are appropriate for the maturation levels of students. Instructional practices accommodate individual differences in maturation level and take into account the student's social and cultural context.

✓ **Parenting and Family Literacy**

The school provides a four component program that integrates all of the following activities: interactive literacy activities between parents and their children (Interactive Literacy Activities); training for parents regarding how to be the primary teachers for their children and how to be full partners in the education of their children (parenting skills for adults, parent education); parent literacy training that leads to economic self-sufficiency (adult education); and an age-appropriate education to prepare children for success in school and life experiences (early childhood education). Family Literacy is not grade specific, but is generally most appropriate for parents of children at the primary and elementary school levels and below as well as for secondary school students who are parents. Family Literacy program goals are to strengthen parental involvement in the learning process of preschool children ages birth through five years; to promote school readiness of preschool children; to offer parents special opportunities to improve their literacy skills and education; to provide parents a chance to recover from dropping out of school; and to identify potential developmental delays in preschool children by offering developmental screening.

✓ **Recruitment**

The district makes special and intensive efforts to **recruit** and **give priority** to serving those parents or guardians of children, ages birth through five years, who are considered at-risk of school failure. “At-risk children are defined as those whose school readiness is jeopardized by any of, but not limited to, the following personal or family situation(s): parent without a high school graduation or equivalency, poverty, limited English proficiency, significant developmental delays, instability or inadequate basic capacity within the home and/or family, poor health (physical, mental, emotional) and/or child abuse and neglect.

✓ **Coordination of Act 135 Initiatives with Other Federal, State, and District Programs**

The district ensures as much program effectiveness as possible by developing a district-wide/school-wide coordinated effort among all programs and funding. Act 135 initiatives are coordinated with programs such as Head Start, First Steps, Title I, and programs for students with disabilities.

Introduction

The Duncan Chapel self-study was conducted to evaluate our strengths and weaknesses in order to develop necessary goals and strategies. This ongoing self-assessment process allows us to review our goals, sustain communication with all stakeholders, provide an opportunity for continuous improvement, and maintain accountability.

Through a collaborative effort, we have established a faculty council and committee teams to sustain and evaluate the process, which encourages reflective discussion among staff members. With continuous self-assessment, we understand that we need a continuous leadership or decision-making structure that would help us implement the vision. A decision-making structure was designed to clarify how decisions would be made and by whom. Co-chairs from each of these groups, along with the Principal, Assistant Principal, and Instructional Coaches make up the Faculty Council team, which meets monthly to discuss pertinent information and make decisions. In addition to this building structure, parents are also involved in the school improvement plan through School Improvement Council and Title 1 planning meetings as well as surveys.

Executive Summary

With our ongoing emphasis on developing the whole child, we have cultivated a student-centered mindset among all members of our school community. Our daily decision-making is guided by the analysis of possible impact on students and their learning. Each day we strive to provide students with stimulating, multi-sensory learning opportunities that are based on sound research and driven by state standards. We always take into consideration the student's social and emotional needs in making decisions. In addition, we foster a growth mindset with our students through personal goal setting and monitoring of target acquisition. We emphasize the importance of being Safe, Always Respectful, In Control and Learning Ready throughout the day each day. Our ultimate goal is to help our students develop the skills, knowledge and values necessary to meet the challenges of a changing world.

Summary of Findings for Student Achievement

- Overall rating of **Average** (2023 SC Annual School Report Card)
- Overall rating of **Excellent** (2022 SC Annual School Report Card)
- Overall rating of **Good** (2019 SC Annual School Report Card)

Summary of Findings for Teacher and Administrator Quality

The faculty is structured into teams/committees to involve all members in the decision making process. These teams/committees are:

Administrative Team

- Consists of principal and assistant principal

Instructional Leadership Team

- Consists of principal, assistant principal, instructional coach, literacy specialist, title-one facilitator, math interventionist

School Leadership Team

- Consists of administrative team members, instructional coach, literacy specialist, grade-level & specialists team leaders

Grade Level/Specialty Area Teams

- Consist of team leader and teachers from the grade level or specialty area (Interventionist, Related Arts, SpEd, etc.)

Special Committees (Literacy, Numeracy, Diversity and Inclusion, Health and Wellness, Parent Engagement)

- Consist of members from administration, grade levels and specialty areas

Summary for School Climate

Duncan Chapel Elementary, a pre-K through grade five public school in Greenville SC, has a current enrollment of **592** students. Our students represent a wide range of cultures and ethnicities, and it is important to us to make sure every student, family and visitor feels welcome.

Our school facility is designed to provide developmentally appropriate classrooms for students of all ages with primary grades located downstairs and intermediate grades located upstairs. Throughout the classrooms and hallways, graphs and data charts are utilized to show student, class, and grade

level growth toward various goals. Our school wide behavior management system and matrix outline appropriate behaviors for all school settings based on these four expectations: Safe, Always Respectful, In Control, Learning Ready. Our goal is to help students SAIL to Success each day.

At Duncan Chapel, we pride ourselves on our service learning and community outreach projects that demonstrated our commitment to the students and families in our community. Our students are active leaders and participants in Letter Buddies , Reading Buddies, making lunches weekly for the homeless, gathering canned goods for food banks and Jump Rope for Heart.

Challenges

Over the past three years, our school has experienced a great deal of change as we worked to manage the challenges of the COVID-19 pandemic and address the learning loss that it created. Poverty, ethnic diversity, and transiency also continue to present unique challenges for student achievement. With a poverty rating of 81.2%, Duncan Chapel is fortunate to receive Federal Title I funding to support student achievement and close the gaps related to reading and math. We also serve students with various abilities. This includes **3%** of students that receive Gifted and Talented services as well as **22%** of students that receive Special Education services. Our student population is extremely diverse and quite transient. This great diversity brings rich experiences and numerous opportunities. Yet our diversity as well as transiency challenges us to provide more individualized and targeted instruction to meet the varying needs of our students. Our current enrollment of **592** students consists of **37% Hispanic, 27% African American, 29% Caucasian, 6% Two or more races, and 1% representing other ethnicities.**

To help us better meet the diverse needs of our students, we utilize a school wide schedule that provides a block for Intervention/Enrichment at every grade level. This block of time is used to provide direct instruction to small groups of students based on specific areas of need (language acquisition, reading, math, speech, gifted & talented, etc.), without compromising the core instructional time.

Accomplishments and Results

- Superintendent's Award for Top 10% for achieving highest growth in the subject area of ELA from Spring 2021 to Spring 2022
- Superintendent's Award for Top 10% for achieving highest growth in the subject area of Math from Spring 2021 to Spring 2022
- Top Performer and Hall of Fame school for the Reading All-Stars Program

Profile of Duncan Chapel Elementary

Duncan Chapel Elementary School is a community school with a long-standing tradition of providing exceptional educational opportunities for all students. Our two-story facility is 95,000 square feet and houses grades K4 - 5th. We have a gymnasium, cafeteria with a performance area and state of the art sound system, and three fenced playgrounds. Located in the Northwest region of Greenville County near Furman University, Duncan Chapel Elementary has educated countless generations of local families for more than 125 years.

In keeping with tradition, we continue our school wide involvement in various service learning and community outreach projects. These initiatives demonstrate our commitment to the students and families in our community, and provide our students with hands-on opportunities to positively impact their world. Our students are active leaders and participants in organizing school safety, Letter Buddies, Reading Buddies, making lunches weekly for the homeless through the Bag Lunches program, gathering canned goods for food banks and Jump Rope for Heart. Through these endeavors, we instill a true sense of community spirit and pride in our students.

Despite the challenges presented by the pandemic, we continue to “set the bar high” in all aspects related to student achievement, and our students continue to rise to the occasion for excellence! Student performance on district benchmarks, standardized achievement tests such as MAP (Measures of Academic Progress) and SCREADY continues to show pockets of growth and movement towards our goals. On-going Title I funding has enabled us to sustain lower student-teacher ratios in multiple grades while also providing additional support in reading and math through resources as well as Academic Intervention.

In our continuing efforts to provide leadership in our community, we have partnered Prisma Health through the Healthy and Ready to Learn initiative to educate and support our students and staff in the area of health and wellness.

Partnerships

Active community involvement as well as strong parental support are essential to our school’s mission of providing students with models of how to become contributing members in a global society. With the support of our PTA and SIC, we have been able to strengthen our base of community support and secure donations and sponsorships to benefit our students. Volunteers from local churches assist the school in a variety of ways. A local church partners with us every Monday to assist our Bag Lunch program, which prepares lunch bags for a local homeless shelter. Another local church supports weekly food bags for students in need. Through the generous support and donations of weekend food bags from First Baptist Church, many of our less fortunate students do not worry about food on the weekends. Several business sponsorships allowed our PTA to provide field trip shirts for every student in our school. Over the past few years with the help of PTA, Student Activity Funds, and contributions from community partners, we were able to update two of our playground areas with state-of-the-art equipment. A local car dealership provided backpacks for students at our meet the teacher event.

Our Leaders

Our principal, Danielle Lee, has been an educator for 17+ years. Mrs. Lee was named principal of Duncan Chapel Elementary in June 2022 and served as acting principal from February 2022 to May 2022 . She is a graduate of Clemson University where she received both her Bachelor's degree in English and her Master of Arts in Teaching. She also holds a second Master's degree in educational leadership from the University of South Carolina. Mrs. Lee has served in various administrative roles and served as assistant principal at Duncan Chapel for 7 years from 2016-2022. Prior to joining the Duncan Chapel team, Mrs. Lee served as an Early Warning and Response System Coordinator, BELL Summer Program Manager, Alternative Program Coordinator, Assistant Principal and middle school English teacher.

Our assistant principal, Peter Lynch, has been in education for 14 years. Dr. Lynch became assistant principal at Duncan Chapel in 2022. He is a graduate of Pensacola Christian College where he received his Bachelor's degree in Elementary Education, Master's in Educational Administration, and his Education Specialist degree in Educational Leadership. He is also a graduate of Liberty University where he received his Educational Doctorate in Educational Leadership. Prior to joining the Duncan Chapel team, Dr. Lynch served as the principal at a private school in Maryland, athletic director, fifth

grade teacher, and middle school math/Algebra 1 teacher.

Academic Features

Curriculum/Instruction

The South Carolina State Standards are the foundation for curriculum and instruction in ELA, math, science and social studies in all grade levels. Through the use of support documents,

district-developed units and a wide range of instructional materials, students are provided with high-quality, engaging learning opportunities.

The district generated Balanced Literacy Framework is implemented at every grade level, which supports instruction in reading workshop, writing workshop, and language & word study. Approximately two hours of instruction is allocated to the literacy framework components. The leveled bookroom, along with other supplemental resources are used to support the literacy curriculum. Teachers benchmark students in the fall to determine students' instructional and independent reading levels. With this data, teachers form small guided reading groups to differentiate literacy instruction and truly meet learners where they are along the literacy continuum. In addition to Fountas and Pinnell training, teachers in kindergarten and first grade have also had training sessions with a Reading Horizons trainer. To improve reading comprehension and grow a love for reading, Duncan Chapel utilizes digital reading platforms, such as Starfall, Newsela, Epic, and Lexia. These programs are highly motivating as students are reading at their independent level, as well as their instructional levels.

Our mathematics program is academically challenging and integrated with other curriculum areas. Math instruction is based on standards and support from the scope sequence resources generated by our District Academic Math Specialist. The Big Ideas series provides opportunities for preview, review, practice, and discussion of critical math concepts. In addition, teachers implement math talks to support the development of critical thinking as well as communication skills. Approximately 50 minutes is scheduled for math each day, which emphasizes problem solving and hands-on strategies, allowing for real life connections. To provide support for math fluency students also use a variety of apps and computer programs, such as Dreambox, Frax and Reflex Math.

Science curriculum is supported by a wide variety of instructional materials and is based on national and state science standards. Teachers utilize district established kits to support instruction in a more hands-on approach as well as the consumable working text. Teachers also supplement science instruction through a variety of field trips, such as Roper Mountain Science Center, Riverbanks Zoo, Lake Conestee, and Happy Cow Creamery.

Social Studies, like the other content areas, is driven by the state standards and district curriculum guides. Many grade levels support learning in social studies with interactive note booking, which allows for a more hands-on approach. In addition, the Pearson's - My World working consumable textbook is utilized as a supplemental tool. Real-life experiences such as trips to Charleston and Columbia, allow students to connect to the social studies curriculum. Various books and publications like Social Studies Weekly, provide additional resources that connect with social studies concepts. The amount of time for both science and social studies is approximately 45 minutes. In addition, teachers often integrate ideas from both science and social studies, in reading and writing research. Due to time constraints and in an effort to maximize experience in both contents, teachers often rotate teaching each content area by units.

Technology is utilized throughout the school day as a tool to enhance learning. All teachers have a Promethean Board/Activ Panel and a document camera. In 2015-2016, we implemented the personalized learning or 1 to 1 initiative in all grade levels. This allows us to provide technology devices to all students (iPads in kindergarten through second grade and laptops in grades three, four and five). In 2019, each student (K4 – 5th) also received a Chromebook to support virtual learning. Our Title I Technology Facilitator continually assists teachers with the implementation of various

programs and technology tools based on student needs.

Assessment

We believe that learning is actively constructed as children are engaged with meaningful experiences that meet their individual needs. In order to meet these needs, teachers not only provide a comprehensive program through instruction and intervention, but continuous assessment plays a large role. Staff members continuously collect and analyze a range of data sources. The Fountas & Pinnell Benchmark Assessment System and district created assessments, as well as Mastery View Predictive Assessments (MVPA) are administered three times a year to help teachers gauge student progress with grade level content and expectations. In addition, unit pre/post common assessments are utilized in all content areas. These assessments provide on-going data, which supports teacher instructional decisions.

Three times a year, teachers in first through second grade administer assessments to measure student progress. Adapting to each student's learning level, MAP offers a Rasch Unit (RIT) score for first grade teachers to tailor instruction to their class as well as individual students. Teachers in 2nd - 5th grade utilize Mastery View Predictive Assessments (MVPA) every nine weeks as a tool to guide and shape their instruction. Each year teachers in 3rd – 5th grades administer our state assessments, SC Ready in reading, writing, math, and fourth graders also participate in science.

We use a continuous process to determine verifiable improvement in students' learning, including readiness and success in the next level. Teachers meet with the Instructional Coach and Literacy Specialist to communicate comprehensive information about student learning, analyze data from common assessments, and identify areas of growth along with strategies to improve student learning.

Intervention/Enrichment

In order to maximize total instructional time for core instruction, we utilize a school-wide schedule that includes a sixty-minute block for Intervention/Enrichment at every grade level. During this time, students are pulled in small groups for the following services:

- English as a Second Language (ESL)
- Response to Intervention-Reading (RTI)
- Specialized instruction in reading and/or math through Special Education pull-out
- Speech services
- Challenge (Gifted and Talented program)
- Discover (thinking/problem solving for higher performing students)

Our OnTrack Team support teachers in planning and implementing various strategies to support individual student attendance, behavioral and academic needs. These teams meet twice a month to review a wide variety of data and develop a plan with specific strategies for each student. The teams reconvene at strategic intervals to review student progress and determine next steps.

After-school Programs

Our in-house before and after-school tutoring services provide opportunities for identified students to receive additional content area support in reading or math. Through this initiative, we are able to serve students in 1st - 5th grade. Many grade levels serve students twice a week, yet there are some grade levels that support students four days a week. The focus of this initiative is to provide academic intervention in math and reading. In addition, we also have an Extended Day Program to support families with after-school care.

Mission

The mission of Duncan Chapel is to enable all students to become contributing members in a global society empowered with skills, knowledge, and values necessary to meet the challenges of a changing world.

Belief Statements

At Duncan Chapel Elementary...

- We believe that teachers, administrators, support personnel, parents, students, and the community share in the responsibility for advancing our school's mission.
- We believe that each student is a valued individual with unique physical, social, emotional, cultural, and intellectual needs.
- We believe that all students can learn, achieve, and experience success.
- We believe that a safe and physically comfortable environment promotes student learning.
- We believe that students learn best when they are actively engaged in the learning process.
- We believe that students learn best when they receive active encouragement and support from parents and guardians.
- We believe that curriculum and instruction should incorporate a variety of learning activities and opportunities to accommodate differences in learning styles.
- We believe that learning is the primary focus and chief priority for all our decisions.

Vision Statements

The Vision for Duncan Chapel Elementary includes:

- Shared decision-making evident in all school processes.
- All decisions are driven by information and data analysis.
- Strategic, ongoing, systematic, and school-wide quality planning.
- Fun, innovative, relevant, student-centered, and rigorous learning
- Comprehensive, ongoing evaluation and assessments used to improve student achievement.
- Professional development and continuous learning by all stakeholders is systematic and focuses on need, reflection, and accountability.
- Parent, business, and community involvement is a systematic partnership to enhance learning and growth of students and personnel.
- Interactions and communications between students, teachers, support personnel, parents, and community support our mission.
- A safe, clean, and beautiful school environment stimulates and promotes growth and learning.
- Use of technology is evident and integral in all instructional environments.
- Acknowledgement and celebration of cultural diversity
- Parental involvement is authentic, productive, and sustained parental involvement throughout all areas of education (school and home).

Data Analysis and Needs Assessments

SC Ready is a statewide assessment that is administered to our 3rd through 5th graders to determine their mastery of state standards in the areas of English language arts, science and mathematics. Items on SC READY are aligned with the South Carolina College- and Career-Ready Standards. The following chart compares Duncan Chapel Elementary student performance to GCSD and statewide student performance for the past years.

Additional Data Information

In our ongoing effort to improve students' ability to read and understand a variety of texts, we use data in a systematic way to guide and inform our instructional decisions. We review our data from FastBridge and the Fountas and Pinnell benchmark assessments on a regular basis to determine student needs, identify students in need of intervention as well as to support planning small group instruction.

We have created a schedule that maximizes time for intervention services without interrupting core instruction. According to the mid-year data and records for kindergarten and first grade, all of students performing below expectation are receiving additional services in reading.

The table below indicates the percentage of students within each grade level that are performing on or above grade level expectation during the Fountas and Pinnell Spring benchmark administration of the 2021 school year.

	First Administration 2023-2024 F&P BAS (% on and above)
Kindergarten	22.6%
1st Grade	42%

The graph below indicates the percentage of kindergarten and first grade students performing on or above expectation for the FastBridge assessment during the Winter administration of the 2023-24 school year.

	% of High Risk on Letter Names FALL	% of High Risk on Letter Names WINTER
Kindergarten	27.3% (23/84)	34.7 % (32/92)

	% of High Risk CBM	% of High Risk CBM
1st Grade	42%	48%

Professional Development

With a growth mindset, we develop an annual professional development plan based on current initiatives, data-based needs, and results from the in-house teacher survey. Our approach serves both the individual teacher's goals for professional growth, while assisting all teachers in implementing the district's and the school's vision. The professional development plan includes at least 12 hours of planned in-service that are required and 12 hours that a teacher chooses, which aligns to personal/professional goals.

Annual Focus Based on SC Ready & Learning Walks:

Academic Discourse / Teacher Clarity and Success Criteria

Reading: RL - Language, Craft, & Structure; RI - Meaning & Context

Math: Number Sense - Fractions (Gr. 3); Operations-Fractions (Gr. 4-5)

To bring focus to our work and streamline everything in one document, all PD and meetings will be listed on the PD plan. Every fourth Wednesday of each month, we will use the "Pick Your PD" method, allowing you to select the PD session that will be most impactful in sharpening your craft.

through GCS web-based resources and CDC training opportunities. b. Promote school readiness activities with parents and community through GCCS web-based resources. c. Maintain the increased classroom enrollment sizes of 23 students per 4K classroom instead of 20, which was approved by the SCDE in 2016. By adding three students to each class, GCS has been able to increase the number of at-risk students served by 15% annually without any additional funding (the equivalent of adding 11 classrooms) or requirement for facilities. Adding this very small number of students has not impacted program quality or instructional implementation, as evidenced by KRA readiness data. Each 4K class includes one early childhood certified teacher and one instructional aide, both of whom receive annual training specific to high quality early childhood programming. The increase of classroom size from 20 to 23 is well under the SDE 5K maximum class size of 30 and is lower than the GCS maximum 5K class size of 26. In
