Education Plan during Out-Of-School Suspension for More Than Five Days

When a student is suspended out-of-school for five or more school days, Oklahoma law requires as follows:

- D. At its discretion a school district may provide an education plan for students suspended out-of-school for five (5) or fewer days pursuant to the provisions of this subsection. The following provisions shall apply to students who are suspended out-of-school for more than five (5) days and who are guilty of acts listed in subparagraphs a, b, c and d of paragraph 1 of subsection C of this section. Upon the out-of-school suspension, the parent or guardian of a student suspended out-of-school pursuant to the provisions of this subsection shall be responsible for the provision of a supervised, structured environment in which the parent or guardian shall place the student and bear responsibility for monitoring the student's educational progress until the student is readmitted into school. The school administration shall provide the student with an education plan designed for the eventual reintegration of the student into school which provides only for the core units in which the student is enrolled. A copy of the education plan shall also be provided to the student's parent or guardian. For the purposes of this section, the core units shall consist of the minimum English, mathematics, science, social studies and art units required by the State Board of Education for grade completion in grades kindergarten through eight and for high school graduation in grades nine through twelve. The plan shall set out the procedure for education and shall address academic credit for work satisfactorily completed.

OKLA. STAT. tit. 70, § 14-101.3.

This education plan is designed for the eventual reintegration of the student. The education plan provides only for the core units in which the student is enrolled. A copy of the education plan is provided to the student and the student's parent or guardian. **It is the responsibility of the parent or guardian to provide the following until the student is readmitted to school:**

1. A supervised, structured educational environment during the out-of-school suspension in which the student can meet the requirements of the education plan.
2. Monitor the student's educational progress while the student is on the education plan during the out-of-school suspension.

Academic credit for work satisfactorily completed.

The above named student will receive full credit for satisfactorily completed during the education plan. "Satisfactorily completed" means academic work completed and turned in to the school district on the required date and time.

All academic work completed by the student during the out-of school suspension that is not part of the education plan date will receive an academic score of zero (0). All academic work completed as part of the education plan but not turned in to the school district on the required date will receive an academic score of zero (0).

Absent prior arrangements having been made with the High School Principal, the Parent or guardian shall (1) pick up that week's assignments, and (2) turn in the previous week's assignments, at the Principal's office at Eufaula High School on the first school day of each week between 3:00 p.m. and 3:30 p.m. Absent prior arrangements having been made with the High School Principal, failure to turn in the student's previously assigned work will result in that assignment receiving an academic score of zero (0).

If the student is on an individualized education program (IEP), during the course of the out-of-school suspension the student will receive any special education, related services, modifications, adaptations and other matters determined appropriate by the student's IEP team
