Other Educational Options

Parents/guardians of children who reside in the Kimberly Area School District also have a variety of other educational options available to them including the following:

- **Open Enrollment**

The inter-district public school open enrollment program allows parents to apply for their children to attend public school in a school district other than the one in which they reside. Any Wisconsin resident in 4K to grade 12 may apply to attend a nonresident school district under the open enrollment program. However, a child may transfer to a nonresident school district for early childhood education or 4K only if the child's resident school district offers the same type of program and only if the child is eligible for that program in the resident school district. Additional information about Wisconsin's Open Enrollment program can be found on the DPI's website: <http://dpi.wi.gov/open-enrollment>

- **Charter Schools**
