

ELEMENT SUPERHERO PROJECT

NAME:

DATE:

CLASS:

Due date: _____

You have been hired by *Elements of the Universe*, a comic book publisher, to create a new superhero whose appearance, characteristics and powers are based on an assigned element in the periodic table.

Directions:

- Students will conduct research to find information regarding their assigned element.
- Students will complete Superhero Project page to research facts about their element and draw a superhero based on this description.
- Students will write a story starring your element superhero that will be shared with the class. It must be at least 250 words in length, typed, and double-spaced.

Use the following websites to find out qualities **(both physical and chemical)** about the element assigned:
