Trisha Wyckoff, Arkansas City, Kansas, First Year Teacher
with Dr. Trina Harlow, Kansas State University

Students, Use this rubric to decide how you think you did on your art project or assignment. Thoughtfully answer each question with a yes or a no and think about your answer. Why did you answer the way you did? We can learn so much from art projects and activities.

- _____ 1. CREATIVITY: Were you uniquely creative in the choices you made? How?
- _____ 2. CREATIVITY: Was your art project's craftsmanship or design neat?
- _____ 3. PRESENTING: Did you share your art project or assignment with your family, friends, classmates, or teachers in person or digitally?
- _____ 4. RESPONDING: Did you make a good effort to complete and understand the assignment or project?
- _____ 5. CONNECTING: Did this art project relate to prior learning in your art classes at your school? What? (Hint: What else have we studied in art class that helped you on this art project or activity?)

5 Checks=You're a GREAT artist! 4 Checks=You're a great artist! 3=You're doing so good! 2=Keep tryinnng! 1=The next one will be better.
