# EXTREME WEATHER PROJECT

This project will require you to do independent research on an extreme weather condition of your choice. You will create a **book** 

The following are extreme weather conditions that you can choose for your brochure:

- Floods
- Hail Storms
- Ice storms

Your project will have the pages:

1. **A cover / title :** This will include the name of the extreme weather condition, as well as, a drawn picture of it or printed out picture.

The name of my weather is \_\_\_\_

Add a picture of the weather here:

#### 2. Description:

3. **Causes:** In this section you will explain how this extreme weather occurs in detail, using pressures, fronts, winds or any other associated weather vocabulary.

This weather is created when	
4. <b>Effects:</b> In this section you will explain the possible damage that this type	e of weather causes.
This weather is problematic because	
6. <b>Historical extreme weather event:</b> When and where has this happened	before?
One time this weather occured was in	
<ul> <li>7. Illustrations / Images: You will need to include at least 2 other small pictures throughout your brochure. These should be relevant to the sections they are placed in.</li> <li>Post two pictures below:</li> <li>8. 1-2 Discuss questions for your peers: Ask them a question about your topic that will help you see if they "got it."</li> <li>Ask 1 question to your friends here:</li> </ul>	
Grading At least 2 pictures added	/1
Class Time use and Science Fair Presentation Day	/5
All parts are included and properly labelled (2pts per section)	/16
Information and facts are accurate, cited and in your own words	/3
