

8th Grade Math small group

Please work on fifteen out of the twenty given with 70-75% accuracy.

W.6 Solve one step equations

W.7 Solve two step equations

W.9 Solve equations involving like terms

W.10 Solve equations with variables on both sides

B.1 Integers on number lines

B.2 Graph integers on horizontal and vertical number lines

CC.2 Interpret bar graphs

G.1 Convert between Standard and Scientific notation

CC.4 Interpret line graphs

T.9 Volume of cylinders

T.10 Volume of cones

T.13 Volume of spheres

A.6 Least common Multiple

EE.1 Probability of simple events

DD.6 Identify an outlier

DD.8 Outliers in scatter plots

DD.9 Scatter plots lines of best fit

Z.1 Identify functions

Z4. Rate of Change

P.3 Translation graph the image
