

DRAW WILBUR IN 6 STEPS!

YOU WILL NEED:

Kennedy Center Education Artist-in-Residence at Home

If you know how to draw shapes and write your name, you are ready to draw Wilbur, the Naked Mole Rat!

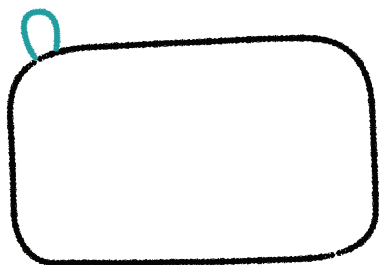

That's because drawing is just a bunch of shapes and letters put together in the right order. Let's try it!

1

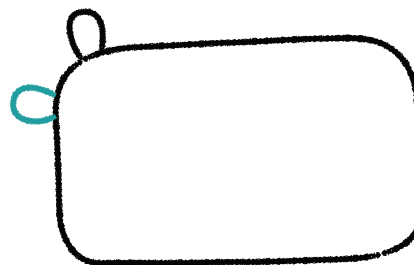

Wilbur's head is a rectangle with curved edges, like a bathtub. Let's draw one!

2

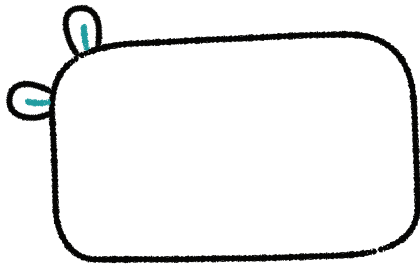

Make an upsidedown letter **U** on top of Wilbur's head.

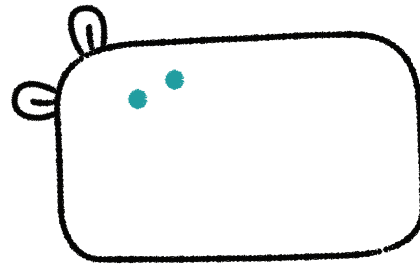

Then add a sideways letter **U** on the side.

3

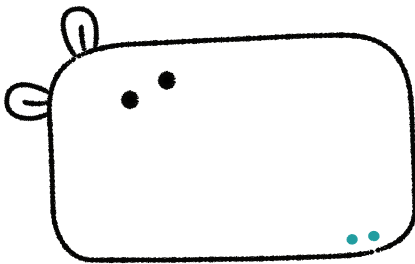

Draw a small line inside each of the letter **Us**.
Those are the ears.

4

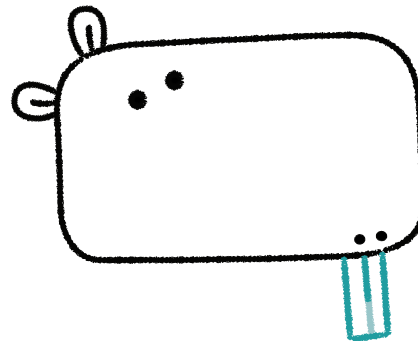

Below the ears, draw two dots for eyes.

5

Draw two more dots at the bottom for nostrils.

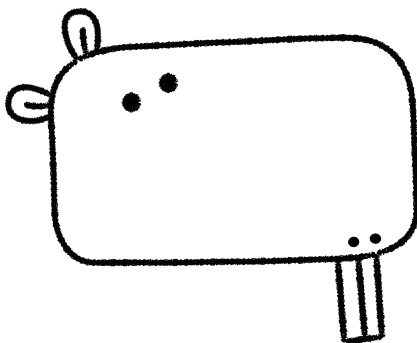

6

Under the nostrils draw a long rectangle, then
put a line in the middle of it for the teeth.

FINISHED!

What a great job! Don't forget to sign your name so
everyone can see what a great job **YOU** did drawing Wilbur!
