MAKING YOUR SUN CATCHER

Search out [circle coloring pages](#) to find many, many different designs. Shrink them down to measure 2 3/4" in diameter and print. Even if they're a bit bigger, you can cut them down later on.

If you don't know how to shrink the circle coloring pages down, you could always just print off some fun shapes and use those, too. You would just color the page, then trace around the actual [Mason Jar](#) Ring placed over the colored print as a guide to cut out your sun catcher. Easy-Peasy!
