

SCARSDALE HIGH SCHOOL
Mathematics Department

Senior Final Exam Exemption Policy
**REVISED March 2018

Seniors in AT Courses are **NOT** exempt! All AT Calculus students will either take the school final or the AP exam.

All AT Stats students must take the school final. The AP exam is optional.

Seniors in 431, 432, 433, 441, 442, 443, 444PC, 453, 454H and Computer 913 may qualify for exemption from the Spring final examination as follows:

<u>Midyear Cumulative Grade</u>	<u>Cumulative Third and Fourth Quarter Grade Required For Exemption</u>
D, D+	Not exempt
C- C, C+	B- or better
B-, B, B+	The same or a higher grade
A-, A, A+	A- or better

For a final average, the weights of the marking periods are in the ratio 3:3:2:2. This is due to the shortened 3rd and 4th quarters for seniors.
