Ten different industries are highlighted along the left as having jobs for individuals with an accounting degree. Please choose one industry of interest to you.

Your Assignment:

Create a Google Slideshow that answers the following questions. Start with info from the link and search further if needed.

1. What industry did you chose and why? (You might even write about a specific job(s) within that industry that are of interest to you.)
2. What education/degrees/certifications are required for this specific field or job?
3. Do you need “years of experience” to land this dream job? If so, how will you go about obtaining these years of experience?
4. How much money will you make in this job/industry?
5. Is there demand for Accountants in this industry or is the industry hard to break into?
