LATE WORK POLICY

ALL BILL assignments that are late will be zeros! It is important that you come to class prepared with background knowledge to actively participate in class activities.

Late BILL assignments can be completed for 50% credit after the due date.

Late NON-BILL assignments (labs, practice problems, etc.) will drop 25%.

Once assignments are graded and returned, the missing assignments will drop to 50%.

Once a unit is tested over, work for that unit can NOT be turned in for credit.

 - ~ Practice exams
- Cliff's AP Biology review (Please don't write in this)
 - ~ Practice exams
- EXAM PREP link on webpage
- SD Library- Learning Express Review
- Albert IO study link

SEE YOURSELF AND CLASSMATES AS TEACHERS

Everyone knows something. "Study buddies" and "Study groups" are encouraged.

In the past some classes have set up a Facebook group to help each other answer questions, discuss topics, or organize and communicate study sessions.
