QUESTIONS:

1. The IFB document states that the bid opening date/time is set for January 7th 2019 at 3:00PM and in Section A point #34 "Posting of Award" it is stated that the notice of the award or intent to award will be posted to the Purchasing Department website and Vendor Registry. My question regarding this process is are we to presume that the award posting will take place the same day as the opening on January 7th or will you be posting the award at a later date after the actual opening date?

The award notice will not be posted on the Purchasing Website or Vendor Registry on the date of the opening. The award notice will be released no later than three (3) days after the opening.

2. Do the iPads include their AC charger/adaptor units with them?

There are some chargers. We do not have a count on them.

3. Do the iPads have protective cases on them?

The iPads are in cases.

4. Do the iPads have any permanent etchings or logos on their cases?

There are no permanent etchings or logos on the cases.

5. Will the iPad come with chargers?

There are some chargers. We do not have a count on them.

6. Can the devices be re-marketed?

After the information has been erased/recycled, devices can be re-purposed.
