

February 2023 Family Circle Lesson

Families joined their children today in Family Circle! We celebrated World Read Aloud day by listening to Dr. Detmer read aloud *Doug the Pug and The Kindness Crew*. Families then played a board game where they took turns answering various questions about kindness. It was a special time for students to connect with their guests and explore our core value of kindness!

Everyone left with a challenge - to spread kindness wherever they go! Families can track their kind deeds by coloring a heart on their kindness tree at home.
