Meeting	Feb 5, 2024 - MINUTES: February 5, 2024 Study Session Meeting of the Board of School Directors
Category	1. OPENING OF MEETING
Access	Public
Type	Procedural

Call to Order: 7:05 pm

Dr. English opened the meeting: Good evening and welcome to our February study session. As we have a number of presentations this evening, so I will be short by saying that we are mid-year hitting our stride! The third marking period has officially started and the high school students are relieved to have completed their midterms. The winter sports season is coming to a close and we will be transitioning into spring sports fairly soon, which is exciting, and we can hopefully have some warmer temperatures. It's national school counselors week this week, and will be taking time to appreciate our school counselors, who consistently put the needs of others before themselves, and who work tirelessly to support students, families and staff each and every day. We couldn't do it without them, so we extend our appreciation. Let's rise for the Pledge of Allegiance.

Citizen Attendees:

Paula Tomlinson: 234 3rd Street, Oakmont

Emily Aftanas: 143 Oak Meadow, Oakmont

Sylvia Sullivan: 139 Oak Meadow, Oakmont

Aaron Boyer: 726 Fourth St, Oakmont

2. PRESENTATIONS

Subject	A. Presentation(s)
Meeting	Feb 5, 2024 - MINUTES: February 5, 2024 Study Session Meeting of the Board of School Directors
Category	2. PRESENTATIONS

Access	Public
Type	Presentation

Let's jump right into our presentations for this evening. We start with Mr. Vancheri, from Hosack, Specht, Muetzel and Wood to provide an overview of our 2022-2023 audit. Mr. Vancheri, thank you for being here.

a. 2022-2023 Audit - Justin Vancheri, HMSW

Thank you, Mr. Vancheri. I will turn it over Ms. Lubert, to introduce our next speaker, Mr. Joseph Christof, VP of Treasury Mgmt. for Dollar Bank.

b. Dollar Bank - Joseph Christof, VP Treasury Mgmt.

Thank you, Mr. Christof. As you know the fitness center is a part of our capital improvement plan. As such, our next presentation will be from Dr. Turk, who in collaboration with our Athletic Director, Mr. Thomas, our high school administration, our high school health and fitness teachers, and our head football coach, has led the fitness center bid and equipment process. Dr. Turk will provide the board with a summary of the process, the bids, and a recommendation for the board to consider in the voting meeting. The goal of which is to engage in a comprehensive and collaborative effort to provide a space for all 420 students to utilize, put forward a cost effective and judicious plan for purchase and implementation, and ensure that many occupants that will be utilizing the space have a representative part in the process. You will also be able to ask questions as you see fit.

c. Dr. Turk - Health and Wellness Center

Thank you, Dr. Turk. We thank you and the team for your hard work and efforts on this project. We will now move into a brief discussion on the calendar that was approved. The board did receive feedback from a parent regarding the calendar. We wanted to open the discussion up, once again, in case there were any discussion. The question, specifically, was in regard to adding 181 student days into the school calendar. I thought I would add a few points of clarification, and then open it up for any further discussion. First, the student days, act 80 days, and professional days, are all clearly delineated and set by the language in the collective bargaining agreement with the teachers. It sets for 180 student days. If we added an additional day, we would have to ask the union for an MOU, which would allow for an extra day for students. We did also discuss the end date for the 2024-2025 year in particular, as being boxed in by the US Open. This makes our end date more urgent. The only other days would have to be taken away during breaks or holidays, which parents and staff both express the need for. Therefore, the final decision, which was in collaboration with the administration and teachers, was to utilize the Thursday before spring break as the in person give back day for a snow day, and be sure to provide plenty of reminders for parents about the day, and explicitly include this into the calendar. This holds tight with our union agreements and avoids extending the school year. The last thing I will say, is that ultimately, it is a parent's decision whether or not to send their children to school. For instance, if they make travel arrangements on spring break and take the risk, they can always make a decision as a family to choose the vacation as opposed to having their child attend on that day. However, with proper lead time and reminder, we hope that will not be the case.

d. School Calendar/days

This study session is designated as our mid-year education report, and we ask our principals to provide a brief educational update to the board. Our principals met in person with the education delegates, Ms. Scheutz and Ms. Seery last week, to make sure they were briefed prior to tonight's meeting. Let's start tonight with Dr. Monroe. Mr. Z., and finally, Dr. Turk, who will present this evening, as Mr. Hewitt is at a technology education conference today and tomorrow with Mrs. Madden.

e. Mid-Year Education Update - Principals

Finally, although we have been showing progress of this project, we are in the final stages of the safety decal project for all three schools. I wanted to briefly show you the mockups. We will be asking for your approval in the voting meeting this week. This project, like all of our work, has been collaborative. The administration, the buildings and grounds and safety directors all had a heavy role in the project, and the mockups have gone through months of iterations. Some of our administrators have also run this through their steering committees as well. The purpose is to ensure the project was collaborative, we keep our students safe, we make sure that all additions work to enhance the curb appeal of the district, and we utilize capital funds judiciously. Here are the final mockups.

f. Safety Decal Project - Dr. English

Thank you to all those that presented this evening.
