2. Open the yellow "Library" folder and click on the "Library Catalog" icon.

3. Log in to the catalog with your Abington Google account.

To browse for books and place a hold:

1. Browse new books, eBooks, audiobooks, or selected topics. To search for a book, use the search bar at the top of the page. You can search by title, series, author, or subject/keyword.

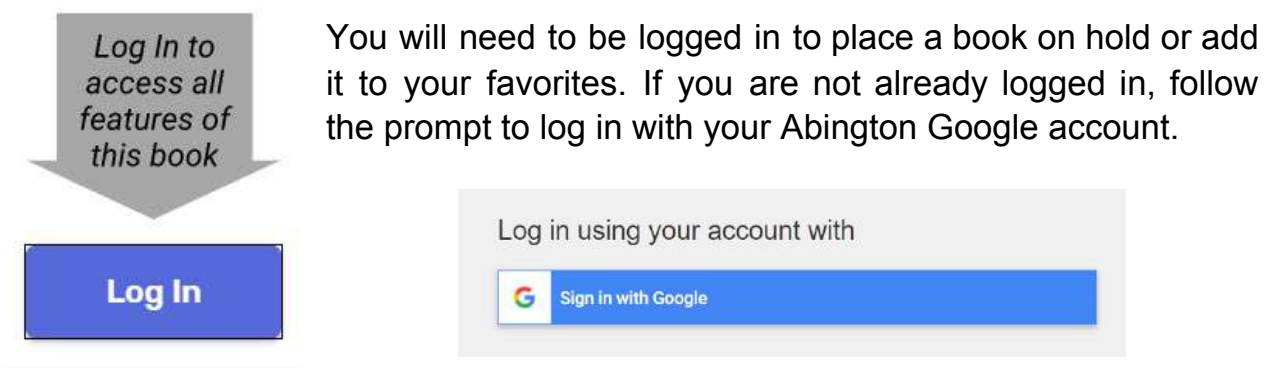

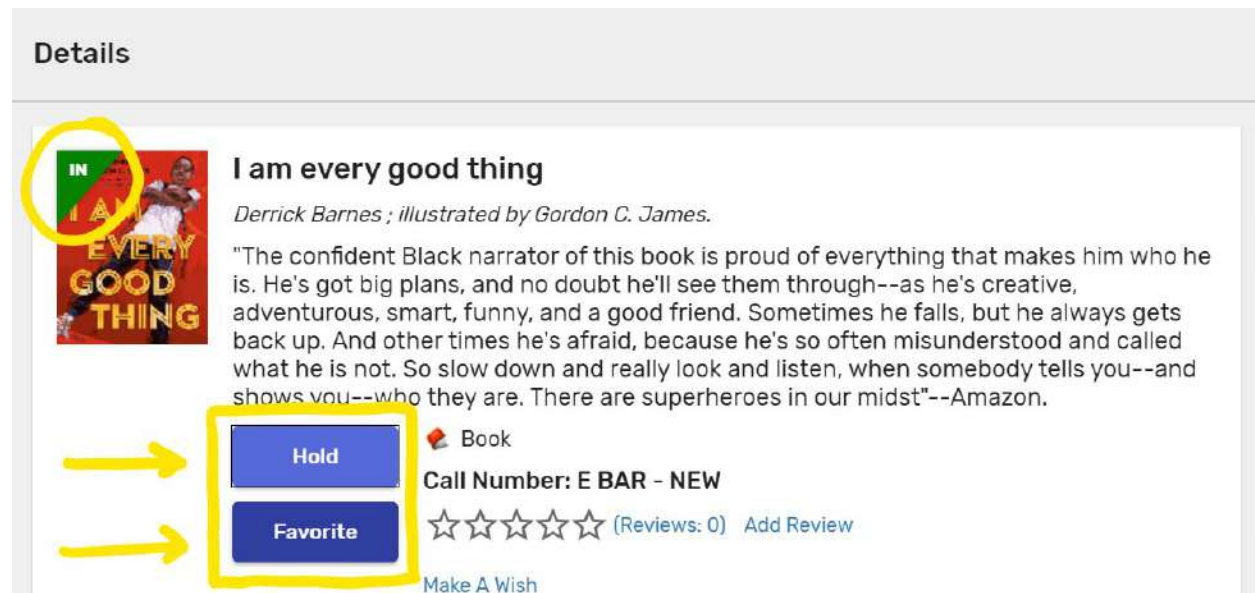

Books that are available have a green corner with the word "IN". A red corner with the word "OUT" means that book is not available at the moment; it may be in quarantine, or someone else may be reading it.
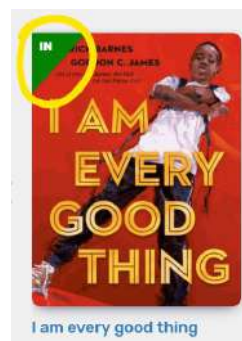

2. Click on the title or cover to learn more about the book. If you want to request it from the library, click the blue "Hold" button. If you want to bookmark or save it for another time, click the blue "Favorite" button to add it to your list of favorite books.

If you change your mind, you can click "UnHold" or "UnFavorite" to remove the book from your account.

You will need to be logged in to place a book on hold or add it to your favorites. If you are not already logged in, follow the prompt to log in with your Abington Google account.

3. **IMPORTANT NOTE: When you place a book on hold, you will see a preset pop-up message telling you that the book is ready and when to pick it up. Please ignore this message! If you are in cohort A or B, your book will be delivered to your classroom. If you are in cohort C, your caregiver will receive an email letting them know when your book is ready for pick-up.**
