

Free!!! Ancient Rome Google Earth Task Cards and Activities

Ancient Rome Google Earth Task Cards and Activities

This activity will allow you and your students to travel to Rome and see remnants of the ancient world using Google Earth. The task cards will take the students to the location of such ruins as the Colosseum and then will also bring them into a 360° photo sphere at the site. Each task card has a shortened URL that can be clicked on or entered into the omnibar or a QR code than can be scanned on a computer, chromebook, tablet, or phone.

Included you will find:

14 Task Cards

Field Trip to Rome Data Collection Sheet

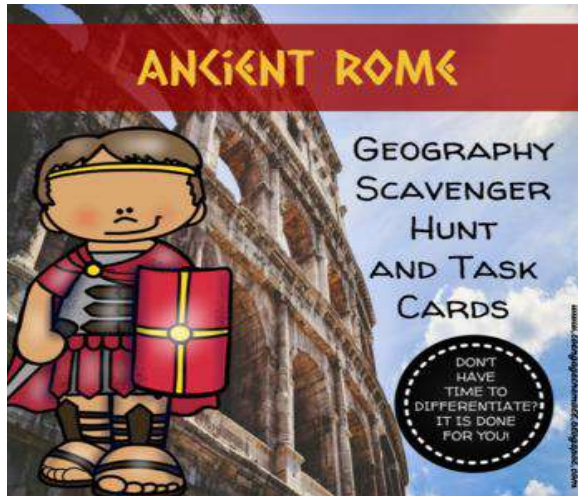

Text Messages from Rome Processing Activity

Project Rubric

Enjoy!!!!

FIELD TRIP TO ROME

Name _____

As you travel through Rome, pay attention. Take special notice of how it is different than the other civilizations we have studied.

	1 piece of information from the Explore Cards	What do you see? Explain the architecture.
Colosseum		
Trevi Fountain		
Roman Forum		
Pont du Gard, France		

	1 piece of information from the Explore Cards	What do you see? Explain the architecture.
Parco degli Acquadotti		
Aqua Claudia		
Pantheon		

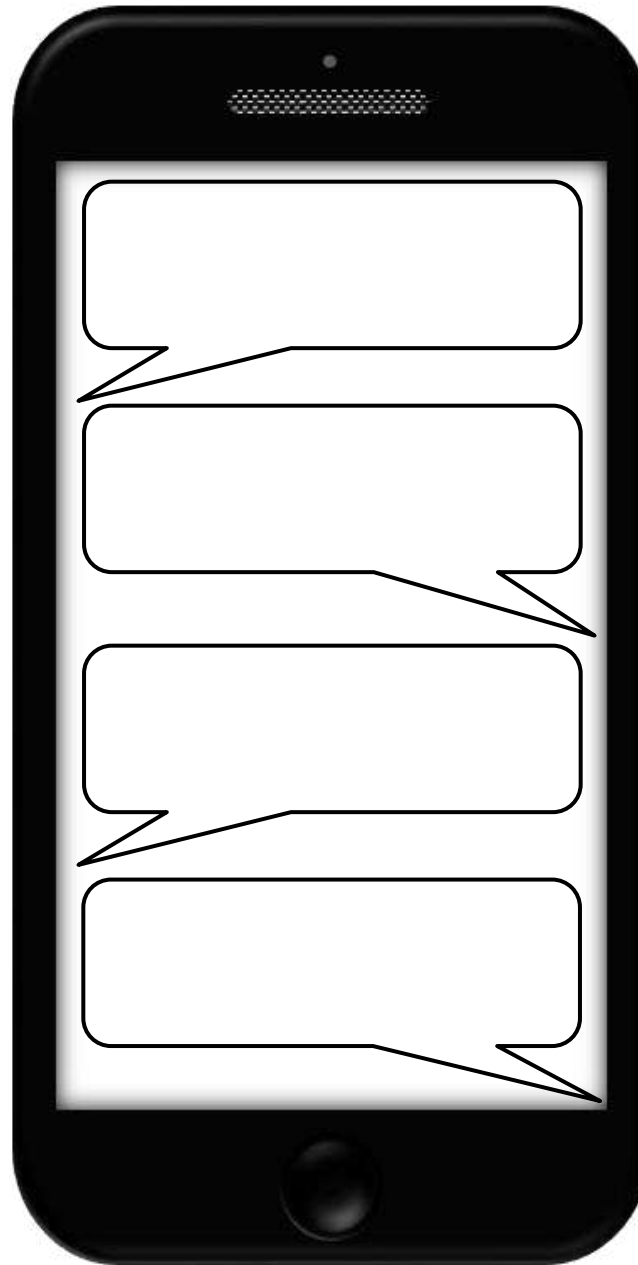

TEXT MESSAGES FROM ROME

Name _____

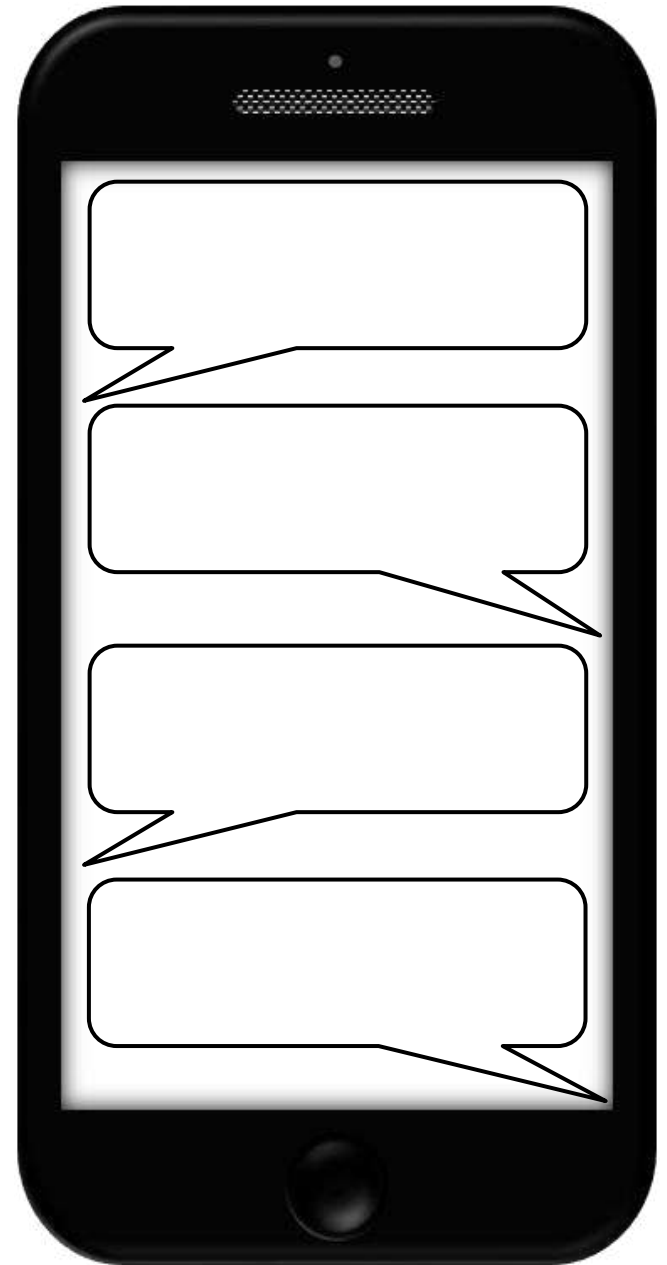

Directions:

Imagine you are vacationing in Rome and want to text a friend back home about what you see. Create a conversation that includes:

- 1) The names of at least 2 places.
- 2) Description of the architecture you see.

A black smartphone frame with a white screen. The screen contains four empty speech bubbles arranged vertically. The first bubble is at the top, followed by three more bubbles below it. Each bubble has a tail pointing to the right, indicating they are messages from the same person.
