## Instructional Notes

This lesson focuses on the l blends found at the end of words.

Students will read and write words that contain the l blend at the end of words.

blends we did last time expect this time the 2 consonants are at the end.

Sometimes when you say the first 2 consonants at the same time, their sounds often blend together and it might be hard to hear the 2<sup>nd</sup> sound. Today, we will focus on paying attention to those last 2 consonants.
