INTRODUCTION

Pemberton Township Schools is dedicated to the development of each student's potential for learning in the most positive environment possible. In order to achieve this goal, our schools must be free from disruptions, which interfere with teaching and learning activities. Students, parents and the school staff must assume a responsible role in promoting behavior that encourages learning and the development of individual potential. Copies of the Student "Code of Conduct" are issued to the students each September.

This student handbook is a powerful tool that can greatly assist both students and parents in making the student more accountable and efficient. It is our belief that regular use of the agenda book will also greatly enhance student safety.

The regulations included in the handbook are written for the students of Pemberton Township Schools so that they and their parents will better understand the school and its policies. **Each student is responsible for knowing these regulations. They should be reviewed with his/her parents, as they will be held accountable for the information in the Code of Conduct.** A productive learning environment is possible when students, staff, faculty, and administration are compliant with established procedures and collaborative in their efforts to improve upon these procedures.

Students, we are endeavoring to create a partnership with you and your parents to provide a quality educational experience at Pemberton Township Schools that will equip you to make responsible choices regarding your future. Your cooperation is essential to the success of our school community.

Pemberton Township Schools provides equal education opportunities for all students. The Affirmative Action Office can be contacted at (609) 893-8141, Ext. 1024.

Emergency Closing Information

Except in cases of emergency, schools will be kept open in accordance with the school calendar. When it is necessary to close schools because of extreme weather or other reasons, a Blackboard Connect telephone message will be sent out. In addition, radio station KYW-1060, will announce the DISTRICT CODE NUMBER 651. School closing information is posted on the district website, Facebook and Twitter, as well as broadcast on the Pemberton Township Board of Education's Channel 19, serving Pemberton Township, Pemberton Borough, and Joint Base McGuire-Dix-Lakehurst. Parents should not call the school unless absolutely necessary.

What Is The Student "Code Of Conduct"?

The Code is an official declaration of our school district which:

- Describes positive school environment, specifics, rights and responsibilities of students.
- Defines the attendance policy and other associated policies.
- Safeguards the rights of students
- Defines conduct that disrupts a positive environment and indicates the administrative responses to that conduct.

The Code is in force:

- On school property prior to, during, and following regular school hours.
- While students are on the school bus, or at the bus stop, for any purpose.
- During a reasonable timeframe before and after school.
- At all school-sponsored events and other activities where school administrators have jurisdiction over students, whether such events are in our school buildings or away from our school property.
- Events out of school, which may be reasonably expected to carry over into the school setting, may be assigned school consequences.

Attendance Policy

It is clearly recognized that the time spent interacting with a teacher in a classroom setting plays an important part in the total educational experience of a student. Attendance standards, then, must be reflected in the grading system. It is in the context of this notion that the following Pemberton Township Schools Attendance Policy exists.

In order for a student to receive course credit in a full year course, he/she must attend school for at least 166 full days. **Absences of more than 14 unexcused full days for yearlong courses or more than 7 unexcused full days for a semester course will result in the student receiving no credit (NC) and/or other consequences including the risk of not being socially promoted for all courses.**

In order for your child to succeed in school attendance is not only necessary, but mandated according to NJ Statute 18A:38-25 for students between the ages of 6-16.

As stated in the Board policy 5113, “an unexcused absence shall be defined as absence of a student from school, a class or classroom or his/her assigned program for a school day without proper notification by the student’s parent/guardian or for reasons other than those listed in this policy under Excused Absences, below.”

Excused Absences

The Board considers the following as cause for excused absence:

- A. Disabling illness; (requires a doctor note)
- B. Recovery from accident (requires a doctor’s note);
- C. Required court attendance (documentation shall be required);
- D. Family illness (serious illness of a family member residing in the household of the student or the quarantine of the family member, family or student in accordance with the directives of health officials);
- E. Death in the family (death of a family member of the student, including, but not limited to, parent/guardian, sibling, grandparent, aunt, uncle, etc.);
- F. Religious observance—In accordance with statute, no pupil absent for religious observance of a day recognized by the commissioner of education or this Board of Education shall be charged with an unexcused absence, deprived of an award or eligibility/opportunity to compete for an award, or of the right to take an alternate to a test or examination missed through such absence;

All absences for all other reasons shall be considered unexcused.

Parents are encouraged to keep track of student attendance at all times, through the Genesis Parent Portal.

Attendance Procedures: Students should always document absences when they have a doctors/dental appointment, etc. Please be aware that only the original notes will be accepted (No photocopies). Faxes must be sent directly to the school from the doctor’s office. Notes must be submitted by the end of the marking period in which the absence occurred. Also, the Attendance Office will verify all notes with the person or office, which issued the excuse. Students returning to school with medical equipment such as canes, crutches, wheelchairs etc. must have a Dr.’s note with instructions. **If any note has been altered, forged, or tampered with in any manner, the student will be dealt with as follows:**

- A – 1st offense: One Day Saturday Detention and a Parent Conference.
- B – 2nd offense: Two Days Saturday Detention.

The Principal responsible for attendance will be able to excuse all doctors' notes, death in the family and court appearances. All notes for such should be turned in immediately following the absence. An administrator must approve absences of unusual circumstances.

PLEASE NOTE: Mitigating circumstances (absences felt to be beyond a student's control or of an unusual nature) can be appealed to a building principal. Attendance warning letters will be sent to the student, the home, and the counselor after the 4th, 8th and 14th unexcused absences. On the 15th absence, a letter of NO credit will be sent.

Students who are absent must make up all assignments, tests and other teacher assigned requirements, as soon after returning to school as number of consecutive days they were absent. For example (1) if a student is absent for three days and a test was given during that period, the student must make up that test within three days after returning to school. (2) If a student is absent the day a term paper is due, that paper must be turned in to the teacher by the end of the day the student returns to school from absence.

Half-Days, Tardies & Early Dismissals

Late arrivals (Tardy) will be recorded if a student reports up to 2 hours late from the opening of school. If a student reports after 2 hours late in the morning, a half day AM absence will be recorded. Early Dismissals will be recorded if a student leaves school up to 2 hours before the close of school. If a student leaves more than 2 hours before the close of school, a half-day PM absence will be recorded. A student must be in school at least 2 hours to receive half-day credit for attendance on any given day.

Work Missed During Absences

Students are expected to make up all work missed because of absences from school. In cases of long term absences parents must request assignments through the Guidance Office. Assignments can be picked up from Guidance within 24 hours.

Students legitimately absent, or those who are suspended from school, are required to make up missed work as outlined in the Course Proficiencies.

NOTE: Students who willingly cut class or are truant from school will not be given the opportunity to make up missed work.

Child Custody Documentation Procedure

Parent must present Official Court Orders to the building principal, or at time of registration.

Eligibility Policy

Extra-Curricular Activity

A student who fails one or more major subjects on his/her report card will be ineligible to participate in extracurricular activities until the next marking period, with the exception of homework club/tutoring.

If a student is already involved in an extra-curricular activity, he/she may appeal to the principal. The principal will present the name(s) of the student to the athletic director (for sports). The principal may allow the student to remain in the activity with the understanding that the student will be required to participate in the homework club two days each week until the next progress report. The coach/advisor will provide the student with a permission slip for the homework/tutoring club. If the student's grade has improved to passing by the next interim report, he/she may return to the sport/activity full time. A written approval must be given to the principal from the coach/advisor. A student may only appeal once per marking period. Any further 'F's will result in dismissal from the activity for the entire marking period.

Participation in after school activities or attending field trips will be denied if the student needs medication and the orders are not on file with the school nurse.

Grading Procedure

The purpose for the existence of a grading system is threefold:

1. To report the students' educational achievement and progress to them and their parents.
2. To report the students' educational achievement and progress to prospective employers and schools the student may wish to attend after graduating from high school.
3. To assist the student and his/her counselor in planning the student's future.

The following symbols are used to represent grades:

A = 92-100 (excellent)

B = 83-91 (above average)

C = 74-82 (average)

D = 65-73 (Passing, below average)

F = Below 64 (failing)

The teacher will determine the final grade average for a course. Each letter grade has an assigned numeric value within the range of reference (subject to revision). A teacher's record book must denote how a grade was determined. The final grade is an average of all four marking periods and the quarterlies exams. The average of the four quarterlies will constitute 25% of the final grade. Any grades given will be based on evidence recorded in the teacher's class record book. Example: C, C, F, F does not automatically equal a "D" but depends upon the exact numerical grade recorded. The minimum failing grade in the 1st, 2nd, and 3rd marking periods is 55. In the final marking period a "0" may be awarded if earned.

Students are encouraged to discuss their progress with their teachers, counselors, and the principal. Students have the right to know what grades are recorded by their name and the teacher's interpretation of those grades. Students may also access their grades through Genesis to self-monitor their academic progress throughout the school year.

Genesis Parent Module

Pemberton Township Schools utilizes the Genesis Student Information System which allows parents access to student information through the Genesis Parent Module. Parents/guardians of students in grades three through twelve can obtain online access to the student's attendance, grades and assignments by completing the form sent home at the beginning of the year, or by downloading the form from the school website. After returning the form, your access will be enabled and you will be sent an e-mail regarding your username and password.

SPECIAL EDUCATION SERVICES

The Individuals with Disabilities Education Act is the primary federal program that authorizes state and local aid for special education and related services for children with disabilities.

New Jersey Administrative Code for special education (N.J.A.C. 6A:14) and the federal Individuals with Disabilities Education Act of 2004 (IDEA 2004) are laws that ensure children with disabilities a free, appropriate public education in the least restrictive environment. An important part of these laws provides parents with the right to participate in their children's education.

The special education process is initiated with a written referral. A referral is a written request for an evaluation that is given to the school district when a child is suspected of having a disability and might need special education and/or related services. Parents, school personnel, or any agencies concerned with the welfare of students, including the New Jersey Department of Education, can make referrals. If you believe that your child may have a disability, you may refer your child for an evaluation by submitting a written request to your school district.

Decisions regarding your child's special education needs are made at meetings. As the parent of a child who has or may have a disability, you have the right to participate in meetings and make determinations regarding the following:

- Identification (decision to evaluate);
- Evaluation (nature and scope of assessment procedures);
- Classification (determination of whether your child is eligible for special education and related services);
- Development and review of your child's individualized education program (IEP);
- Educational placement of your child; and
- Reevaluation of your child.

More information regarding the special education referral process and meetings scheduled with the IEP team can be found in the Parental Rights in Special Education handbook (PRISE), located on the NJ Department of Education website.

A case manager from the Child Study Team or Speech Department is assigned to each student with an IEP. They work with the students, parents, and district staff to develop appropriate programs and services for students with special needs. Pemberton Township Schools offer a continuum of special education services to address the needs of each student requiring special education. To the maximum extent appropriate, children with disabilities are educated with children who are not disabled in the Least Restrictive Environment (LRE). Specialized classes, separate schooling, or other removal of children with disabilities from the general educational environment occurs only when the nature and severity of the disability is such that education in general education classes with the use of supplementary aids and services cannot be achieved satisfactorily.

Parents or guardians of educationally disabled or potentially disabled students should feel free to contact Special Education Services at (609) 893-8141 ext. 1012, or visit the website at www.pemberton.k12.nj.us, click on 'Departments' then 'Special Services.'

Identification Cards

Each student is issued a photo identification card. **Each student must wear their ID whenever he or she is on the school property. Also, it must be available on request to teachers, administrators, hall monitors, and cafeteria staff.** Refusal to show ID will be considered as insubordination.

New ID's must be purchased for \$1.00 if original is lost. A student must report the lost ID to the main office to obtain a temporary ID and order a new one.

Personal Loss and Locker Security

Occasionally things happen at school where personal items belonging to a student get lost, broken or stolen. **All parents and students are cautioned that the school will not be held responsible for the repair or replacement of these items when situations such as that occur. If a student's possessions are damaged or taken by another student, the issue of replacement/repair must be settled between the parents/guardians of the involved students.** In circumstances where the damage or loss occurred

during the transgression of items in the school's discipline code, the students will be held accountable by the school for their actions. **The lockers are property of the Board of Education and may be opened by school staff as needed. Material in lockers is not to be considered held in trust by the Board of Education. Items lost or stolen will be the responsibility of the student.**

NOTE: Lost and found is located in the Cafeteria Lobby.

THEFT, RECLAMATION OF ITEMS WITHOUT AUTHORITY, AND/OR MISAPPROPRIATION

Taking the property of another student or staff member without permission is considered to be theft. For the purpose of this item, taking something off a teacher's desk without permission or taking something for use somewhere else in the school without permission of the person who had custody of the item will be considered theft. Depending upon the seriousness of the transgression and the intent of the person taking the item, the administration will have the option of utilizing various punitive measures: if it was ascertained to be an outright theft, a 1 to 5 day suspension from school, restitution and a possible police complaint could be imposed.

SELLING ITEMS TO OTHER STUDENTS

No student, at any time, is authorized to sell anything or any service to any other students in the school unless it is a sanctioned sale for the purpose of raising money for Newcomb Middle School activities, as approved by the administration. Action taken will be: Confiscation of the item(s) for sale/confiscation of any monies involved/1 day Refocus & Reinforcement/referral to the counselor.

Police in the School

Students have the same rights with respect to the police in school that they have out of school. They have the right to be informed of their legal rights; to be protected from coercion and illegal constraint; and to remain silent.

NJAC 6:29-10.1 is now in effect regarding issues of planned or threatened violence to others. The law defines a threat as a planned serious bodily injury, significant bodily injury, or death to another person. The duty of the school is to call the police. Once called, the police will immediately dispatch an officer to the scene and take such actions, as may be appropriate "given the circumstances". Students are encouraged to make use of the "**WeTip**" program on the school and district website. This program allows students and parents to anonymously report potential dangers and incidents.

Obligation Policies

1. Students cannot run for any office with an outstanding class obligation from one year to the next.
2. Students cannot participate in activities: field trips with subject classes, unless mandatory; field trips with Guidance Counselors; field trips with clubs; end of the year class trips, sports or clubs.
3. Letters to parents of students with obligations will be sent to their homes three times a year.
4. **Rather than allowing large debts to compound, all obligations will need to be settled each year with students in obligation status being excluded from athletics, clubs, social events and trips.**

Counselors

School counselors offer a variety of skills and a broad area of knowledge with which to help students, parents, and teachers establish beneficial relationships. Middle school counselors are in an ideal situation to enable students to achieve a solid beginning in their educational, personal, and social development.

They help students become more able learners, assist parents in their supportive roles, and enable teachers to provide beneficial instruction for all children. The guidance counselor and Intervention and Referral Services Team play a major role in discipline matters and are used to bring about positive behavior changes.

A copy of any custody/guardianship papers will be provided to the student's guidance counselor.

Suicide Awareness & Prevention

Suicide or Sudden Death

The Board of Education recognizes that the rate of self-destructive behavior is increasing among children and adolescents in this country. Pupils who experience depression are unable to benefit fully from the educational program of the school. Moreover, a pupil who attempts suicide poses a danger both to self and possibly to others.

Therefore, the Board of Education directs that all school personnel should be alert to the warning signs of childhood and adolescent suicide and the procedures to follow in the event of an actual attempt or completion. Such signs and behavior shall be taken seriously and reported to the school administration and student's guidance counselor who shall determine what further action is required. Other district employees may be used to intervene or assist with such situations. If emergency intervention is required, the pupil shall be taken to the appropriate medical facility.

In incidents of such potential self-destructive behavior, the pupil's parents shall be notified immediately and their cooperation shall be sought for immediate intervention. If the parent is unwilling to cooperate, the school administration and/or Guidance Department shall contact appropriate agencies to request intervention on the pupil's behalf. In cases of child abuse or neglect, school personnel are required to contact the New Jersey Division of Child Protection & Permanency (DCP&P).

CODE OF CONDUCT

Discipline

The Code of Conduct deals with students' rights and responsibilities. It outlines the expectations under the laws governing the educational community. Listed below are the areas affected by this "Code of Conduct" and the administrative responses for violation of the Code. In all cases where students are suspended from school, the parent will be contacted by telephone and by mail. In cases of in-school sessions, parents will be notified by telephone and/or mail.

These demerits will be recorded in the office and compiled on computer database for all administrators to review. A student may receive demerits for a variety of reasons, for example being late for class, cutting class, or disrespect towards a teacher. After having received 15 demerits, the student will be placed in *loss of privileges*. A student in *loss of privileges* may not represent the school in any public contact, contests, meetings, activities with other schools or the general public, extracurricular activities, or public events such as sports or drama performances nor can that student attend any non-academic school activities such as assemblies, dances and athletic contests (even as a spectator).

Students accumulating 15 or more demerits may reduce their demerit balance and remove themselves from the loss of privileges classification by not committing any infractions for 14 calendar days. At which point, 4 demerits will be removed. Additional consecutive weeks of good behavior will result in a reduction of 2 demerits for each consecutive week. A student can have additional demerits removed by arranging and performing community service. This service may be performed in the community and must be approved by an administrator in advance. Community service will be allowed only after the completion of two consecutive weeks of good behavior and only if the behavior record remains intact.

Demerit System

Accumulated Demerits and their Disciplinary Disposition

- 5 Demerits = each day of out of school suspension
- 4 Demerits = each day of Saturday detention
- 3 Demerits = each day of Refocus & reinforcement
- 2 Demerits = each day of after-school detention
- 0 Demerits = successfully serving a day of teacher assigned detention*

*Teacher detentions are assigned with a minimum of one day notice. If the student attends the assigned detention, no demerit will be issued. However, if the student does not attend, and does not have an approved excuse from the principal, an administrative detention, along with 2 demerits, is automatically assigned. The student should expect that detention assigned immediately.

Approved Consequences for Student Misbehavior

Teacher Detentions

Staff members are encouraged to hold teacher detention for infractions committed in their classes. Teacher detentions are assigned at the teacher's discretion with appropriate notice unless parents make other arrangements.

Administrative Detention Issued by the Principal

Detention is for approximately one hour after school in a supervised area. Students must bring homework or class work, or something to read. Failure to attend or unsatisfactory behavior will result in additional detentions, Refocus & Reinforcement, or possible suspension. Any students caught ridiculing students in After School Detention will receive one After School Detention.

RULES FOR AFTER SCHOOL DETENTION (ASD)

1. The ASD will be **rescheduled only if the absence is supported by a doctor's note, a verified death in the family, or through prior notification to the issuing office by the parent or guardian.**
2. **Schoolwork or books to be read must be brought to the detention for the student to use.** If the student fails to bring work to do or something to read, the detention will be graded as 'unsatisfactory.'
3. **The session begins promptly 5 minutes after the bell for end of school rings.** Students reporting late to detention will receive a grade of 'unsatisfactory.'
4. **The monitor in charge of the detention will grade the students on their behavior** during detention. If a student receives a grade of 'unsatisfactory' for behavior, then the student will receive a grade of 'unsatisfactory' for the session.
5. **If a student receives a grade of 'unsatisfactory' for their detention, they will receive two additional detentions.**
6. **If a student is ejected from an After School Detention due to behavior, they will receive Refocus & Reinforcement.**
7. **Once the session begins, the students are not allowed to leave the room.** No student will ever be prohibited from using the bathrooms. There is time allowed (2:42-2:50) before the detention starts for all students to use the bathrooms.
8. At the end of the session, the students will report to the front of the building to ride the late bus home.
9. Any student who stays after school for Administrative ASD may not participate in any after school activities that day (unless the teacher in charge of the activity has made special arrangements with administration prior to the day of the activity).

REFOCUS & REINFORCEMENT (R&R)

Refocus and Reinforcement is issued for an incident of misconduct of a serious nature. Unsatisfactory conduct in R&R will result in Out of School Suspension. Any student in R&R is not allowed to participate in any after school activities on the day they have R&R.

Rules for Refocus & Reinforcement:

1. Students are to report directly to homeroom upon arrival to school.

2. Students are to report to the Refocus & Reinforcement room after homeroom is completed.
3. Students will remain in the Refocus & Reinforcement room, or other designated area, for all nine periods. They will be taken as a group to lunch and the lavatory.
4. **Non-attendance at Refocus & Reinforcement will be excused and rescheduled only in the cases of illness verified by a doctor's note, death in the family, or prior parental contact. An unexcused failure to serve assigned R&R will result in out of school suspension.** Students who miss R&R due to excused absences will be placed into R&R immediately upon their return (at the principal's discretion), where they will complete the assignments that were assigned to them.
5. **Students must complete all assigned work.** Failure to complete the assigned work will result in an additional referral to the principal for additional R&R assignments or possibly out of school suspension. Students who habitually do not complete their assigned work, or who turn in dramatically unsatisfactory work, will be required to repeat the session.
6. **Students must take everything they need to complete their assigned work with them to the R&R room or designated area.** This includes, but is not limited to, work, books, and materials necessary to complete all assignments. Coats, lunches and all other personal items must be brought to R&R since there are no locker breaks.
7. **Students are to remain busy reading or completing assignments for the entire time they are in R&R.**
8. Students who sleep, or those who put their heads down, will be rated unsatisfactory. Students are encouraged to bring a book with them, or a list of missing assignments they can work on for their classes.
9. **Misconduct of any type** (talking, refusing to work, passing notes, etc.) **will not be tolerated in R&R.**
10. Students are responsible for processing the completed work as directed by the R&R monitors.
11. **If a student is ejected from R&R due to discipline problems, the student will be assigned out of school suspension.**

Student and parents are reminded that R&R is used as an alternative to suspension. Misconducts of any form while in R&R will indicate that the student is not interested in an alternative to suspension. Consequently, that student will be suspended out of school, and the **option of Refocus & Reinforcement may not be offered to that student again.**

SATURDAY DETENTION

In an effort to keep students in the educational setting, the option of Saturday Detention may be offered to the students in lieu of Out of School Suspensions, Refocus & Reinforcement Sessions, or other punishment. The following conditions apply:

1. Saturday Detention is not a guaranteed option, and will be offered only when funding is available.
2. Saturday Detention will never be offered for offenses where violence was involved.
3. Saturday Detention is an option which can be offered by an administrator, not a requirement the administrator must provide.
4. Parents/Guardians must drop off and pick up their children at the prescribed times.
5. The behavior and productivity of the students in Saturday Detention must be exemplary.
6. If additional discipline referrals are received for the student after the offer of Saturday Detention has been made, but prior to the serving of the actual Saturday Detention, the offer of Saturday Detention may be withdrawn by the administrator. The administrator will then issue all the punishments due for all of the infractions for which the student has been referred.

OUT OF SCHOOL SUSPENSION

A student getting suspended from school due to his or her inability to conform to the standards of conduct expected from a child of this age, **does not create an immediate requirement** for a classroom teacher to procure extra work, missed work, or other classroom related work for the student to do while he or she is denied access to the school. There are cases/instances/teachers where this might happen. **However, it is not a requirement.** If the parent/guardian requests the work (**a request is needed to start the process**), the guidance office will have 24 hours to assemble the work for the suspended student. The suspended student is given time to make up missed work using the formula of one day given for each day of suspension. If no request is made by guidance, the student's 'grace period' starts the day of their return.

Any student who attempts to attend school while in a 'suspended out of school' status will be sent to the Principal's office, where his or her parent/guardian will be notified that the student must be picked up from school. Students unable to be picked up will remain in Refocus & Reinforcement Session if there is space available in the R&R session. The student will then serve his or her suspension the following day.

STUDENT GRIEVANCE PROCEDURES

The Pemberton Township Board of Education affirms its responsibility to ensure all students in the public schools of Pemberton Township equal educational opportunity regardless of race, color, creed, religion, gender, ancestry, national origin, social or economic status. Harassment, intimidation and bullying is defined as any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents that is reasonably perceived as being motivated by an actual or perceived characteristic such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity & expression, or a mental, physical, or sensory disability or by any other distinguishing characteristic that takes place on school property, at any school sponsored function, school bus or off school grounds (18A:37-15.3)

These actions that have a negative effect on a student(s) or that substantially disrupts/interferes with the orderly operation of the school are considered HIB infractions and will not be tolerated.

Administrative Responses to HIB:

BOE policy 5032 will be followed, which directs that an investigation will be conducted and depending upon the serious nature of the incident(s) and the results of the investigation, consequences can range from a verbal or written warning to 10 days of out of school suspension, and in extreme cases, expulsion. Parents will be notified, school counselors will be notified to provide services and education on the harmful effects of HIB and, if warranted, a police complaint may also be filed.

INTERVENTION AND REFERRAL SERVICES (I&RS)

Each school district's board of education is required (N.J.A.C. 6A:16-8) to establish and implement a coordinated system in each school building, in which general education students are served, for the planning and delivery of intervention and referral services (I & RS) that are designed to:

- Identify learning, behavior, and health difficulties of students.
- Collect thorough information on the identified learning, behavior, and health difficulties.
- Develop and implement action plans which provide for appropriate school or community interventions or referrals to school and community resources.
- Work with teachers to assist in achieving the desired outcomes.

Pemberton Township Schools uses the Masonic Model as a vehicle to conduct I & RS. The Masonic Model is a strength-based intervention approach, which focuses on the whole child. The Masonic Model is based on the belief that the social and emotional needs of our students must be met in order to have academic success.

The Masonic Model Student Assistance Program

This model teaches educators to work as a team to assist students who are “at risk.” The objective is to provide early and effective interventions using resources readily available in the school community. This program is rooted in developing the social and emotional competence of the student.

Parents/guardians please reference the district website at www.pemberton.k12.nj.us. Once there click on departments---counseling services---IRST---a full explanation of this process is detailed along with a link at the very bottom of the page to upload the IRST/Masonic Model brochure that’s also available in all school buildings.

Student Conflicts

Incidents that are the result of actions not covered under the HIB policy that result in substantial disruption of the school day and the victimization or other students verbally, electronically, in writing or physically will not be tolerated.

Administrative Responses to Student Conflicts:

An investigation will be conducted and depending upon the serious nature of the incident(s) and the results of the investigation consequences can range from a verbal or written warning to 10 days of out of school suspension and in extreme cases expulsion. Parents will be notified, school counselors will be notified to provide services and education on the harmful effects of victimizing others and, if warranted, a police complaint may also be filed.

Guardian Complaint Procedure

Education is a partnership between school and home. In the event a guardian has a concern about an incident involving their student and the school the following procedure should be followed in order:

1. Speak with the teacher to resolve the issue; *if unresolved:*
2. Speak with the counselor; *if unresolved:*
3. Speak with the principal; *if unresolved:*
4. If the issue involves a certified teacher, submit detailed information to the Director of Curriculum in writing or via email. If the issue involves any other staff member, submit written concern to the Human Resources Manager; *if unresolved:*
5. Submit written concern to the Office of the Superintendent; *if unresolved:*

6. Submit written concern to Business Administrator to be forwarded to the School Board.

Guardians may call the County Superintendent's Office, the Police Department, or the Office of Institutional Abuse if applicable. Guardians will be sent a letter relating the action taken at each level and what avenues of recourse are available. Be aware, most personnel files are confidential. Guardians may file an Open Public Records Act request with the Business Administrator, and the district's solicitor will determine what information may be provided. Please note that the New Jersey Anti-Bullying law applies only to actions between students, not adults and students.

SOCIAL STANDARDS

Inappropriate public displays of affection between students are not allowed. This includes, but is not limited to, kissing, hand-holding, hugging, "draping" (one student wrapping arms about/over, or leaning on another student while standing or sitting next to them), or caressing. Any of these examples, or any other infraction, which, in the opinion of the administration, crosses these lines, will be written up as

"Inappropriate Physical Contact," and will be dealt with in accordance with the following tier:

First Offense:	Warning
Second Offense:	1 After School Detention/parent notification

SEXUAL HARASSMENT POLICY

Sexual harassment of students by other students or by employees of the District is unlawful under both New Jersey and Federal law, and is contrary to the commitment of this District to provide a stable learning environment. This School District will not tolerate sexual harassment or racial, religious and ethnic slurs. It is the policy of this School district that all contact between students, teachers, and other adult employees of this district be in keeping with respect for the individual student, be of a nature which does not make a student feel uncomfortable and be conducive to creating a stable learning environment. Sexual harassment includes making unwelcome sexual advances, engaging in improper physical contact, making improper sexual comments, or otherwise creating an intimidating, hostile, or offensive educational environment. All students and all district employees are expected to conduct themselves with respect for the dignity of others. If a student has concerns about the nature of any conduct or physical contact by an adult employed by this district, by a fellow student, or by a member of the public, the student should immediately report this concern to his or her teacher, guidance counselor, principal, or the Affirmative Action Officer (AAO), as well as discuss this concern with his or her parent or guardian. Students are encouraged to report any conduct or contact that makes them feel uncomfortable, is bothersome, or is contrary to a stable learning environment.

All such reports will be investigated immediately by the district. Anyone found to have violated this policy will be subject to the following action.

First Offense:	2 days Refocus & Reinforcement; parent contact, meet with school counselor
Second Offense:	1-2 days Out-of-School Suspension; Report filed with the AAO, Parent conference, possible police complaint
Third Offense:	3-5 day Out-of-School Suspension; Investigation by the AAO, parent conference, possible police complaint
Fourth Offense:	5-10 day Out-of-School Suspension; Investigation by the AAO and a possible police complaint

All such reports will be handled discreetly to maintain confidentiality in order to avoid embarrassment and to protect the student making the report. However, it should also be understood that this district is required by law to report child abuse to the Department of Human Services/DYFS.

DRESSING FOR AND PARTICIPATION IN PHYSICAL EDUCATION

Physical education is mandated by the state and local Boards of Education. **Grade 6 students are required to wear sneakers to participate in PE.**

A student can be excused from participation in gym only via a doctor's note specifying that the student is not to participate in Physical Education. This note should be submitted to the nurse's office during homeroom.

First Offense:	Verbal warning from teacher.
Second Offense	A letter home from the teacher
Third Offense:	Parent call from teacher and/or Guidance Counselor
Fourth Offense:	(4 times unprepared) Adm. Referral to Counselor

DRESS CODE

In keeping with the Board of Education policy, choice of school clothing should be made on the basis of safety, cleanliness, practicality, comfort, simplicity, and modesty. Types of dress that distract other students from learning or that cause disruptions are not acceptable in the school setting. What is appropriate for the beach or outside social activities is not necessarily appropriate to wear to school, or school-sponsored functions.

Incidences of failure to comply with dress standards will result in the following actions by the principal:

For Each Offense:	Student offered the opportunity to change into appropriate attire (gym clothes or clothing brought from home). If student is unable to change due to any reason, the student will be sent to Refocus & Reinforcement, a designated location for the day, or will be sent home with his or her parents.
-------------------	--

The following is a list of the most common concerns. It is not exclusive, and is provided to help the students and parents more easily envision what is expected.

- No one is permitted to wear articles of clothing that are "see through." Underwear is never proper outer attire at school.
- No chain-type jewelry hanging from clothing or pockets. Pants must be worn at the waistline.
- Clean short pants may be worn, but they must reach to at least mid-thigh (usually checked with the "finger-tip" rule, but subject to the opinion of administration).
- All dresses and skirts must reach to mid-thigh (usually checked with the "finger-tip" rule, but subject to the opinion of administration).
- No pajama tops or bottoms may be worn (including look-alike products which have pockets).
- Footwear: Safety is always the primary concern. House slippers, cleated or spiked shoes, shower shoes (Adidas, soccer slides) and flip-flops are never permitted. Fashion (i.e.: the height of the heels/soles or roller blades incorporated into the shoes) will not take precedence over safety.

- Shirts must have sleeves. Sleeveless tank tops, tube tops and halter tops are not permitted in the school. Single tank tops and muscle shirts may not be worn to school. This will apply to both males and females. A basketball jersey is considered to be a tank top.
- Clothing bearing obscene or objectionable subject matter is not permitted.
- No head gear, hats, scarves, head coverings, sweatbands, bandanas, combs, or picks, etc.
- Sunglasses are not to be worn inside the building.
- No spiked or studded belts, bracelets and jewelry that could cause harm to another.
- Pants and shirts may not contain holes or tears that make the clothing unacceptable for school.
- Rings designed to fit more than one finger will not be permitted in school.
- Clothing or item that advocates drug usage, violence, gang membership or other objectionable themes is not to be worn in the school.
- Any shirt that has buttons on it must have those buttons fastened (with the exception of the top two) while the student is at school.
- All outerwear (overcoats, jackets, windbreakers) and hats are to be placed in the school lockers upon entering the building, and are only to be removed/replaced when the students enter/exit lunch and in extenuating circumstances, which will be announced by the administration. For the purposes of this regulation, sweaters, sweatshirts and fleeces are not considered outerwear and may be worn.
- Any items worn for the express purpose of displaying gang affiliation or support (such as insignia, bandanas, medallions, wrist/neck bands, beads, markings, etc.) are strictly forbidden.
- “Hoodies” will be allowed unless the hood is placed on the head. Students continually abusing the “hoodie” policy will have the right to wear a “hoodie” revoked.

TOBACCO PRODUCTS, SMOKING, AND SMOKING RELATED MATERIALS *(Including electronic smoking devices)*

The Board of Education has taken the position that smoking in any form is detrimental to the health of students and forbids smoking or possession of tobacco in any form anywhere on the school grounds or the school buses. The nurse will require an updated prescription and doctor's note on file in the health office that states the dosage, frequency and duration. Violation of the policy can result in suspension from school and police arrest, in addition to a criminal complaint in court. Violators of this regulation not only break school policy but also the law. Therefore, these infractions are punishable by fines and/or jail sentences. A student exhibiting signs of being under the influence of alcohol or drugs on school property or at a school function shall be immediately reported to the principal or designee. By law, that person shall immediately notify the parent or guardian and the chief school administrator, and arrange for the parent or guardian to have their child seen by their family physician or by a hospital. If the chosen physician is not immediately available, the examination shall be conducted by the medical inspector, if the medical inspector is not available, the pupil shall be accompanied by a member of the school staff, designated by the principal, to the emergency room of the nearest hospital for examination. - b. Mandatory psychiatric/medical clearance prior to the student coming back to school.
- c. Possible expulsion proceedings.
- d. Possible Superintendent's Hearing prior to return to school.

First Offense: Depending upon the nature of the threat, and the history of the person issuing the threat; 1 to 3 days Out of School Suspension, or referral to Peer Mediation, or a referral to Guidance, or a referral to the Child Study Team, or a combination of two or more of these items.

Second Offense: Depending upon the nature of the threat, and the history of the person making the threat, a 4 to 7 day Out of School Suspension, or a referral to Peer Mediation, or a referral to School Counselor, or a referral to the Child Study Team, or a mandatory conference with the victim and parents of the victim invited to attend prior to returning to school, or a combination of two or more of these items.

Third Offense: Treated like Second Offense, with increased severity.

Assault/Fighting/Threats/Extortion

Inciting a confrontation, attacking, or threatening another – verbally or physically, with or without a weapon, will result in a one to ten (1-10) day Out of School suspension, a police complaint may be filed, and the Board of Education will be notified. A parent conference with the superintendent will be required for re-admittance.

Fighting is a physical altercation between two or more students. Students are encouraged to report issues to a counselor or the principal in order to avoid fighting. All fights will require referral to the school counselor.

Administrative Response:

First Offense: (1-4) days Out of School Suspension.

Response after a formal warning has been issued:

Second Offense: (3-10) days Out of School Suspension

Response after mediation:

Third Offense: (4-10) days Out of School Suspension.

Administrative Response: Up to a (5) day Out of School Suspension and a police complaint will be filed. A parent conference is required for re-admittance.

Verbal Threats Towards Staff

ASSAULT OR INJURIES TO EMPLOYEES

Any student who commits an assault, as defined pursuant to N.J.S. 2C: 12-1, upon a teacher, administrator, board member, or other employee of the board of education, acting in the performance of his/her duties and in the situation where his/her authority to act is so apparent, or as the result of the victim's relationship to an institution of public education of this state, shall immediately be suspended from school consistent with procedural due process pending **possible** expulsion proceedings before the local Board of Education.

For each offense: 4 -10 days Out of School Suspension **and a police complaint.**

WEAPONS

"Weapon" means anything readily capable of lethal use or of inflicting serious bodily injury. Possessing or concealing any item which can be constituted as a weapon will result in the following 4 to 10 day Out of School Suspension/parent conference, superintendent's hearing, possible police complaint and possible recommendation for Long-Term Suspension (up to one year) or expulsion. "Look-alike/imitation weapons" will be considered weapons and receive the same penalties. Today, many toy pistols and guns look too authentic and may be thought to be real. Air guns or BB guns not only look like real guns, but also are considered weapons. Examples of other weapons include, but are not limited to:

1. Firearms, even though not loaded or lacking a clip or other component to render them immediately operable.
2. Components that can be readily assembled into a weapon.
3. Knives, explosive devices, blackjacks, bludgeons, metal knuckles, bats, pipes, chains, sling shots, leather bands studded with metal, box cutters or razor blades imbedded in wood.
4. Stun guns and any other weapons or device that projects, releases or emits any other substance intended to produce temporary physical discomfort or permanent injury.
5. Any item not listed here that, in the opinion of the administration, the student used, or intended to use, as a weapon.

FIREARMS

As per the recently approved "Zero Tolerance for Guns Act," any pupil who is convicted or adjudicated delinquent for possession of a firearm or crime while armed with a firearm or found knowingly in possession of a firearm on any school property, on a school bus, or at a school-sponsored event shall be immediately removed from the school's regular education program, pending a hearing before the local Board of Education to remove the pupil from the regular education program for a period of no less than one calendar year, subject to modification on a case-by-case basis by the chief school administrator.

UNLISTED OFFENSES

The administration reserves the rights to deal with other offenses that may arise that disrupt the educational process not included in the aforementioned in accordance with the severity of the offense.

Any student found in the hallways without a pass will be escorted back to class. Note: Library passes are only to be issued by regular classroom teachers. Duty teachers and substitute teachers cannot issue library passes. A few library passes will be available at the lunchroom for students to use who want to return books or do research during their lunch period.

STAYING FOR AFTER SCHOOL ACTIVITIES

Staying for after school activities is permitted as long as a certified staff member supervises the students and previous parental consent has been obtained. The students must arrange transportation in advance. No student is allowed to stay for after school activities if he or she has served Administrative After School Detention (ASD) or Refocus & Reinforcement session (Refocus & Reinforcement) on the day of the event (unless alternative arrangements have been made with administration by the teacher in charge of the activity prior to the day of the activity), if they have been banned by the administration, or if they have been identified as a gang member, or potential gang member (see “Gang Related Activities”).

Participation in after school activities or attending field trips will be denied if the student needs medication and the orders are not on file with the school nurse.

AFTER SCHOOL ACTIVITY BUSES

Students must follow all bus rules stated in the code of conduct. Students who violate bus rules will be disciplined and continued misconduct will result in a suspension of activity bus privileges.

COMPUTER STANDARDS AND USAGE

Students are responsible for good behavior on school district computer networks. General school rules for behavior and communications apply. Violations may result in a loss of access, as well as other disciplinary or legal action. Students who do not have a signed computer contract on file may not use any building computer. Inappropriate use of a computer will be dealt with on an individual basis.

LOST OR DAMAGED TEXTBOOKS/ iPADS

Pupils who cause damage to school property will be subject to disciplinary measures. The Board authorizes the imposition of a fine for the loss, damage, or defacement of a textbook and reserves the right to withhold a report card or diploma from any pupil whose payment of a fine is in arrears. See iPad Handbook for additional information regarding iPads.

FRAGRANCE PROTOCOL

There are students and staff with sensitivities or allergies to strong fragrances. Those sensitivities and allergies may be chemically based, such as perfume, fabric softeners, and collagen. Some sensitivities and allergic reactions are triggered by cut flowers or plants. We ask that everyone remain respectful of those with sensitivities and allergies. Reasonable accommodations may be necessary. Please remember they did not choose to have this sensitivity or allergic reaction and your cooperation is greatly appreciated. The use of AXE, TAG, and any other scented sprays will not be permitted on school grounds or on school busses. Possession/use of these items will be punishable by a detention, R&R or OSS.

EMERGENT SITUATIONS

In the event of a threat of violence, credible suspicion of weapons, or any potential environmental issues, direction will be given to students and staff to enact appropriate emergency procedures. In the event of a lockdown or shelter-in-place, **no one is permitted to enter or leave the building until the all clear is given.** We will provide information to guardians as soon as possible, and regularly throughout an emergency via the website and global connect. **Do not call or go to the school** during these emergencies. School personnel are busy handling the emergency and first responders cannot have additional people at the scene. It is critically important to have updated contact numbers so you can receive information and direction as to where to assemble, should that be necessary.

BUS CHANGE REQUEST GUIDELINES

Request for Bus Changes due to Baby-Sitting/ Child Care situations (Neighborhood Schools only)

- 1) All changes must be approved by Transportation Coordinator (893-1963)
All approvals (dated and signed by Coordinator) will be e-mailed or faxed to School Principal
- 2) Before an approval is made there must be room on the bus (no more than 51 existing passengers).
- 3) A written requested bus change made by the parent/guardian is a permanent change for the remainder of the school year. The change is consistent and does not vary. The baby-sitting arrangement does not have to be every day of the week as long as it is consistent every week (i.e. Monday, Thursday, Friday). A statement must be signed by the parent that this is a permanent arrangement for the school year.
- 4) Only exceptions to be considered by the Transportation Coordinator, in consultation with the principal, would be medical conditions and/or active military assignment of the parent/guardian (with a doctors' note or military document.)
- 5) If condition stated under 3) above is violated by the parent/guardian, future requests by the parent/guardian will be denied by the Transportation Coordinator in consultation with the principal. The student will only be entitled to transportation to and from the students' resident home.

PROMOTION AND RETENTION

The following rules are promulgated with the policy of the Board of Education dealing with the promotion and retention of pupils. **Implementation of this regulation will be at the Principal's discretion.**

A. Standards for Pupil Promotion

1. Elementary (K-5) and Secondary (6-8) – A pupil will be promoted to the next succeeding grade level when he or she demonstrates the proficiencies required for movement into the next grade and has satisfactory attendance according to the district attendance policy.

B. Procedure for Retention or Promotion in Grades 6

1. If failing Core Content Courses at the end of the second marking period, students will be offered after-school targeted instruction that will be skill based.
2. If a 6th grade pupil fails more than one Core Content Course at the close of the school year, he/she will not be promoted to the next grade.
3. Pemberton Township does not offer summer school. However if a parent sends a student to a pre-approved summer instructional setting at their own cost and the student completes and passes the curriculum equivalent of the failed subject; the principal may promote the student to the next grade.

SCHOOL HEALTH SERVICES & REGULATIONS

School Health Services are provided by the school nurses for the purposes of:

1. Care of emergency sickness or injury in school.
2. Communicable disease prevention and control.
3. Determination of health needs.
4. Follow-up and interpretation of health needs to pupils and parents.

Parent cooperation is requested in the following situations:

1. A doctor's note is needed when your child returns to school from an absence due to illness or injury. A gym note should also be obtained from the doctor if your child is unable to participate in physical education class because of the illness or injury. Another doctor's note is required to clear your child to safely return to gym class, recess, or afterschool physical activity.
2. Students returning requiring medical equipment, such as crutches, wheelchair, cane, etc. must have a doctor's order for the equipment. They will not be able to participate in any physical activity unless cleared by the doctor.
3. If your child is absent due to illness or injury, please call the school to inform us of the problem.
4. Changes in your child's medical condition, any medication changes, or any recent medical procedure should be brought to the attention of your child's school nurse. Your child's school nurse will coordinate care with your child's teacher as needed. The school nurse should also be informed of medications your child takes at home.
5. Your child should be kept home and the nurse should be contacted if he/she has contracted any communicable diseases: i.e., measles, mumps, strep throat, ringworm, chicken pox, pink eye, etc. A doctor's note to return to school will be required. Ringworm must be covered while at school.
6. If your child becomes ill or injured in school, you will be called to make arrangements for him/her to be picked up.

HEALTH REGULATIONS IN GENERAL

1. Keep up-to-date home, work, and emergency telephone numbers filed in the Nurse's and main office. You, as the parent(s)/guardian(s) have the responsibility to keep these numbers current. The school has no place to care for your child for an extended length of time. We must have the name and telephone number of a friend, relative, neighbor, or baby sitter who would be able to care for your child until you return home. Please remember, you are responsible for your child's welfare 24 hours a day.
2. A child who has diarrhea or vomiting cannot be sent to school. A child who has been sent home due to diarrhea or vomiting should remain at home the rest of that day and the following day or longer until symptom free. Example - If a child is sent home sick on Wednesday, student cannot return to school on Thursday, may return on Friday – *only if they are no longer experiencing diarrhea/fever/vomiting and are symptom free.*
3. A child who has a fever cannot be sent to school. A child sent home from school with a fever (100 degrees Fahrenheit or above) should not return to school until the temperature has been normal (less than 100 degrees Fahrenheit) for 24 hours without medication. See above example.
4. Any child with a rash should not be sent to school until it has been determined not to be contagious by a health care provider in writing. A note is required for return to school.
5. Students who have a doctor's note stating they cannot participate in gym, also cannot participate in recess or after school sports for the time frame specified on the doctor's note.

ENROLLMENT PROCEDURES & IMMUNIZATIONS

Please inform the school nurse of any specific health problems your child may have; even the slightest condition may have an effect on your child's learning process. New students to our district must have a physical within 30 days of enrollment, regardless of their age. It is important for parents/guardians to obtain subsequent medical examinations for their child at least once during each developmental stage, at

early childhood (pre-school through grade three), pre-adolescence (grade four through six) and adolescence (grades seven through twelve) per NJ Administrative Code – Chapter 16, subchapter 2, 6A:16-2.2. All new students must also, by law, present an up-to-date record of immunizations (required by the State of New Jersey) before being admitted to school.

STATE OF NJ 6th GRADE IMMUNIZATION REQUIREMENTS OR ANY NEW STUDENT 6th GRADE AND HIGHER

Tdap and Meningococcal vaccines are required for all entering 6th graders who are 11 years of age or older; 6th graders < 11 years must receive Tdap and meningococcal vaccines once age 11 is reached. Students who do not meet these requirements *will* be excluded from school.

MEDICATION POLICIES

New Jersey State Law regulates that the administration of medication to students in school be discouraged except when the student's health may be jeopardized without it. The following rules must be followed.

1. Medication will be dispensed to your child by the school nurse.
2. At no time may a student carry/self-administer any medication unless there is a life-threatening circumstance and permission is granted in writing by your child's physician and you.
3. Students must have a written statement from a doctor stating that the medication needs to be given at school. Written permission from the parent needs to accompany the physician's statement.
4. Medication orders must be renewed at the beginning of every school year. Participation in after school activities or attending field trips will be denied if the student needs medication and orders are not on file with the school nurse.
5. The medication must be in the original container and clearly labeled by the pharmacist with the student's name, the medication (check to make sure it has not expired), the dosage, and the time to be given.
6. The medication must be given to the school nurse by a parent/guardian and will be stored in the nurse's office.
7. Students with asthma, serious allergic reactions or diabetes are required by state law to have action plans completed every school year.
8. The state of NJ requires that a trained delegate be available for any student who may need an epi-pen or glucagon when the school nurse is not available. Please have your doctor complete those forms every school year.
9. Students who have doctor's orders to carry/self-administer their inhalers/epi-pens should have one in the nurse's office and carry one at all times.

SPORT PHYSICAL PAPERWORK (MIDDLE and HIGH SCHOOL)

1. The sport physical may only be completed by a licensed physician, advanced practice nurse or physician assistant that has completed the Student-Athlete Cardiac Assessment Professional Development Module. (Per the Scholastic Student-Athlete Safety Act (P.L. 2013, c.71), N.J.S.A. 18A:40-1.1 & N.J.S.A. 18A:40-41d) It is recommended that you verify that your medical provider has completed this module *before* an appointment. If you do not have health insurance Southern Jersey Family Medical Center (609-894-1100) can provide services.
2. Only the NJ Department of Education Pre-participation Physical Evaluation Form can be used for sport physicals. The form must be filled out completely by the parent and physician. Incomplete forms will be returned and the student will be ineligible to participate in a sport until it is

corrected. Reviewing the paperwork before you leave the doctor's office will save you a lot of time and aggravation later.

3. The Pre-Participation Physical Evaluation Form (4 pages) must be taken with you to your doctor's office. The parent completes the History Form/Supplemental History Form. Your physician must review the History Form/Supplemental History Form and then fill out the entire Physical Examination Form/Clearance.
4. The Physical Examination/Clearance form is good for 365 days or one calendar year. (example – 3/2/12 to 3/2/13) If your child's physical should happen to expire in the middle of the sport season, they will be allowed to finish/complete that specific sport only (intramural or interscholastic). Example – participating in intramural basketball and physical expires middle of intramural basketball season, can play until the end of intramural basketball only. Student would need a new physical to participate in interscholastic basketball.
5. Per NJ state law all sport physicals must be reviewed and approved by the school physician prior to any tryouts or practice. All paperwork must be completed and returned in a timely manner to ensure approval and eligibility for sports participation. The school physician will be available to sign the physical exam forms prior to the start of each season on his/her regular scheduled day – *which is once a week*. If physicals are turned in after the school physician's scheduled day, there will be a turnaround time of 7 to 14 days. **PLEASE PLAN AHEAD AND GET YOUR COMPLETED PHYSICAL TURNED IN AT LEAST 2 OR MORE WEEKS PRIOR TO TRYOUTS.**
6. Students with asthma, serious allergic reactions or diabetes are required by state law (N.J.S.A.18A:40-12.3 & 12.8, N.J.S.A. 18A:40-12.5 & 12.6, N.J.S.A. 18A:40-12.11 through 12.15) to have action plans completed every school year. If these forms are not returned, your child will not be able to participate in any after school activities (sports, clubs and trips).
7. The school district will provide written notification to the parent/guardian, indicating approval of the sports physical based upon review of the physical by the school physician, or must provide reason(s) for the disapproval of the student's participation.
8. A Health History Update Questionnaire for athletics must be completed every 90 days or prior to a new seasonal sport (fall, winter, spring) per state law. The update informs the nurse if your child has had any medical problems since his or her last physical. Explain all "yes" answers on the parent form and a doctor's note may be required for clearance.
9. Parents and students must also sign that they reviewed the educational fact sheet on sports-related concussions and sudden cardiac death in young athletes, before any student participation in sports. This paperwork will be given out by the coaches/athletic trainer.
10. For more information – please review the state's website *Frequently Asked Questions* which are available at: <http://www.state.nj.us/education/students/safety/health/services/athlete/faq.pdf>.

NURSE'S OFFICE FORMS (MIDDLE SCHOOL)

All forms are available in the nurse's office upon request and can be downloaded from Newcomb Middle School's website, go to *Directory* then *Nurse's Corner*. During the summer months, physical and medication forms are available in the main office.

Once your child's paperwork is completed, he/she needs to personally bring it to the nurse's office. Handing it directly to the nurse cuts down on lost paperwork. This also gives the nurse the opportunity to ask your child any questions if needed. We advise you to make copies for your own records of any paperwork you send to the school. We are unable to fax or make any copies for you.

PEDICULOSIS

Pediculosis (head lice) is a condition which can affect children of all ages. Head lice occur without regard to income or social economic position. In school transmission is considered to be rare and no disease is associated with head lice. Our district has a no live lice policy and students with live lice will be sent home for treatment. Students must be brought to the school by a parent/guardian to be examined by the school nurse before readmission to school, to ensure that pediculosis treatment has taken place and that no live head lice are present. If at the return examination your child still has live head lice, you will be required to take your child home for further treatment. Students with nits only, are not excluded from school. At the discretion of the school nurse, it may be appropriate to screen other children who have had close head to head contact with the student who has active head lice, but classroom –wide or school wide screening is not merited. Maintaining the student’s privacy, family confidentiality, and preventing stigmatization are vital. Therefore, letters will no longer be sent home if a case of head lice is discovered. The school nurse retains the authority to, in consultation with school administrator(s), to exclude a student with a current case of head lice for which there is inadequate management by the parent/guardian. This student may be referred to his/her healthcare provider and/or the Burlington County Health Department for additional intervention. This policy is endorsed by national organizations such as the American Academy of Pediatrics, American Public Health Association and the National Association of School Nurses. Similar policies have been adopted successfully by school systems throughout the country.

HEALTH SCREENING PROCEDURES

Growth and development are related to inherited characteristics and environmental influence throughout the life cycle. We screen your child per the State of New Jersey guidelines. If there is a concern, you will be notified and advised to consult with your physician for further evaluation and treatment of any problem.

HEALTH INSURANCE

Many of you have your children covered under your employer plan. However, some children do not have any coverage and this is where our school system can help. Governor Corzine signed into law P.L.2008 Chapter 38 mandating that all children under the age of 18 have health insurance.

This is a tremendous opportunity because we will help you obtain health coverage for your children and possibly your entire family by sending your contact information to NJ Family Care. Written consent is required pursuant to 20 U.S.C. 123g (b) (1) and 34 C.F.R. 99.30 (b) so, the parent must sign in the health insurance section on the Emergency Information Verification Form and we will send your contact information to NJ Family Care. The Emergency Information Verification Form (emergency card) will be sent home the first day of school with your child.

Please feel free to contact your school nurse with any questions regarding NJ Family Care or you can contact them directly at (800) 701-0710 or visit www.njfamilycare.org to apply online. If you have applied recently and are receiving coverage please let your school nurse know. This will allow our district to keep your child's information up-to-date.
