

FLORA AND FAUNA MASH UP

Flora= Plants, Fauna=Animals

Jon Ching is a Hawaiian artist who often combines flora and fauna in his work in unexpected ways. Take a minute to notice how he has combined these animals with leaves, seaweed, flowers, and mushrooms.

You can check out his work in color on his website:

jonchingart.com

or use the QR code to see this handout in color.

Your assignment:

- You will be using colored pencils on paper.
- Use Google to research ideas for animals and plants! Find some reference images of an animal and some plants you'd like to combine.
 - How will you combine these two elements?
 - What will you include in the background?
 - What colors will you use?
- Your colored pencil should reflect color mixing, shading, and good craftsmanship.

UPLOAD YOUR FINAL IMAGE TO GOOGLE CLASSROOM

I CAN'T WAIT TO SEE YOUR CREATIONS!
