Session 4 (Synchronous)	March 27	8:30 AM - 11:30 AM
Session 5 (Synchronous)	April 10	8:30 AM - 11:30 AM

Self-Regulated Strategy Development (SRSD) is an evidence-based pedagogy. It teaches students how to use the writing process and equips them with the necessary skills and strategies to become self-regulated, successful writers. Participants will complete asynchronous learning and attend five synchronous meetings to learn and process thinkSRSD strategies. Participants will also use the framework to teach writing to their students for approximately two weeks over the course of the semester.

AUDIENCE

Elementary Teachers in Grades 3rd-5th;
Instructional Coaches
