

Summer Session 2016 June 30<sup>th</sup>-August 15<sup>th</sup>

**ELWOODS BOOSTERS**  
Elwood Middle School

Give your child the opportunity to create while having fun! Here at art space we encourage curiosity and self-exploration. All lessons are open ended to allow each child to create ideas at their own level. Our certified teachers are trained to encourage personal artistic growth through individual observation and guidance. Our approach to art making embraces the wide age range of children. We feel the younger group is endlessly inspired and motivated by our older students, while the older students are reminded of the freethinking approach to art. Although we do break the class up into groups at times all students are encouraged to work together as a team. Each week includes a wide range of art media such as painting, sculpture, printmaking, drawing, clay, collage and much more! . So join us for a full or half day program. Weekly sessions are available, daily rates available during summer, but are subject to availability. Contact Artspace 631 894-4ART or artspaceli.com
