Breakfast is often skipped when your morning starts off on a stressful note. Students that skip breakfast tend to have trouble focusing and this makes learning difficult. For the wellbeing of our students, we will continue to offer school breakfast to all students each weekday morning from 7:45 AM-8:20 AM.

Our School Breakfast Program is available to all students every weekday morning at no charge. It is an easy, nutritious way for students to get the energy boost their bodies and minds need so they're ready to focus and learn during the day. Research shows that children who eat a healthy breakfast perform better physically, emotionally and academically. Studies show students have fewer behavioral issues, fewer absences, and fewer visits to the nurse's office, compared to students who do not start their day with breakfast.

We thank you for helping us make sure that all of our students start the school day with a healthy breakfast.

Healthy meals, make Healthy Students.....Physically, Emotionally and Academically.
