Writing Requirement

The Applicant must compose an essay of not less than 500 words, citing your sources, regarding the topic listed below.

Over the past two decades, drug overdose deaths have claimed far too many lives, with more than 250 Americans now dying each day from an overdose. These sobering statistics represent individuals, families and communities that have been deeply and forever impacted by this crisis. While in 2020 the focus was on Opioid abuse overdoses, the shift has become overdoses associated with illegal Fentanyl and Fentanyl abuse. Fentanyl in the United States is being supplied by multi-national drug suppliers.

What are the best solutions to identify, combat and eradicate the illegal Fentanyl being smuggled across the United States Borders?
