SC SDE (Act 135) Assurances

Early Childhood Development and Academic Assistance Act (Act 135) Assurances (S.C. Code Ann §59-139-10 <i>et seq.</i> (Supp. 2004))	
Yes	Academic Assistance, PreK–3 The school makes special efforts to assist children in PreK–3 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).
Yes	Academic Assistance, Grades 4–12 The school makes special efforts to assist children in grades 4–12 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).
Yes	Parent Involvement The school encourages and assists parents in becoming more involved in their children’s education. Some examples of parental involvement initiatives include making special efforts to meet with parents at times more convenient for them; providing parents with their child’s individual test results and an interpretation of the results; providing parents with information on the district’s curriculum and assessment program; providing frequent, two way communication between home and school; providing parents an opportunity to participate on decision making groups; designating space in schools for parents to access educational resource materials; including parent involvement expectations as part of the principal’s and superintendent’s evaluations; and providing parents with information pertaining to expectations held for them by the school system, such as ensuring attendance and punctuality of their children.
Yes	Staff Development The school provides staff development training for teachers and administrators in the teaching techniques and strategies needed to implement the school/district plan for the improvement of student academic performance. The staff development program reflects requirements of Act 135, the EAA, and the National Staff Development Council’s revised Standards for Staff Development.

Yes	Technology The school integrates technology into professional development, curriculum development, and classroom instruction to improve teaching and learning.
Yes	Innovation The school uses innovation funds for innovative activities to improve student learning and accelerate the performance of all students.
Yes	Collaboration The school (regardless of the grades served) collaborates with health and human services agencies (e.g., county health departments, social services departments, mental health departments, First Steps, and the family court system).
Yes	Developmental Screening The school ensures that the young child receives all services necessary for growth and development. Instruments are used to assess physical, social, emotional, linguistic, and cognitive developmental levels. This program normally is appropriate at primary and elementary schools, although screening efforts could take place at any location.
N/A	Half-Day Child Development The school provides half-day child development programs for four-year-olds (some districts fund full-day programs). The programs usually function at primary and elementary schools. However, they may be housed at locations with other grade levels or completely separate from schools.
Yes	Developmentally Appropriate Curriculum for PreK–3 The school ensures that the scope and sequence of the curriculum for PreK–3 are appropriate for the maturation levels of students. Instructional practices accommodate individual differences in maturation level and take into account the student's social and cultural context.

Yes	<p>Parenting and Family Literacy</p> <p>The school provides a four component program that integrates all of the following activities: interactive literacy activities between parents and their children (Interactive Literacy Activities); training for parents regarding how to be the primary teachers for their children and how to be full partners in the education of their children (parenting skills for adults, parent education); parent literacy training that leads to economic self-sufficiency (adult education); and an age-appropriate education to prepare children for success in school and life experiences (early childhood education). Family Literacy is not grade specific, but is generally most appropriate for parents of children at the primary and elementary school levels and below as well as for secondary school students who are parents. Family Literacy program goals are to strengthen parental involvement in the learning process of preschool children ages birth through five years; to promote school readiness of preschool children; to offer parents special opportunities to improve their literacy skills and education; to provide parents a chance to recover from dropping out of school; and to identify potential developmental delays in preschool children by offering developmental screening.</p>
N/A	<p>Recruitment</p> <p>The district makes special and intensive efforts to recruit and give priority to serving those parents or guardians of children, ages birth through five years, who are considered at-risk of school failure. “At-risk children are defined as those whose school readiness is jeopardized by any of, but not limited to, the following personal or family situation(s): parent without a high school graduation or equivalency, poverty, limited English proficiency, significant developmental delays, instability or inadequate basic capacity within the home and/or family, poor health (physical, mental, emotional) and/or child abuse and neglect.</p>
N/A	<p>Coordination of Act 135 Initiatives with Other Federal, State, and District Programs</p> <p>The district ensures as much program effectiveness as possible by developing a district-wide/school-wide coordinated effort among all programs and funding. Act 135 initiatives are coordinated with programs such as Head Start, First Steps, Title I, and programs for students with disabilities.</p>

Action Plan

Our strategic plan is a working document that describes Fountain Inn Elementary and includes evidence of our work. It describes our goals, plans, needs assessment based on results, and achievements. The strategic plan also describes how we build and utilize our overall school plan for the purpose of increasing student learning.

All of our stakeholders have an investment in our success. Our students are learning academic, emotional and social skills so they can be well-rounded, successful citizens. The FIES staff work collaboratively in Professional Learning Communities to meet the needs of our diverse population. The families of our students provide unwavering support through ongoing communication and attendance in meetings. Our community as a whole cares about our school. This is evidenced by their attendance in community performances and willingness to share their time as guest readers, SIC members and mentors.

This portfolio reflects who we are and how we work collaboratively for continuous improvement as we help every child grow academically, socially and emotionally.

The Staff of Fountain Inn Elementary

Executive Summary

Student Achievement Summary

Academic goals drive our planning, schedules, and instruction. Our classroom teachers and support staff work collaboratively to ensure all students are learning at their fullest potential. After careful review of demographic data, survey questionnaire results, and student achievement data, an effective strategic plan for student achievement was created. Benchmarks were identified for monitoring gains in both reading and math so instructional adjustments could be made throughout the school year. Staff development activities, which include engagement strategies, building effective PLCs, and utilizing technology to increase rigor are all focused on increasing student achievement. The staff, Instructional Leadership Team, and SIC update the goals and objectives determined by the strengths and limitations of current data. Data is disaggregated, discussed, and priorities are established for the upcoming school year.

For the 2023-2024 school year, our school participated in SC READY testing in third through fifth grade. When looking at this data, 65% of students scored Met or Exemplary in English Language Arts and 65% of students scored Met or Exemplary in Math.

For the 2023-2024 school year, all fourth-grade students participated in SCPASS Science. In regards to the SCPASS test, 50.9% of all fourth-grade students scored Met or Exceeding on Science.

Continual Steps Taken to Continually Improve:

Fountain Inn Elementary School continues to enhance instruction through reflection of current practices and data analysis. The following have been identified as areas of growth:

- ❖ Working with our Special Education team to create a stronger model for delivery of services including inclusive and resource services for both academics and behavior.
- ❖ Continual development of effective PLCs, including the use of common assessments, common grading practices, and the use of effective instructional strategies in the classroom to meet the needs of all students.
- ❖ Staff development on strengthening our Project Based Learning focus including engagement, real-life

applications, student feedback, self-assessment, accountable talk and presentation skills.

- ❖ Under the new revision to the Read to Succeed Act, the State Department of Education is requiring LETRS training for all K4-3rd grade teachers who are certified in early childhood, elementary, and special education. In addition, all administrators, reading coaches, Instructional coaches, and reading interventionists will be required to complete the training. Our staff will work together during this training to implement new understanding.

Teacher and Administrator Quality Summary

According to the 2022-2023 state report card, 41.3% of our staff hold advanced degrees which is up from 39.8% in the previous year. 100% of classes are taught by highly qualified teachers. On the School Climate portion of the state report card, teacher perceptions of instructional focus, safety and working conditions at Fountain Inn Elementary were above the district and state.

All staff will continue to participate in ongoing, professional development for meeting our academic goals and creating an engaging, safe learning environment.

School Climate Summary

According to our teacher, student, and parent survey data from the 2022-2023 school report card, 100% of teachers, 88.4% of students and 94.1% of parents are satisfied with the learning environment. We will continue to seek ways to create a school culture that cultivates and celebrates student growth and learning. In regards to school-home relations, 100% of teachers and 92.9% of parents indicated they were satisfied. We will continue to work to improve communication, increase participation, and help parents be an integral part of their child's education.

Significant Challenges

One of our significant challenges from the past three years has continued to be reaching all abilities of the learning spectrum in the classroom. We strive to look for ways to lessen the gaps for our subgroups, as well as challenge our high-performing students.

In order to strive for 100% growth in our students, all teachers regularly meet with differentiated math and reading groups. Our staff is committed to strengthening collaboration between classroom teachers and support staff (ML, SPED, Intervention, Counseling, etc.). The need for this enhanced collaboration between classroom teachers and support staff can be found under the Student Progress section. Our overall percentage of student progress was less than the state and the district. As far as subgroups, our economically disadvantaged students have the largest discrepancy in their achievement. To address the barriers that often come with teaching children of poverty, staff will continue to focus on building relationships, teaching strategies for self-regulation and using data to identify specific skills that need to be retaught.

Awards and Accomplishments

During the 23-24 school year, our school was recognized as a Special Olympics Unified Champion School with a focus of building inclusion and an appreciation for diversity. Multiple teachers received Donors Choose grants including art projects such as mosaic tiles, clay and paint. Our STEAM lab teacher received a \$10,000 Pilot grant for robotics equipment and a 3D printer.

Our Junior Beta Club had several winners at the state convention including Black & White Photography, Songfest, Living Literature, Club Trading Pin, Solo Instrumentalist, Service Learning Board, Onsite Drawing, and Onsite Painting. Our new SPARKLE cheerleading club received the Spirit Award at the Fountain Inn Christmas Parade when over 150 students sang and danced while representing our school in the community. Several of our chorus members performed in the Spring Sing concert, which showcases the talents of over 500 elementary and middle school singers in a professionally directed performance in the Concert Hall of the Peace Center.K

Kimberly Byrd, one of our third grade teachers, was recognized for a district employee spotlight for her excellence in professionalism and academic achievement. FIES students showed positive growth on the ELA and Math SCReady test from Spring 22 to Spring 23.

School Profile

Fountain Inn Elementary and its Community:

Fountain Inn Elementary is a kindergarten through grade five public school built in 1998. It is one of fifty-two elementary schools in the School District of Greenville County. Fountain Inn Elementary is located in Fountain Inn, South Carolina. Fountain Inn Elementary serves a community of urban, rural, and agricultural areas. It has been fully accredited by the regional association and is a deregulated school. Originally built in 1939, the new facility was completed in 1998. There are forty-two classrooms, as well as two art rooms, 2 music rooms, science lab, gymnasium, and a media center. Twelve additional classrooms and a multi-purpose room were added during the spring of 2007.

Fountain Inn is now home to 965 (in-person) and 5 (virtual) students and 59 (in-person) and 0 (virtual) instructional staff members and 18 support staff members.

Fountain Inn Elementary has the following current combined (in-person and virtual) enrollment configuration by grade level:

Student Totals by Grade

Year 2023-2024	Grade	In-Person Students	Virtual Students	All Students
	K3	19	0	19
	K4	46	0	46
	K5	154	0	154
	01	152	1	153
	02	170	0	170
	03	156	0	156
	04	138	3	141
	05	130	1	131
2023 - 2024 Total		965	5	970

Our school population has increased over 100 students in the past year. It is imperative that we are aware of the ongoing changes throughout Fountain Inn as the town continues the revitalization process in an effort to impact our students and community.

Fountain Inn Community

The Fountain Inn Community reflects the growing national trend toward an increase in the number of single-parent families, families where both parents are working, or families where neither parent is working. This has been further compounded by the current economic conditions. According to the 2020 census for the Fountain Inn zip code of 29644, the city has a population of 10,416. The educational level of our community is quite diverse. Approximately 31.2% of the population only has a high school diploma or equivalent; 17.8% has some college, no degree; 12.4% has an Associate's degree and 26.2% of the population has a Bachelor's degree or higher. Approximately 20% of the population consists of single parent households. According to the 2020 Census, 12.2% of the households reported are living below the poverty level in Fountain Inn. This affects the quality of educational resources available to students in their homes.

Parental Involvement and Community Business Partners

School Improvement Council (SIC) meets monthly to review school decisions and policies and offer advice towards meeting our school goals. SIC includes the Principal, Assistant Principal, Assistant Administrator, two teachers, a PTA representative, two parents, and two community/ business members. The PTA Board meets monthly to discuss school improvement and projects for the school. The PTA Board includes the President & Vice- President, Treasurer, Secretary, Teacher Liaison, and Ways and Means Chair. Many in the business community have reached out to Fountain Inn Elementary for ways to help the school in meeting the needs of the students and teachers. They have offered incentives for both students and teachers as well as services to enhance the overall program.

School Leadership

ESSA regulations require states to post on their report cards information about teachers with emergency or provisional credentials. South Carolina does not award emergency or provisional credentials, thus that metric is not listed.

Fountain Inn Elementary is centrally located near numerous colleges and universities where continual educational programs are available and accessible. This accessibility provides teachers with the resources to enhance their professional knowledge, and continually upgrade their teaching throughout the year. Staff development programs are based on a review of data and survey results to determine the areas of instructional needs for our staff.

There are currently 56 female and 3 male teachers.

There are currently 49 Caucasian and 2 African-American teachers.

Additional personnel include 2 guidance, one secretary, two attendance clerks, six custodians, and six food services workers. Six bus drivers also provide services to students which include three regular education buses and three special education buses. Other support personnel available to assist in meeting the needs of Fountain Inn Elementary students include the district psychologist, mental health counselor, two speech pathologists, and 1.5 school nurses.

Counseling and Other Student Support Services

Students at Fountain Inn Elementary receive a high level of support services from an outstanding staff. Julie Bridges and Alexis Benham, our school counselors, provide a comprehensive, developmental guidance program for all students. Direct services include classroom guidance lessons, small group sessions, and individual counseling. As needed, the counselor provides crisis intervention for members of the school community. Indirect services include consultation with parents, teachers, and administrators. The program assists students’ growth in three major areas as defined by the state. They are: 1) Learning to learn (academic development), 2) Learning to work (career development), and 3) Learning to live (personal/social development).

Rain Bates, our school’s site-based Mental Health Counselor, works daily with our school to increase partnerships within our school and community that promote emotional health. Her position is funded by the S.C. Department of Mental Health and has a mission of identifying and intervening at early points in emotional disturbances and assisting parents, teachers, and counselors in developing comprehensive strategies for resolving these disturbances. School-based services include individual, family, and group counseling as well as crisis intervention and psychiatric consultation as needed. These programs are non-stigmatizing and easily accessible to children and their families in the Fountain Inn Community.

Safety, Cleanliness, and Adequacy of School Facilities

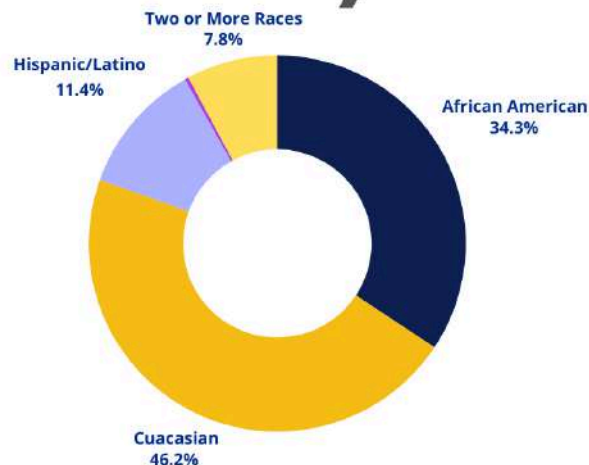

Fountain Inn Elementary and the district are both committed to having a safe and clean environment for learning. At the site level, there is an emergency preparedness plan. Regular fire and emergency drills are held. Planning for various potential emergencies is done in coordination with regional agencies, with the district, and school plans stressing student safety first. Safety Patrol, originally sponsored by the police department, is now coordinated and supervised by adults in our building.

Specific safety concerns regarding buildings and grounds at the school site are handled by both the maintenance department and site custodians or utility workers assigned to site duties. Our professional staff includes one plant engineer and five custodians who perform basic cleaning operations in every classroom every day.

Fountain Inn Elementary Students:

The total enrollment of Fountain Inn Elementary School is 970. At present, the student enrollment at Fountain Inn Elementary is composed of 11.4 percent Hispanic, 46.2 percent Caucasian, 34.3 percent African-American, 7.8 percent two or more races, and 0.3 percent “Other”, as shown in the pie chart below. The population served by Fountain Inn Elementary has remained consistent with no significant shifts in demographics of ethnic groups over the past years.

Enrollment by Ethnicity

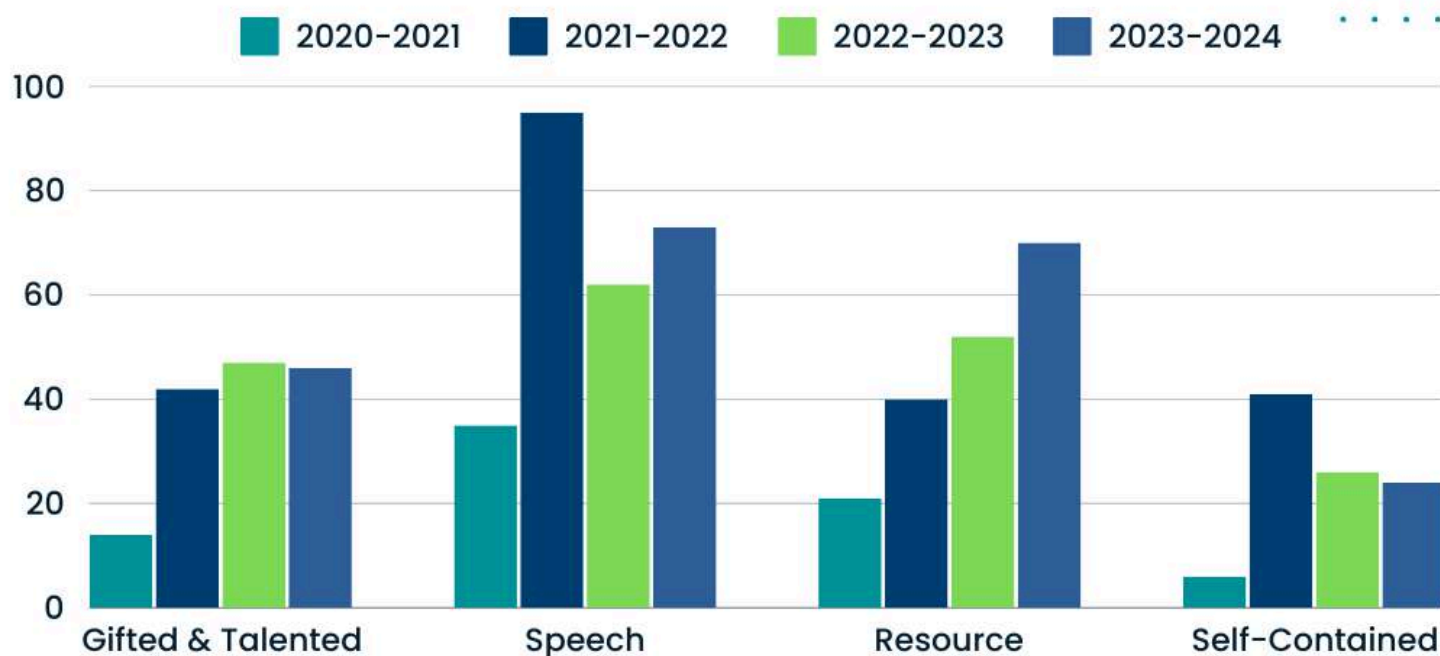

The Pupils in Poverty Index (PIP) for Fountain Inn Elementary is currently 68.7%. The PIP Index over time can be viewed in the infographic below.

The student population is composed of students with 10 home languages with 66 students served through ESOL services. These languages, in order of student enrollment, are English, Spanish, Arabic, Cree, Gujarati, Portuguese, Pohnpeian, Hebrew, Filipino, and Hmong. Fountain Inn Elementary has several funded programs which focus on helping “at risk” students and the special needs of all students. This assistance is provided by having specialized instruction during the school day.

Fountain Inn Elementary has identified 28.4% of its population this year as special needs students. There are 42 gifted and talented programs, 41 students assigned to self-contained special education classes, 40 students in special education resource classes, and 95 speech students. There are 27 students on a 504 plan.

SPECIAL AREA STUDENT POPULATION

Fountain Inn Elementary Academic and Behavior Features:

Fountain Inn Elementary School offers a variety of academic programs and accommodations to meet student needs. Data is utilized to determine needs of students and effectiveness of models.

Measures of Academic Progress (MAP) - The Measures of Academic Progress (MAP) test is an additional resource for assessment in Greenville County. This computerized system of testing was administered once this year to all Greenville County Schools in first and second grade students in both reading and mathematics. MAP correlates with national and state curriculum standards, and is nationally norm- referenced. The difficulty of each test item adjusts to each individual student's performance, meaning if a student answers a question correctly, the next question will be more difficult and vice-versa. After a student completes a test, the program reports the student's equal-interval RIT score. MAP results are regularly being used in the schools as one of several data sources for curriculum decisions, student placement, and parent conferences. As MAP testing continues, the results will increasingly be used to help assess students' academic achievement and in district planning.

OnTrack - The OnTrack Team, chaired by our Intervention Specialist, meets weekly to address students with learning problems not resolved by classroom accommodations. Members may refer students for possible psychological evaluations. The purpose of this team is to explore interventions and strategies to put into place for the purpose of serving student's individual needs. If students qualify based on the psychological testing provided by our district, students will then enter into the inclusive resource program or self-contained resource program.

Reading Intervention - Reading instruction is supported in kindergarten through 5th grade with reading intervention utilizing three positions: two full-time RTI, one full-time Literacy Specialist, and one part-time RTI Teacher. All kindergarten through 5th grade students are screened three times a year with FASTbridge. Students who score in the high-risk area are targeted and provided with 30 additional minutes of reading intervention at least four times per week. High-risk kindergarten students are supported through small group intervention using Fountas and Pinnell's Leveled Literacy Intervention (LLI) orange literacy system. The lowest performing first graders receive support through Reading Recovery one-to-one intervention. The remaining first grade high-risk students receive small group instruction with the LLI green literacy system. Second and third grade students who have been identified as high risk receive small group instruction using the LLI blue literacy system. Fourth and fifth grade high-risk students receive small group instruction using the LLI red literacy system. Student progress is monitored through running records and FASTbridge every 2-3 weeks throughout the school year.

Fountas & Pinnell - All teachers have been trained to implement the Balanced Literacy Language Arts model in the classroom. This program measures proficiency in reading and promotes small group instruction. The Fountas and Pinnell Benchmark Assessment System is used to evaluate reading progression as students increase their reading achievement. A measurement is taken three times a year. All staff have successfully implemented the Fountas and Pinnell leveled reading groups within their classrooms. Teachers regularly meet with leveled reading groups to meet individual student's reading needs.

Math Intervention – We added a full-time Math Interventionist for the 2021-2022 school year to serve students in third through fifth grades using Bridges Intervention Kit. Students are selected for Math Intervention based on their SCReady Scores, TE21 Benchmark Scores, and classroom assessments with teacher input. Students are progress monitored every 10 lessons and data analyzed for their instruction.

Technology Integration - Instructional staff members (Kindergarten through fifth grade) are trained to utilize ActivPanels, Laptops, Chromebooks, and Hues to incorporate technology into daily instructional delivery and student engagement. Our staff has also participated in a series of Google Apps for Education training, Discovery Ed training, as well as other technology tools to assist with effectively utilizing Google Chromebooks to support and extend student learning. We began implementing Personalized Learning with Chromebooks in grades 3-5 during the 2017-2018 school year. The 2020 school year introduced PLD to all students in grades K4-5th grade.

STEAM – We are striving to become a STEAM school. Our staff has participated in a series of professional development opportunities to effectively implement PBL practices. We continue to provide ongoing staff development to assist with effectively implementing STEAM strategies and practices to support and extend student learning. A team of staff members is scheduled to train with the Buck Institute June 27-July 1, 2022. We also added a full-time STEAM Lab this year on the Related Arts Wheel.

Data Tracking - We continue to provide staff development focused on instruction strategies and best practices to implement within the classroom. As a school, we are tracking students' progress in setting goals for Fountas and Pinnell reading levels, TE21 District Benchmark assessments, MasteryConnect formative assessments, FastBridge, and common formative assessments.

PLC (Professional Learning Community) - We continue to provide ongoing staff development for maintaining ourselves as a strong Professional Learning Community. Over the past years as a PLC, we have participated in numerous book studies, addressed issues pertaining to professionalism, developed common grade-level assessments, and utilized a consistent grading system for our school.

After-School Activities – Fountain Inn Elementary supports after-school programs that service many of the students attending the school. These programs include: Good News Club, Junior Beta Club, Safety Patrol, Chorus, Art Club, Run Hard Club, and the After-Care Program. FIKE is also a local free after-school and mentoring center for our students in the community of Fountain Inn.

Classroom Discipline/Learning - Fountain Inn Elementary provides a disciplined, but stimulating, learning climate for students. This climate for learning is enhanced with parental involvement. Parents are encouraged to become involved in school communities and councils, to help with homework, and to encourage and honor their child's successes. Daily instruction directly aligns with our state academic standards and district curriculum support.

Student discipline is the responsibility of all Fountain Inn Elementary staff members. A major goal is to provide a positive climate for learning in order to assure student achievement, enhance self-esteem, and develop positive social behaviors. To reach this goal, Fountain Inn Elementary offers many opportunities for student participation and recognition. Our school's Positive Behavior Intervention Support (PBIS) strategies assist us in promoting positive behaviors and minimizing negative outcomes.

At Fountain Inn Elementary our positive behavior theme, "Let Your Light Shine Bright!" or "SHINE," stands for **S**how Respect, **H**old Yourself Accountable, **I**nspire Others, **N**ever Give Up, and **E**veryday Good Choices. Expectations are clear throughout the school and home. School rules and consequences are posted in every room and additional areas throughout the school. Students are rewarded for following the "SHINE" acronym individually and as a class. Students are encouraged and expected to maintain appropriate behavior at all times because disruptions interfere with learning. Student handbooks and other information about school and classroom rules are distributed and discussed on a regular basis.

School Climate Needs Assessment

SCHOOL PERCEPTIONS

The survey data below is recorded from the Annual School Report Card from the State of South Carolina. Evaluations are presented from teachers, third-fifth grade students, and all parents. School climate is recognized as a significant factor related to student achievement. Survey results from the 2022-2023 school year are included below.

Survey Data from the Annual Report Card Survey – Teachers					
	2019	2020	2021	2022	2023
Satisfied with learning environment	98.4	N/A for this year	100	100	100
Satisfied with social and physical environment	95.4		100	100	98.1
Satisfied with home-school relations	92.2		97.3	N/A	100
Survey Data from the Annual Report Card Survey – Students					
	2019	2020	2021	2022	2023
Satisfied with learning environment	91.4	N/A for this year	96.4	93.9	88.4
Satisfied with social and physical environment	93.3		94.6	89.9	88
Satisfied with home-school relations	84.7		90.9	93.5	89.9
Survey Data from the Annual Report Card Survey – Parents					
	2019	2020	2021	2022	2023
Satisfied with learning environment	88.4	N/A for this year	94.7	90	94.1
Satisfied with social and physical environment	96.2		87.3	90	90.6
Satisfied with home-school relations	70		90.9	82.6	92.9

According to our 2023 results, the staff rated satisfaction with the social and physical environment slightly lower. Student ratings decreased slightly in all areas while parent ratings increased. As a result of these findings, our school will continue to explore and enhance strategies to improve and increase communication and involvement with our parents and community.

Of our school's 970 students, 88.33% of their families have created a Greenville County Schools Backpack account. This is the primary resource for sharing student information with parents, including absences, behavior information, and grades.

Our school goal is conferences with 100% of our students' parents over the course of the year. We have achieved this goal each year. In addition, we are working toward making sure 100% of our parents are

connected to Greenville County's Backpack system. This program allows the school to share grades, attendance, behavior, and announcement information with parents. This program also allows us to maintain up to date contact information for families. As of the 2023-24 school year, 88.3% of our students' families are connected.

Since the COVID-19 pandemic, absenteeism has become a special focus in most schools. The state of South Carolina defines chronic absenteeism as any student who misses 50% or more of the school day for more than 10 days. For the 2022-23 school year, we have a chronic absenteeism rate of 16.7%. This was down from 19.8% for the 2021-22 school year (as reported on the SC Report Card).

Improving student behavior is another important goal for our school. In the 2022-23 school year, 4.5% of our students had at least one disciplinary referral to the office. Of those students, 39.5% of them had two or more referrals.

Promote school readiness activities in public, private, and faith-based preschool programs through GCS web-based resources and CDC training opportunities. b. Promote school readiness activities with parents and community through GCCS web-based resources. c. Maintain the increased classroom enrollment sizes of 23 students per 4K classroom instead of 20, which was approved by the SCDE in 2016. By adding three students to each class, GCS has been able to increase the number of at-risk students served by 15% annually without any additional funding (the equivalent of adding 11 classrooms) or requirement for facilities. Adding this very small number of students has not impacted program quality or instructional implementation, as evidenced by KRA readiness data.	2024-2025	<ul style="list-style-type: none"> Director of Early Intervention and Student Support 	NA	NA	Waiver

Each 4K class includes one early childhood certified teacher and one instructional aide, both of whom receive annual training specific to high quality early childhood programming. The increase of classroom size from 20 to 23 is well under the SDE 5K maximum class size of 30 and is lower than the GCS maximum 5K class size of 26. In addition, the SC Child Care Licensing Standards have an even higher staffing ratio of one adult for 17 children.
