**Length of Course: Full Year**  
**Curriculum**

**Course Description:**

French 1 focuses on student development of communicative proficiency and cultural understanding. The objective of this course is for students to use French appropriately in culturally authentic situations. Theme-based work provides interesting and real-life opportunities for students to practice the skills necessary to develop novice proficiencies in interpretive, interpersonal, and presentational language skills.

**Unit 1: Getting Acquainted “Faisons Connaissance”**

**Standard 7.1 World Languages**

All students will be able to use a world language in addition to English to engage in meaningful conversation, to understand and interpret spoken and written language, and to present information, concepts, and ideas, while also gaining an understanding of the perspectives of other cultures. Through language study, they will make connections with other content areas, compare the language and culture studied with their own, and participate in home and global communities.

**Big Ideas:** *Course Objectives / Content Statement(s)*

Language acquisition involves an integration of communication, culture and community. An initial development of language begins with the communication of self and how to engage in conversation with others in French.

Exploring cultural greetings and sharing basic information about oneself - such as name, age, where one is from, sets the foundation for language acquisition.

**Essential Questions**

*What provocative questions will foster inquiry, understanding, and transfer of learning?*

1. Why learn another language?
2. Who speaks French and where do they live?
3. What are my motivations to learn another language?
4. What are “language patterns” and how can they help me learn and use a new

**Enduring Understandings**

*What will students understand about the big ideas?*

- Students will understand that...
- French is spoken in many different countries including 41 nations and 4 continents as a diplomatic or official language.
  - Full immersion is essential for language acquisition.

language?

5. How does language change in different situations?

- Knowledge of other languages including Spanish can be used as a bridge in the development and acquisition of French.
- Greeting, naming and basic social interactions are similar in French and in English, but also differ in vocabulary register(formal/informal) and social cues that are an important part of effective communication.

### Unit 4: My daily activities - “ Mes activités”

#### **Standard 7.1 World Languages**

All students will be able to use a world language in addition to English to engage in meaningful conversation, to understand and interpret spoken and written language, and to present information, concepts, and ideas, while also gaining an understanding of the perspectives of other cultures. Through language study, they will make connections with other content areas, compare the language and culture studied with their own, and participate in home and global communities.

**Big Ideas:** *Course Objectives / Content Statement(s):*

**In this unit, students will compare a typical day for a teenager in France and other French-speaking countries to what they are accustomed to. They will learn about some unique French sports/games and what sports are most popular. Students will learn to talk about their daily activities, express likes and dislikes and extend and respond to invitations.**

#### **Essential Questions**

*What provocative questions will foster inquiry, understanding, and transfer of learning?*

1. What are daily lives like for teenagers in different parts of the world?
2. What is the impact of sports and music in the lives of teenagers?
3. What is the impact of sports, games and music on society as a whole?
4. How are cultural perspectives reflected in a culture's social practices?

#### **Enduring Understandings**

*What will students understand about the big ideas?*

Students will understand that...

- While aspirations and lives of teenagers around the world may be very different for socio-economical reasons, global digital communication has certainly narrowed that gap.
- Sports and music are beneficial and enrich teenagers' lives in many ways (positive impact on mental and physical health, hobbies that keep away from “trouble”, allows them to make friends and be active in the community...etc.).
- People are much more likely to be fully engaged and dedicated to a hobby if they enjoy it and it is not forced on them.
- Many daily activities are not entertaining or fun but they are a necessary part of life. Each member of the family and society needs to participate in various duties that are and beneficial to the community.

	<ul style="list-style-type: none"> <li>● Sports, games and music are an important part of a country's culture, particularly popular culture (Example: the last Men's soccer World Cup, where the French team took the trophy home, was a great moment of euphoria and unity in the whole country, in a difficult time where social gaps and intolerance were a concern).</li> <li>● Cultural perspectives are gained by the language and through experiences and exposure to its practices.</li> </ul>

## Unit 5: My home and my community - “Ma maison et ma communauté”

### **Standard 7.1 World Languages**

All students will be able to use a world language in addition to English to engage in meaningful conversation, to understand and interpret spoken and written language, and to present information, concepts, and ideas, while also gaining an understanding of the perspectives of other cultures. Through language study, they will make connections with other content areas, compare the language and culture studied with their own, and participate in home and global communities.

**Big Ideas:** *Course Objectives / Content Statement(s):*

**In this unit students will learn about the different types of housing typically found in France and other French-speaking regions and countries. They will describe their town and places of interest and compare it to a typical French town. They will ask for and give directions. They will describe their house/ apartment. They will discuss future plans and say where they are going to go and what they are going to do there, and say where they recently went/ came from. They will also be able to order food or drinks and pay for the bill (with Euros) at a café and they will know the significance of the café in French culture.**

<b>Essential Questions</b> <i>What provocative questions will foster inquiry, understanding, and transfer of learning?</i>	<b>Enduring Understandings</b> <i>What will students understand about the big ideas?</i>
<ol style="list-style-type: none"> <li>1. How does our home reveal our need, expectations and our social, economical, historical and geographical conditions?</li> <li>2. How does the structure of a town affect its sense of community?</li> <li>3. What are the typical places in a French town and what are their accompanying activities?</li> <li>4. In what ways are businesses and shops different in France vs. the US?</li> <li>5. What is French restaurant dialogue and protocol?</li> </ol>	<p>Students will understand that...</p> <ul style="list-style-type: none"> <li>• The types of homes found in different places in the world reflects people’s various needs, expectations and life conditions.</li> <li>• The way the town is structured may strengthen or weaken the sense of community.</li> <li>• French towns, constructed around a plaza with various small shops and eateries surrounding the plaza, are the center of many interesting weekend and evening activities.</li> <li>• In France, people tend to shop more (than people in the U.S.) at specialty shops or at the local market, where they take the time to explore unique products.</li> <li>• The ways our homes and towns/cities are structured reflect</li> </ul>

	<p>our history, culture and environmental constraints.</p> <ul style="list-style-type: none"> <li>French restaurant dialogue and protocol is much more formalized than its American counterpart.</li> </ul>

## Curricular Addendum

### **Career-Ready Practices**

**CRP1:** Act as a responsible and contributing citizen and employee.

**CRP2:** Apply appropriate academic and technical skills.

**CRP3:** Attend to personal health and financial well-being.

**CRP4:** Communicate clearly and effectively and with reason.

**CRP5:** Consider the environmental, social and economic impacts of decisions.

**CRP6:** Demonstrate creativity and innovation.

**CRP7:** Employ valid and reliable research strategies.

**CRP8:** Utilize critical thinking to make sense of problems and persevere in solving them.

**CRP9:** Model integrity, ethical leadership and effective management.

**CRP10:** Plan education and career paths aligned to personal goals.

**CRP11:** Use technology to enhance productivity.

**CRP12:** Work productively in teams while using cultural global competence.

### **Interdisciplinary Connections**

- Close Reading of works of art, music lyrics, videos, and advertisements
- Use [Standards for Mathematical Practice](#) and [Cross-Cutting Concepts](#) in science to support debate/inquiry across thinking processes

### **Technology Integration**

#### Ongoing:

- Listen to books on CDs, Playaways, videos, or podcasts if available.
- Use document camera or overhead projector for shared reading of texts.

#### Other:

- Use Microsoft Word, Inspiration, or SmartBoard Notebook software to write the words from their word sorts.
- Use available technology to create concept maps of unit learning.

### Instructional Strategies: Supports for English Language Learners:

Sensory Supports	Graphic Supports	Interactive Supports
Real-life objects (realia)	Charts	In pairs or partners
Manipulatives	Graphic organizers	In triads or small groups
Pictures & photographs	Tables	In a whole group
Illustrations, diagrams, & drawings	Graphs	Using cooperative group structures
Magazines & newspapers	Timelines	With the Internet (websites) or software programs
Physical activities	Number lines	In the home language
Videos & films		With mentors
Broadcasts		
Models & figures
