### **Career Readiness, Life Literacies and Key Skills**

<b>Standard</b>	<b>Performance Expectations</b>	<b>Core Ideas</b>
9.2.12.CAP.3	Investigate how continuing education contributes to one's career and personal growth.	There are strategies to improve one's professional value and marketability.
9.2.12.CAP.5	Assess and modify a personal plan to support current interests and postsecondary plans.	Career planning requires purposeful planning based on research, self-knowledge, and informed choices.
9.4.12.CI.1	Demonstrate the ability to reflect, analyze, and use creative skills and ideas (e.g., 1.1.12prof.CR3a).	With a growth mindset, failure is an important part of success.

## French I

9.4.12.CI.2	Identify career pathways that highlight personal talents, skills, and abilities (e.g., 1.4.12prof.CR2b, 2.2.12.LF.8).	Innovative ideas or innovation can lead to career opportunities. Collaboration with individuals with diverse experiences can aid in the problem-solving process, particularly for global issues where diverse solutions are needed.
9.4.12.CT.2	Explain the potential benefits of collaborating to enhance critical thinking and problem solving (e.g., 1.3E.12profCR3.a).	
9.4.12.DC.7	Evaluate the influence of digital communities on the nature, content and responsibilities of careers, and other aspects of society (e.g., 6.1.12.CivicsPD.16.a).	Digital communities influence many aspects of society, especially the workforce. The increased connectivity between people in different cultures and different career fields have changed the nature, content, and responsibilities of many careers.
9.4.12.GCA.1	Collaborate with individuals to analyze a variety of potential solutions to climate change effects and determine why some solutions (e.g., political, economic, cultural) may work better than others (e.g., SL.11-12.1., HS-ETS1-1, HS-ETS1-2, HS-ETS1-4, 6.3.12.GeoGI.1, 7.1.IH.IPERS.6, 7.1.IL.IPERS.7, 8.2.12.ETW.3).	Solutions to the problems faced by a global society require the contribution of individuals with different points of view and experiences.
9.4.12.TL.1	Assess digital tools based on features such as accessibility options, capacities, and utility for accomplishing a specified task (e.g., W.11-12.6.).	Digital tools differ in features, capacities, and styles. Knowledge of different digital tools is helpful in selecting the best tool for a given task.
9.4.12.TL.3	Analyze the effectiveness of the process and quality of collaborative environments.	Collaborative digital tools can be used to access, record and share different viewpoints and to collect and tabulate the views of groups of people
9.4.12.TL.4	Collaborate in online learning communities or social networks or virtual worlds to analyze and propose a resolution to a real-world problem (e.g., 7.1.AL.IPERS.6).

## Interdisciplinary Connections:

- Simple addition, subtraction, multiplication, and division equations
- History of Paris and the ancient Roman city of Lutece and the Catacombs
- History of the French language
- French proverbs and idiomatic expressions and their English counterparts
- Identification of nouns, verbs, and subject pronouns
- Study of the contributions of the French in history in different domains (art, music, technology, science, fashion, etc.)
- Cognates
- Gastronomy of regional dishes
- History of French-speaking places in the world
- Study of different places in Paris Ile-de-France region including historical sites
- Geography: locating France and other francophone places in the world on a map

## Stage 2: Assessment Evidence

### Performance Task(s):

- Create and present a brief skit/exchange with several classmates based on an introduction scenario
- Conduct a survey among 8-10 classmates to find out how they are doing today, write down their responses in a table and report the overall mood of the class.
- Identify and write a 10 digit French telephone number spoken by the teacher

### Other Evidence:

- Throughout the unit, the teacher will assess student pronunciation and vocabulary comprehension at both the group and individual level.
- Throughout the TPR lessons the teacher can assess student understanding by having the students physically respond to teacher prompts given in French.
- Daily checking, correction and grading of student homework

### Central Idea/Enduring Understanding:

Students are to gain an introduction to vocabulary related to sports, activities, and hobbies. They will learn how to express their own likes and dislikes and ask others about their preferences. Students will learn how to express how often and how well they do certain activities and where they do them. They will learn how to talk about their daily routine. Students will be introduced to definite articles and learn when to employ them. They will also learn which nouns have irregular plural forms and what they are. They will learn a number of regular -er verbs and how to conjugate them in the present tense as well as a few irregular verbs. Students will learn about music in France and other Francophone places in the world and how to identify different genres of music in French. Students are to gain an introduction to vocabulary related to different subjects they and others study at school and school supplies there are and that they might need. They will learn how to ask about classes and give opinions in addition to learning how to tell time and ask at what time things occur. They will continue to learn about adjective agreement and how to show correct agreement with regular and irregular adjectives regarding the

### Essential/Guiding Question:

- Telling time using the 24-hour system of time
- Compare and contrast student government in France and the United States
- Compare and contrast the educational system in France, Quebec, and the United States
- Learning about the origin of the French calendar and the origin of the holiday April Fool's Day
- Learning about the Euro, its history, and conversion to American dollars
- Written story in French based on storyboard
- Learning numbers 0-1000 and solving equations
- Learning French proverbs and their equivalent in English

## Stage 2: Assessment Evidence

### Performance Task(s):

- Create a cognate poster to build vocabulary depicting cognates and their associated word in French
- Create and present a brief skit/exchange with a partner asking them 3 things he/she likes and for each activity express how you feel about it as well by agreeing or disagreeing.
- Listening activity listening to a conversation and deciding if the statements demonstrate that the person agrees or disagrees with the expressed opinions
- Based on a brochure you received from a store in the mall, with a classmate take turns commenting on what items you like or dislike
- Listen to the rap song "Qu'est-ce que tu aimes faire?" and answer the question by adding an additional stanza of four lines to the song adding what you like to do in your free time
- Correctly fill in the blanks of a pen pal letter incorporating the correct form of the definite article
- Draw pictures on a personal whiteboard based on teacher descriptions.
- Act out a traditional French dance
- Students will watch selected music videos in the target culture and language and will complete a survey citing the musical genre and a sentence expressing their opinion
- Complete a survey of your classmate's activities. What do they like, love or dislike and record the answers in a chart and present the results of the survey in the form of a graph or pie chart to the class.
- Read a letter from a pen pal, answer questions about the letter, and write a response to the letter
- Write a cinquain poetry employing nouns, verbs, and the expression of preferences

### Other Evidence:

- Throughout the unit, the teacher will assess student pronunciation and vocabulary comprehension at both the group and individual level.
- Throughout the TPR lessons the teacher can assess student understanding by having the students physically respond to teacher prompts given in French.
- Daily checking, correction and grading of student homework
- Weekly quiz (listening, written or spoken) for concepts presented that week
- Unit 2 Exam (assesses listening, speaking, reading & writing proficiency for concepts introduced in this unit)

## French I

- Brainstorm 10 different things and then take turns with a classmate telling whether you like or dislike the items
- Complete listening activity to pair up the conversation with an image of the activity and preferences being expressed
- Create a brief dialogue/exchange greeting someone, asking how they are, their age, what they like to do in their free time, how often, how well they do it
- Create and present a GOOGLE slideshow highlighting likes, dislikes, and preferences
- Decide whether statements made in French using the new vocabulary are true/false or logical/illogical
- Complete true/false/completion/open-ended questions about TPR story
- Write a story employing vocabulary we learned to retell the TPR story and recount to classmates and teacher in target language
- Provide the correct ending for verbs in a sentence based on the subject.
- Create a storyboard depicting your daily routine with the accompanying description in French
- Draw pictures of individual vocabulary terms or statements based on an oral description.
- Respond to written questions about yourself and share in writing and orally
- Repeat terms or phrases aloud to gain an introduction to pronunciation.  
Identify Ile-de-France on a map and complete Geo-quiz activities regarding its gastronomy, geography, history, and leisure-time activities
- Creation of a school schedule
- Decide whether basic statements made in French using the newly acquired vocabulary are true or false; logical or illogical.
- Draw pictures of individual vocabulary terms or statements based on an oral description.
- Repeat terms or phrases out loud to gain an introduction to pronunciation.
- Listening activity to determine at what time of day people have a particular class
- Based on a provided French school schedule, answer comprehension questions

9.4.12.CI.1	Demonstrate the ability to reflect, analyze, and use creative skills and ideas (e.g., 1.1.12prof.CR3a).	With a growth mindset, failure is an important part of success.
9.4.12.CT.2	Explain the potential benefits of collaborating to enhance critical thinking and problem solving (e.g., 1.3E.12profCR3.a).	Innovative ideas or innovation can lead to career opportunities. Collaboration with individuals with diverse experiences can aid in the problem-solving process, particularly for global issues where diverse solutions are needed.
9.4.12.TL.3	Analyze the effectiveness of the process and quality of collaborative environments.	Collaborative digital tools can be used to access, record and share different viewpoints and to collect and tabulate the views of groups of people
9.4.12.TL.4	Collaborate in online learning communities or social networks or virtual worlds to analyze and propose a resolution to a real-world problem (e.g., 7.1.AL.IPERS.6).	
<b><u>Central Idea/Enduring Understanding:</u></b> Students are to gain an introduction to vocabulary related to describing themselves and others (both physical and personality traits), their family and pets as well as relationships between people. They will learn to discuss their family members and what they like to do in their free time and ask about someone else's family members. Students will learn how to ask someone's opinion as well as expressing their own opinion. They will learn about adjective agreement and how to show correct agreement with regular and irregular adjectives depending on who or what they are describing. Students will learn about the family in France and will compare and contrast marriage customs in the United States and France and other French-speaking places in the world. They will also explore the province of Quebec and learn about its geography, gastronomy, sports, festivals, places of interest and rich history. They will learn how to talk about occupations and discuss their dream occupation.		<b><u>Essential/Guiding Question:</u></b> <ul style="list-style-type: none"> <li>• How do culture, history, and geography affect the food, celebrations, sports, and other leisure time activities of a place?</li> <li>• How do culture, geography, and history affect life at home?</li> <li>• How do culture and geography influence one's interests?</li> <li>• Where is the province of Quebec located and what are some interesting facts about its geography, history, gastronomy, popular sports and leisure time activities, and celebrations?</li> <li>• How do we identify parts of the body?</li> <li>• How do we ask about and describe others?</li> <li>• How do we ask for and give opinions about people and things?</li> <li>• How do we identify family members and pets?</li> <li>• How do we ask about someone else's family and pets?</li> <li>• Why and how do we show correct adjective agreement in French?</li> <li>• What are the different patterns of adjectives in French?</li> <li>• In French, we don't use contractions such as "Jennifer's book". ## Interdisciplinary Connections:

- Ability to Locate the Province of Quebec on a map
- Study of places of interest in Quebec and important monuments
- Study of the history of Quebec
- Comparison and contrast between marriage customs and family in France and the United States
- Study of French poem about family
- Identification of parts of the body
- Creation of unique stanza of poem
- Writing a story in French based on prompts

## Stage 2: Assessment Evidence

### Performance Task(s):

- Decide whether basic statements made in French using the newly acquired vocabulary are true or false; logical or illogical.
- Draw pictures of individual vocabulary terms or statements based on an oral description.
- Repeat terms or phrases out loud to gain an introduction to pronunciation.
- Create a family tree and describe relationships between family members
- Play Jacques a dit (Simon says) to identify body parts
- Play post-it game to identify parts of the body and face
- Play the game "Guess Who" in French
- Read a description of a cartoon character on a website and answer the corresponding comprehension questions
- Conduct interview of classmates about their families
- Create a poster describing your family
- Create a word cloud describing yourself
- Complete a Venn Diagram comparing and contrasting the family and marriage customs in France/French-speaking places in the world and the United States
- Pair/Share describing your best friend or ideal friend
- Listening activity to match adjective to the correct image
- Play Headbanz game describing people and guessing the identity of the person being described
- Create a family coat of arms
- Read the poem "Toute la Famille" de Pierre Lozere, answer the corresponding comprehension questions, recite the poem and add lines about your or your family's daily routine

### Other Evidence:

- Throughout the unit, the teacher will assess student pronunciation and vocabulary comprehension at both the group and individual level.
- Throughout the TPR lessons the teacher can assess student understanding by having the students physically respond to teacher prompts given in French.
- Daily checking, correction and grading of student homework
- Weekly quiz (listening, written or spoken) for concepts presented that week
- Unit 3 Exam (assesses listening, speaking, reading & writing proficiency for concepts introduced in this unit)

# French I

- Write an email to a penpal describing yourself
- Create and present a brief skit/exchange with a partner asking them about their cousin who is coming to visit and what he/she is like
- Listen to the rap song “Comment est-il?” and write one description you heard for each of the family members you picked
- Complete true/false/completion/open-ended questions about TPR story
- Write a story employing vocabulary we learned to retell the TPR story and recount to classmates and teacher in target language
- Respond to written questions about yourself and share in writing and orally
- Identify the province of Quebec on a map and complete Geo-quiz activities regarding its gastronomy, geography, history, and leisure-time activities
- Creation of family photo album and description as presentation

## Stage 3: Learning Plan

### Learning Opportunities/Strategies:

- Students physically perform actions and manipulate items as prompted in French by the teacher.
- White board drawings based on descriptions
- Simon Says game parts of the body
- Post it game identifying parts of the body
- Quia flashcards/Photo Flashcards
- Play Guess Who?
- Play Headbanz
- TPR story retells
- Partner Info Gap
- Pair/Share
- Pair/Share record
- Write and present dialogue based on rubric
- Finger swat game for adjectives
- LOTO (Bingo)
- Class survey activity
- Creation of family tree
- Creation of family crest
- Word Cloud
- Partner Interview
- Quizizz
- Kahoot review and competition
- Edpuzzle
- Inner/outer circle
