FSA ID
noun.

An FSA ID is simply a username and password combination, which can be used to securely log in to U.S. Department of Education websites like fafsa.gov. If you plan to fill out the FAFSA when it becomes available in October, you (and your parent if you're a dependent student) should create an FSA ID ASAP.

Create FSA IDs at:

Every senior applying for financial aid (FAFSA) needs to CREATE an FSA ID, and at least ONE parent also needs to create their own, separate account.

Use **FAFSA's *Parent Wizard tool*** to find out which parent(s) need an FSA ID:
