

iFunFace App

Overview

With [iFunFace App](#) you can create a talking "head." You take or upload a picture, select the head by painting the head area and record a short saying or quote. Imagine if William Shakespeare came to life quoting one of his famous sonnets.

Content Area/Grade Level

Elementary School, Middle School, High School social studies, English/language arts

Lesson Ideas

- Talking historical figure
- Famous author quoting his/her work
- Talking famous art piece (i.e. Mona Lisa)
- Talking self-portrait

Tips

This app is very simple and will upload to camera roll or can be emailed. It may be placed in iMovie as a part of a longer presentation. There will be a pop up asking if you want to purchase the bundle, click no and continue on.
