

STAFF ETHICS/EMPLOYEE CONFLICT OF INTEREST

All employees of the District are expected to maintain high standards in their conduct both on and off duty. District Employees are responsible for providing leadership in the school and community. This responsibility requires the employee to maintain standards of exemplary conduct. To these ends, the Board adopts the following statements of standards. District Employees will adhere to the standards enunciated in this Policy in the decision-making process involving their interactions with students, the school community, colleagues, parents and the public.

A. Adoption and Incorporation of Standards of Code of Ethics for New Hampshire Educators.

The Board incorporates by reference and adopts as independent ethical standards relative to employment in the District, the provisions of the New Hampshire Code of Ethics for New Hampshire Educators (the “NH Code of Ethics”), as the same may be amended by the State from time to time.

B. Additional Ethical Standards.

In addition to the ethical standards set forth in the New Hampshire Code of Ethics, and without limiting the application thereof to District employment, all employees will:

- Make the wellbeing of students a fundamental value of all decision-making and actions.
- Maintain just, courteous, and proper relationships with students, parents, staff members, and others.
- Fulfill their job responsibilities with honesty and integrity.
- When reporting concerns about other staff members, do so in a manner that is aimed at improving the District and respectful of the chain of command.
- Obey all local, state, and national laws.
- Avoid using position for personal gain through political, social, religious, economic, or other influence.

An employee speaking or writing as a citizen, should be free from institutional censorship or discipline, but their special position in the community carries special obligations. The employee should remember that the public may judge the profession and institution by their utterances. Hence the employee should, at all times within the confines of academic freedom, be accurate, exercise appropriate restraint, show respect for the opinion of others, and make every effort to indicate that they are not an institutional spokesperson.
